Solicitation/Contract Form Continuation

Executive and Emerging Executive Development Plans in support of ASN (MRA) EMPO

ASN (MRA) EMPO - DON Executive Leadership Development Program

This is a COMBINED PRESOLICITATION NOTICE/SOLICITATION for commercial services and is conducted in accordance with the information in FAR Part 12, Acquisition of Commercial Products and Commercial Services, as supplemented with the additional information included in this notice. The Government will utilize competitive negotiated procedures consistent with FAR Subpart 12.6, including best-value tradeoff source selection methods and price reasonableness analysis. This announcement constitutes the only solicitation; a written solicitation will not be issued. PAPER COPIES OF THIS SOLICITATION WILL NOT BE AVAILABLE. This combined synopsis/solicitation SHALL be posted on SAM.gov.

The reference number is N0018926QB050. This solicitation documents and incorporates by reference Federal Acquisition Regulation provisions and clauses in effect through Federal Acquisition Circular 2026-01 and the Defense Federal Acquisition Regulation Supplement as amended through the DFARS Change effective November 10, 2025. It is the responsibility of the contractor to be familiar with the applicable clauses and provisions. The clauses may be accessed in full text at these addresses:

The NAICS code is 611310 (Colleges, Universities, and Professional Schools) and the Small Business Standard is \$34.5 (millions of dollars). The proposed contract is for the design and delivery of graduate-level executive leadership education programs and supporting capabilities for senior leaders within the Department of the Navy (DON) on behalf of the Assistant Secretary of the Navy (ASN) for Manpower and Reserve Affairs (MRA) Executive Program Management Office (EMPO), for which the Government intends to solicit and award a Firm-Fixed-Price (FFP) contract to the quoter that is most advantageous to the Government. This proposed acquisition is being solicited as full and open competition. See attached supporting documents for more information.

General Information:

PREVIOUS CONTRACT ACTION:

A portion of the services outlined in the proposed acquisition were previously provided through 28 September 2025 by the University of North Carolina at Chapel Hill - Kenan Flagler Business School (CAGE: 1SGW3) under task order N0018921FZ955.

NOTE TO QUOTERS:

This solicitation is a Request for Quotes (RFQ). To the extent that the terms appear in the solicitation, the terms RFP, OFFER, PROPOSAL, and OFFEROR shall mean RFQ, SUBMISSION, QUOTE, and QUOTER, respectively.

POINT OF CONTACT:

The point of contact at the contracting office is Ms. Shanna Harris, who may be reached via email at shanna.c.harris.civ@us.navy.mil

PREPARATION COSTS:

This RFQ does not commit the Government to pay for the preparation and submission of a quote.

FULL AND OPEN COMPETITION:

The proposed acquisition is being solicited as full and open competition using FAR Part 12 procedures. The proposed acquisition will result in a purchase order contract on a Firm Fixed Price (FFP) basis. Questions regarding this solicitation shall be submitted to Shanna Harris at shanna.c.harris.civ@us.navy.mil no later than Wednesday April 29, 2026, at 10:00am EST. Quotes shall be submitted to Shanna Harris at shanna.c.harris.civ@us.navy.mil and Sean Bennett at sean.m.bennett22.civ@us.navy.mil no later than Friday May 8, 2026, at 10:00am EST. Quote submissions received after the stated submission deadline will not be considered for award. All responsible business sources may submit a quote, which shall be considered by the agency. Oral communications are not acceptable in response to this notice. Streamlined procedures in FAR Part 12 are applicable to this procurement. While price will be a significant factor in the evaluation of quotes, the final contract award will be based on a combination of factors- price, performance approach, past performance, and socioeconomic plan.

System for Award Management (SAM). Quoters must be registered in the SAM database to be considered for award. Registration is free and can be completed on-line at <http://www.sam.gov/>.

All quotes shall include price(s) showing any and all materials, travel, and labor, name, phone number and email address of a point of contact, business size, and payment terms. The quote shall explicitly confirm that the quoter can meet all of the technical requirements and provide all of the deliverables for the periods of performance specified herein. Each response must clearly indicate the capability of the quoter to meet all specifications and requirements.

The Government intends to award a Firm Fixed Price (FFP) Purchase Order contract to the responsible quoter whose quote represents the best value after evaluation in accordance with the factors in the solicitation. The Government intends to evaluate quotes and award a contract based on initial submissions. Accordingly, the quoter should submit its most favorable terms from a performance approach, past performance, socioeconomic, and price standpoint. The Government reserves the right to award a contract to other than the lowest priced quoter or other than the highest technically rated quoter; award a contract without discussions; or award a contract after discussions, whichever is in the best interest of the Government.

Quoters shall be required to submit a non-price quote that will be evaluated in accordance with solicitation procedures as set forth in this solicitation. The non-price quote will be more important than price. The nonprice quote will consist of the following factors: Performance Approach, Past Performance, and Socioeconomic Plan.

For the non-price evaluation, Performance Approach and Past Performance are of equal importance. Performance Approach and Past Performance are each considered significantly more important than Socio-Economic Plan. A rating of LESS than Acceptable for the Performance Approach means the quote is ineligible for award, and the quote will not be further evaluated. This requirement will be awarded as a single Firm-Fixed-Price (FFP) contract. A pricing spreadsheet is included in the solicitation attachments for informational purposes only to assist with quote preparation; this is not a Level of Effort (LOE) requirement. All quotation instructions are contained within the RFQ document.

Continuation of Supplies or Services and Prices/Costs

Additional Information/Notes

The Government intends to unilaterally deobligate any unliquidated obligations (ULOs) 90 days after each period of performance. Prior to doing so, the Contracting Officer (or Administrative Contracting Officer) will notify the contractor of the intended amount of deobligation and ask the contractor to confirm within one week that all invoices for the completed period of performance have been submitted and processed for payment (with the exception of any invoice for rate adjustment upon receipt of DCAA approved final rates for any cost-type CLINs or SLINs). Upon confirmation that all invoices have been submitted and processed for payment, or upon failure of the contractor to respond to the notification of the PCO/ACO of the intent to deobligate, the Contracting Officer or Administrative Contracting Officer will unilaterally deobligate the potential ULOs by reducing the funded amount to an amount equal to the invoiced/paid amount to the contractor for that contract period of performance.

Note: Reduction of cost-reimbursement CLINs or SLINs in accordance with the above DOES NOT change the obligations of either party under a Final Invoice submitted upon DCMA establishing final rates for each CLIN and or SLIN.

POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (FEB 2026) (DEVIATION 2026-O0038)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

252.232-7007 Limitation of Government's Obligation.

(Apr 2014)

LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) [Contracting Officer insert after negotiations] is/are incrementally funded. For this/these item(s), the sum of \$ [Contracting Officer insert after negotiations] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract	\$ ____
(month) (day), (year) ____	\$ ____
(month) (day), (year) ____	\$ ____
(month) (day), (year) ____	\$ ____

INFORMATION REGARDING RESPONSIBILITY MATTERS (FEB 2026) (DEVIATION 2026-O0038)

(a) *Definitions.* As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (*e.g.*, Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means-

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror ☐ has ☐ does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

- (i) In a criminal proceeding, a conviction.
- (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.
- (iii) In an administrative proceeding, a finding of fault and liability that results in-
 - (A) The payment of a monetary fine or penalty of \$5,000 or more; or
 - (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. (3) Page Limitations

Title	Quote Quantities	Page Limit*
Volume I	---	---
Factor I - Performance Approach	1 Electronic Submission	6 Pages
Factor II - Past Performance	1 Electronic Submission	6 Pages
Factor III - Socio-Economic Plan	1 Electronic Submission	6 Pages
Volume II	---	---
Factor IV - Price	1 Electronic Submission	No Limit

Each "page" is defined as one sheet, 8 1/2" x 11", with at least one-inch margins on all sides, using a font with a point size of 12 or greater (e.g., "Times New Roman" style with 12-point font). Lines shall, at a minimum, be single-spaced. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. Page limitations are inclusive of any charts, diagrams, and/or other graphics. The cover sheet, table of contents (not to exceed one page per volume), glossary of acronyms/abbreviations (not to exceed one page per volume), tabs, and dividers will not count toward the page limit. The only exception to the font size requirement shown above is that the "Past Performance Information Forms," including any continuation sheets, and text within any charts, diagrams, and/or other graphics may be completed with a point-size of 10 or greater. The Past Performance Information Form counts toward the page limit. The Navy may exercise discretion in determining which specific pages are considered to be in excess of the page limitations.

Pages submitted in excess of the page limitations described within will not be evaluated.

*Page limits represent the maximum pages the Government will evaluate and are not construed as de facto standards for the amount of material expected in the quotation.

**Volume II - Price Quotation- is not page limited; however, the Price Quotation is to be strictly limited to price information and completed solicitation documents as described within.

Proposals shall include the following legend on each page: Source Selection Information FAR 2.101 and FAR 3.104

The Non-Price Quotation evaluation factors are listed below:

Volume I:

Factor I: Performance Approach

NOTE: Performance Approach is rated on how the quoter plans to perform the required effort and is forward-looking. The quoter's past performance without sufficient explanation of how it will be applied to the required effort is not relevant to, and may not be considered in the evaluation of, Performance Approach.

The quoter shall provide, in detail, a performance approach that will successfully accomplish the requirements of the solicitation, including demonstrating its understanding of, familiarity with, and ability to perform the specific technical requirements within Sections 2 and 3 of the Performance Work Statement (PWS) - Attachment 01. The quoter should describe any risks associated with the solicitation, including the PWS and any risks associated with implementation of the quoter's performance approach; describe any techniques and actions to mitigate such risks; and explain whether the techniques and actions identified for risk mitigation have been successfully used by the quoter. Additionally, in addressing the preferred delivery dates as noted in Section 3.2.1 of the PWS, the quoter shall specify the range of dates for which the quoter is capable of delivering the programs.

The quoter should provide any other information the quoter considers relevant to the solicitation.

Quoters simply providing general statements or paraphrasing/parroting the PWS in whole or in any part, without properly detailing methodology, shall be rated unacceptable.

The Performance Approach submission is limited to 6 pages.

Factor II: Past Performance

The quoter shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is experience within the past five (5) years that is the same as or similar to the scope and magnitude of the work described by this solicitation.

To demonstrate its past performance, the quoter shall identify up to three (3) of its most relevant contracts or efforts performed within five (5) years of the solicitation issuance date. Those contracts must also reflect one (1) year of completed performance by the closing date of the solicitation. Quoters shall provide a detailed explanation demonstrating the relevance of the contracts to the requirements of the solicitation. Quoters shall also cite the task sections or subsections of the PWS to which the past performance is relevant for each of the three (3) contracts or efforts.

For purposes of this solicitation, a contract is defined as a single contract or a combination of task orders (within the limits provided herein) placed under an IDIQ contract, a Blanket Purchase Agreement (BPA), or a Federal Supply Schedule (FSS). Quoters shall not submit the IDIQ contract, BPA, or itself as a reference. Quoters may submit a combination of no more than three (3) delivery orders (DOs), task orders (TOs), technical direction letters (TDLs), and/or technical area tasks (TATs) placed under an IDIQ or BPA as one of the three past performance references. Such a combination must also meet the requirements stated above: each individual reference in the combination must have been performed within five (5) years of the solicitation issuance date and demonstrate at least one (1) year of completed performance by the closing date of the solicitation. If a combination of DOs, TOs, TDLs and or TATs are used as a past performance reference, the quoter shall state the specific experience claimed, period of performance, and dollar value of each. A past performance reference that does not provide the level of detail required will not be evaluated. No more than one combination of DOs, TOs, TDLs and or TATs is permitted in the past performance submittal. **One (1) year of completed performance is defined as twelve (12) consecutive months of performance completed by the closing date of the solicitation. References with less than twelve (12) completed consecutive months of service by the closing date of the solicitation will not be considered.**

If a proposed subcontractor's past performance is provided as part of the three (3) most relevant contracts or efforts, the percentage and type of work to be done by the subcontractor on the solicitation requirement must be stated. The quoter's submittal shall also detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. A past performance reference which does not detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform will not be evaluated.

If the prime quoter or intended subcontractor/partner submits a past performance reference in which it served as a subcontractor, the prime/sub/partner shall detail clearly the work that it performed and the magnitude (dollar value) of that subcontracted work only. A past performance reference that does not differentiate between the overall contract effort and the subcontractor effort will not be evaluated. The past performance of subcontractors who will be performing major or critical aspects of the solicitation will be considered as highly as a prime contractor's past performance.

With respect to joint ventures, the procuring activity will consider work done individually by each member of the joint venture as well as any work done by the joint venture itself previously. Joint venture references must meet the requirements stated above: each joint venture reference must have been performed within five (5) years of the solicitation issuance date and demonstrate at least one (1) year of completed performance by the closing date of the solicitation. Additionally, if a joint venture member submits a past performance reference, the joint venture member shall detail clearly the work that it performed in that reference and the magnitude (dollar value) of that work. A reference that does not differentiate between the overall contract effort and the joint venture member's effort for that reference will not be evaluated. The past performance of a joint venture member who will be performing major or critical aspects of the solicitation will be considered as highly as the prime contractor's past performance.

In order to receive credit for the past performance of an affiliate, the quotation must clearly demonstrate that the affiliate will be meaningfully involved in the performance of the solicited contract. That is, the resources of the affiliate, (e.g., workforce, management, facilities, or other resources that demonstrably contributed to the affiliate's performance on the submitted project(s)) will be provided or relied upon by the contractor for contract performance on the solicited requirement to an extent that warrants attribution of the affiliate's past performance to the quoter. While there may be multiple ways to demonstrate meaningful involvement, generally reach back capability to the affiliates or common parent's resources alone does not establish meaningful involvement. The Agency will not consider an affiliate's record where that record does not bear the likelihood of successful performance by the quoter. The quoter should also describe the relationship between the quoter and the affiliate. If the quoter purchased or merged with the affiliate, the quoter should state the date of purchase/merger and whether the affiliate's personnel and resources that were retained by the quoter after the purchase/merger. The Agency will assess the narrative to determine whether, and to what degree, to attribute the affiliate's past performance to the quoter. If the quotation lacks sufficient detail to establish meaningful involvement by the affiliate, the Agency, at its discretion, may decline to consider the past performance of the affiliate in the evaluation.

Failure of a quoter to provide the required information and level of specificity may result in the contract reference not being evaluated.

The past performance references will be evaluated in the aggregate in order to allow quoters who may not have the entire scope and magnitude of the requirement under one individual contract to still be considered acceptable if experience with the full scope and magnitude of the requirement can be demonstrated within the allotted number of references as described above.

The Past Performance evaluation will result in a past performance confidence assessment.

The quoter shall complete a "Past Performance Information Form" for each reference submitted. The form is Attachment 02 to the solicitation. The forms will count toward the non-price quotation page limit described above. For additional information regarding a particular reference beyond that which will fit on the form, the quoter may continue onto another sheet of paper. Such continuation sheet(s) for submitted references will count toward the non-price quotation page limit.

The Past Performance submission is limited to 6 pages.

Factor III: Socio-Economic Plan

The quoter, including small business concerns, shall submit a Socio-Economic Plan addressing the extent of participation of small businesses, small disadvantaged businesses, women-owned small businesses, veteran-owned small businesses, service-disabled veteran-owned small businesses, and HUBZone small businesses. The plan shall include proposed participation expressed as percentages of total contract value for each applicable socio-economic category.

If the quoter fails to provide targets for the contract and/or any of the six (6) socio-economic categories, the quoter's submission will be evaluated at zero percent and/or zero dollars for the contract and/or any socio-economic categories for which a target is not provided. **However, a quoter that provides no socio-economic plan in response to this factor may be considered ineligible for award.** All quoters, including small business concerns, must submit a socio-economic plan and may designate themselves as the primary or the sole contractor on the effort.

Small Business Subcontracting Plan (FAR 52.219-9) - The requirement for a Small Business Subcontracting Plan applies only to quoters that are Other-Than-Small business concerns, in accordance with FAR 52.219-9, Small Business Subcontracting Plan. Where required, Other-Than-Small

business concerns shall include a Small Business Subcontracting Plan within this volume and within the page limitation. The subcontracting plan is not a factor in the comparative evaluation of proposals; however, it will be reviewed for compliance with applicable statutory and regulatory requirements and must be found acceptable prior to award. The successful quoter's approved Small Business Subcontracting Plan will be incorporated into the Contract.

The Socio-Economic Plan, together with the Small Business Subcontracting Plan where required, submission is limited to 6 pages.

NOTE: The non-price factors: Performance Approach, Past Performance, and Socio-Economic Plan will also be combined to establish a single overall non-price (technical) rating.

Volume II: Price Quotation

Factor IV: Price

The Price Quotation in Volume II shall include the completed solicitation documents. The price quotation shall include all elements of price and such other price information considered appropriate to support the quoter's submission. The pricing information shall be completed in accordance with the following:

a. A completed and signed Standard Form 1449, Solicitation/Contract/Order for Commercial Items, and executed copies of any amendments completed "Supplies or Services and Price" section.

b. Complete the table located in Attachment 05, Pricing Spreadsheet. A quoter must propose on all categories for all Periods of Performance in the table. Failure to do so shall be cause for rejection of the quotation. All pricing shall be calculated to the second decimal. If pricing is not provided as such, the Government will round to the second decimal. The price quotation shall include all supporting data to clearly explain how prices were developed. **The Attachment 05, Pricing Spreadsheet is for informational purposes only, to assist with the quoter's price quote development; this is not a Level of Effort requirement.** This requirement will be awarded as a Firm-Fixed-Price contract. The quoter is responsible for proposing a total FFP that covers all requirements of the solicitation.

c. Unless completed in in the System for Award Management, the quoter shall complete the solicitation's representations, certifications and other statements of quoters.

d. All rates shall be proposed to the no more than the second decimal. Quotes that include more than two decimals will be rounded by the Government to the second decimal.

e. Travel and Material costs are anticipated; therefore, the Government has included travel amounts and material amounts for each period of performance. All quoters are to include the "Not to Exceed" travel amounts and material amounts provided in the chart below for the identified travel CLINs and material CLINs.

Period of Performance	Travel	Materials
Base: 01 June 2026 - 31 May 2027	\$29,960.00	\$7,500.00
Option I: 01 June 2027 - 31 May 2028	\$32,820.00	\$7,500.00

Option II: 01 June 2028 - 31 May 2029	\$35,680.00	\$7,500.00
Option III: 01 June 2029 - 31 May 2030	\$38,540.00	\$7,500.00
Totals	\$137,000.00	\$30,000.00

The above values shall be entered in travel CLINs and Material CLINs of the price submittal, in addition to any applicable General and Administrative (G&A) and/or Overhead (OH) rate applicable, in accordance with FAR Part 31, in their accounting system. Only G&A and/or OH indirect costs are allowable if a quoter's accounting system automatically applies it; no profit or fee is allowed. A quoter's G&A and/or OH shall be added to the provided travel and material amounts for a total cost associated with each. If G&A and/or OH is not provided with the travel and/or material amounts within the vendor's quote, it will be determined that the quoter does not intend on applying any applicable indirect cost to provided ODCs.

NOTE: If no G&A and/or OH are proposed, it will be determined that the quoter does not intend on applying any applicable indirect cost to provided ODCs.

All price and price supporting information shall be contained in the price submittal. No price or pricing information shall be included in any other submittal, including cover letters. Quoters are responsible for submitting sufficient information to enable the Government to fully evaluate their price submittal.

Evaluation - Commercial Products and Commercial Services

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services. (Deviation 2026-O0038) (Feb 2026)

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Quoter whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

- (i) Performance Approach
- (ii) Past Performance
- (iii) Socio-Economic Plan
- (iv) Price

Performance Approach and Past Performance are considered to be of equal importance. Performance Approach and Past Performance are each considered significantly more important than Socio-Economic Plan. The non-price factors, when combined, are considered more important than price.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Quoter within the time for acceptance specified in the quote, shall result in a binding contract without further action by either party. Before the quoter's specified expiration time, the Government may accept a quote (or part of a quote), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to Evaluation - Commercial Product and Commercial Services

Best Value/Tradeoff Source Selection Procedures -

The Government intends to award a Firm Fixed Price (FFP) Purchase Order contract to the responsible quoter whose quotation represents the best value after evaluation in accordance with the criteria of the solicitation, considering non-price and price factors. The Government intends to evaluate quotations and award a contract based on initial submissions. Accordingly, the quoter should submit its most favorable terms from a performance approach, past performance, socio-economic plan, and price standpoint. The Government reserves the right to conduct exchanges with one or more quoters; award a contract without exchanges; and award a contract to other than the lowest priced quoter or other than the highest technically rated quotation; whichever is in the best interest of the Government.

All quotations will be reviewed for timeliness. Timely quotations will be reviewed for compliance to the solicitation. If the quotation is untimely or not compliant to the solicitation, it will not be evaluated, and the quoter will be notified that the quotation is non-responsive. **Quoters simply providing general statements or paraphrasing/parroting the PWS in whole or in any part, without properly detailing methodology, shall result in a rating of unacceptable.**

The evaluation of quotations will consider the non-Price (technical) Quotation to be more important than the Price Quotation. The following are the Non-Price Factors: Performance Approach, Past Performance, and Socio-Economic Plan. Performance Approach and Past Performance are considered to be of equal importance. Performance Approach and Past Performance are each considered significantly more important than Socio-Economic Plan.

Although price is not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based. The importance of price will also increase when a quotation's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the quotation. If, at any stage of the evaluation, all quoters are determined to have submitted equal, or virtually equal, nonprice quotations, price could become the factor in determining which quoter shall receive the award.

Volume I: Non-Price Quotation Evaluation Criteria

The non-price quotation consists of the following non-price factors:

Performance Approach

Past Performance

Socio-Economic Plan

Performance Approach and Past Performance are considered to be of equal importance. Performance Approach and Past Performance are each considered significantly more important than Socio-Economic Plan.

Factor I - Performance Approach:

In considering the quoter's performance approach, the Government will evaluate the quoter's approach to successfully accomplish the requirements of the solicitation, including the PWS. The Government will analyze the quoter's approach to each aspect of performance approach provided in the quotation content of the Addendum to FAR 52.212-1 - Instructions to Quoters of the solicitation. Performance Approach is rated on how the quoter plans to perform the required effort and is forward-looking. The quoter's past performance, without sufficient explanation of how it will be applied to the required effort, is not relevant to, and may not be considered in the evaluation of, Performance Approach.

Note: A rating of LESS than "Acceptable" for PERFORMANCE APPROACH means the quoter's quotation is ineligible for award, and the quotation will not be further evaluated.

Factor II - Past Performance:

The past performance evaluation factor assesses the degree of confidence the Government has in a quoter's ability to meet the contract's requirements based on the quality of a demonstrated record of recent and relevant performance. There are three aspects to the past performance evaluation: recency, relevancy, and quality. These are combined to establish a single performance confidence assessment rating for each quoter.

Past Performance Recency: Recency is the first aspect of the past performance evaluation and is the time period during which past performance references are considered relevant. Recency is critical to establishing the relevancy of past performance information. For purposes of this solicitation, recent past performance is performance that has taken place within five (5) years of solicitation issuance date. Performance outside of this stated period will not be considered for evaluation purposes.

Past Performance Relevancy: Regarding relevancy, each past performance reference under each quoter's Past Performance submission will be evaluated to determine the similarity of its scope and magnitude relative to the instant requirement. The following definitions will apply to this evaluation:

- Scope: For evaluation purposes, "same or similar scope" is defined as demonstrating experience with the task areas described in the Performance Work Statement.

- Magnitude: For evaluation purposes, "same or similar magnitude" is defined as demonstrating experience that is of approximately the same or similar in annual dollar value of actually performed work and/or that is of approximately the same or similar in the annual number of full-time equivalents (FTEs) utilized to perform the required effort.

The quoter's past performance references will be evaluated in the aggregate in order to allow quoters who may not have the entire scope and magnitude of the requirement under one individual contract to still be considered relevant if past performance with the full scope and magnitude of the requirement can be demonstrated within the allotted number of references as described above. The method of aggregation shall be at the discretion of the Government. Only references exhibiting a meaningful degree of relevance in scope shall be considered in the aggregate. Individual references determined to be not relevant shall not be included in the aggregate evaluation.

Past Performance Quality: The third aspect of the past performance evaluation is to establish the overall quality of the quoter's past performance. The Government will review all past performance information collected and determine the quality of the quoter's performance, including general trends and usefulness of the information, and will incorporate this into the performance confidence assessment.

Past Performance Confidence Assessment: The overall assigned rating for the Past Performance factor will be the Past Performance Confidence Assessment rating. The assignment of this rating will be based on the overall quality of the recent and relevant past performance and will also consider the source of the information, the context of the data, and general trends in the quoter's performance. The quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of past performance confidence. Evaluation will focus only on work already performed. Work yet-to-be performed and work not reflecting one year of completed performance by the solicitation closing date will not be considered.

Quoters lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. In this case, the quoter's past performance is unknown and assigned a performance confidence rating of "Neutral Confidence." Although a quoter that lacks recent, relevant past performance may not be rated favorably or unfavorably with regard to past performance, the Government may determine that a "Substantial Confidence" or "Satisfactory Confidence" past performance rating provides better value to the Government than a "Neutral Confidence" past performance rating.

In order to evaluate Past Performance, the Government may also utilize existing data sources, including the Contractor Performance Assessment Reporting System (CPARS), the Federal Awardee Performance and Integrity Information System (FAPIS), the Electronic Subcontract Reporting System (eSRS), or other databases; communication with points of contact in the quoter's customer's organization, which could include private sector requirements and contracts personnel, Administrative Contracting Officers, Defense Contract Management Agency (DCMA) personnel, Procuring Contracting Officers, Contracting Officer's Representatives, and other Government activity requirements personnel. The Government may verify past performance information. The Government may contact some or all of the references provided, as appropriate, and may collect information through questionnaires, telephone interviews, and/or existing data sources. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources, including sources outside of the Government. This information will be used for the evaluation of past performance.

The past performance factor evaluation and past performance confidence assessment rating is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the quoter's past performance will be used as a means of evaluating the relative capability of the quoter and other competitors to successfully meet the requirements of the solicitation.

Note: A rating of "Limited Confidence" for the past performance factor means that the quoter's submission is not awardable without a change or changes to the quoter's submission. A quotation that includes a "Limited Confidence" rating is considered susceptible to correction if the contracting officer determines that an exchange (pursuant to FAR 15.306) is appropriate and said exchange is conducted. A rating of "No Confidence" for the past performance factor means that the quoter's proposal is not awardable, is not susceptible to correction, and will not be further evaluated.

For all non-price factors (other than Past Performance), a quoter's submission must be determined to be Acceptable or better in order to be eligible for award. A rating that is less than "Acceptable" in any non-price

evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a quotation ineligible for award consideration as submitted, and there will be no further evaluation of the quoter's quotation.

Factor III - Socio-Economic Plan:

In considering the quoter's socio-economic plan, the Government will evaluate the quoter's plan to determine whether it demonstrates a reasonable approach providing maximum practicable opportunity for small business participation, including the identification of meaningful subcontracting opportunities and proposed small business utilization efforts. The Government will analyze the quoter's approach as provided in the quotation content of the Addendum to FAR 52.212-1 - Instructions to Quoters of the solicitation. If the quoter fails to provide targets for the contract and/or any of the six (6) socio-economic categories, the quoter's quotation will be evaluated at zero percent and/or zero dollars for the contract and/or any socio-economic categories for which a target is not provided. However, a quoter that provides no socio-economic plan in response to this factor will be considered ineligible for award. All quoters, including small business concerns, must submit a socio-economic plan and may designate themselves as the primary or the sole contractor on the effort.

Note: A rating of LESS than "Acceptable" for SOCIO-ECONOMIC PLAN means the quoter's quotation is ineligible for award, and the quotation will not be further evaluated.

Volume II: Price Quotation Evaluation Criteria

Factor IV: Price

The Government will evaluate price for reasonableness using price analysis techniques in accordance with applicable FAR Part 12 and simplified acquisition procedures. Price analysis may include comparison of submitted prices, comparison to historical pricing, market research, and other relevant commercial pricing information. The Government will evaluate quotes for award purposes by adding the total price for the Base POP and each Option POP.

The common amounts provided in the "Instructions to Quoters" for Travel and Materials, and any applicable G&A and Overhead, shall be utilized for evaluation purposes in determining the total price for the entire contract.

Period of Performance	Travel	Materials
Base: 01 June 2026 - 31 May 2027	\$29,960.00	\$7,500.00
Option I: 01 June 2027 - 31 May 2028	\$32,820.00	\$7,500.00
Option II: 01 June 2028 - 31 May 2029	\$35,680.00	\$7,500.00
Option III: 01 June 2029 - 31 May 2030	\$38,540.00	\$7,500.00
Totals	\$137,000.00	\$30,000.00

Quoters responding to this solicitation are advised that, prior to award, the government may request quoters to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted quote.

The contracting officer may evaluate any and all information submitted by the quoter to support the reasonableness of prices proposed. The method of evaluation used by the contracting officer is solely within the discretion of the contracting officer.
