POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (FEB 2026) (DEVIATION 2026-O0038)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

Evaluation - Commercial Products and Commercial Services

Addendum to Evaluation - Commercial Product and Commercial Services

52.212-2 ADDENDUM -- EVALUATION OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

(Updated to align with the FAR Overhaul)

I. Basis for Award

The Government intends to award a single firm-fixed-price purchase order to the responsible quoter whose quotation, providing the required brand-name Microsoft 365 Education solution, conforms to the solicitation, is determined technically acceptable, and represents a fair and reasonable price. This acquisition is conducted under FAR Part 12 - Acquisition of Commercial Products and Commercial Services, utilizing the simplified procedures authorized under FAR 12.201-1.

Quoters are advised that initial submissions should contain their best technical and price terms. The Government intends to evaluate quotations and make an award without discussions; however, the Contracting Officer reserves the right to conduct discussions if determined to be in the best interest of the Government. The Government may reject any or all quotations and may waive minor informalities or irregularities in quotations received. Furthermore, the Government reserves the right to make no award depending on the quality and suitability of the submissions.

II. Evaluation Criteria

- Technical Capability
- Price
- Past Performance

Factor 1 - Technical Capability

The Quoter shall submit a technical description or documentation that clearly demonstrates their ability to meet all solicitation requirements. To be considered for award, the quotation must include:

- The manufacturer's name and specific Manufacturer Part Numbers (MPNs) for every item listed in the Schedule of Supplies.
- Explicit confirmation of the ability to meet the Government's required delivery schedule.
- **Proof of Authorization:** Documentation verifying that the quoter is an authorized distributor or reseller of **Microsoft 365 Education** products and services.

Note: A mere statement of compliance is insufficient. Quoters must provide the specific data points requested above to demonstrate technical capability.

Factor 2 - Price

The Government will evaluate quoted prices in accordance with FAR 12.209 to determine completeness, accuracy, and reasonableness.

Evaluation Method	Description
Price Analysis	Price reasonableness will be determined primarily through the comparison of quotations received in response to the solicitation (Adequate Price Competition).

Secondary Analysis	If necessary, the Government may use other techniques, such as comparison to the Independent Government Cost Estimate (IGCE) or comparison to historical prices paid for the same or similar items.
Reasonableness Standard	A price is considered fair and reasonable if it does not exceed what a prudent business person would pay under similar market conditions.
Verification	The Government will conduct a review for mathematical errors. In the event of a discrepancy between a unit price and an extended total, the unit price will be used to determine the correct total.

Factor 3 - Past Performance

The Government will evaluate past performance to assess the Quoter's performance risk. This evaluation will be conducted using the Supplier Performance Risk System (SPRS), consistent with DFARS Subpart 204.76.

The Quoter must demonstrate at least satisfactory past performance. The Government will consider SPRS generated assessments of price risk, supplier risk, and item risk as part of the overall responsibility determination. The Government may also consider other official sources, including FAPIIS.

Note on Data Absence: In accordance with the RFO, if no SPRS risk assessments or past performance data are available for the vendor, the Government will treat the absence of data as a Neutral rating, which will not be evaluated favorably or unfavorably.
