52.219-28 Postaward Small Business Program Rerepresentation. (Deviation 2026-O0038) (Feb 2026)
POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (FEB 2026) (DEVIATION 2026-O0038)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

52.212-4 Terms and Conditions-Commercial Products and Commercial Services. (Deviation 2026-O0038) (Alternate I)

(Feb 2026) Alternate I (Feb 2026)

Alternate I (FEB 2026) (DEVIATION 2026-O0038). When contemplating a time-and-materials or labor-hour contract, substitute the following paragraphs (a), (b), (i), (l), and (m) for those in the basic clause.

(a) The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference. As used in this clause-

Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are-

- (1) Performed by the contractor;
- (2) Performed by the subcontractors; or
- (3) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

Materials means-

- (1) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a common control;
- (2) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;
- (3) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.);

(4) The following subcontracts for services which are specifically excluded from the hourly rate: *[Insert any subcontracts for services to be excluded from the hourly rates prescribed in the schedule.];* and

- (5) Indirect costs specifically provided for in this clause.

Subcontract means any contract, as defined in FAR 2.101, entered into with a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract including transfers between divisions, subsidiaries, or affiliates of a contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) *Inspection/Acceptance.*

(1) The Government has the right to inspect and test all materials furnished and services performed under this contract at all places and times before acceptance. The Government will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(3) Unless otherwise specified in the contract, the Government will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (b)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the "hourly rate" attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken. *[Insert portion of labor rate attributable to profit.]*

(5)(i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may-

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (b)(4) and (5) of this clause, the Government may, at any time, require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to-

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(ii) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(i) *Payments.*

(1) *Work performed.* The Government will pay the Contractor as follows upon the submission of commercial invoices approved by the Contracting Officer:

(i) *Hourly rate.*

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the Contractor shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment, individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis.

(1) If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance, overtime rates shall be negotiated.

(2) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(3) If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(ii) *Materials.*

(A) If the Contractor furnishes materials that meet the definition of a commercial product at FAR 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the-

(1) Quantities being acquired; and

(2) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor-

(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall-

(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(2) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Unless listed below, other direct and indirect costs will not be reimbursed.

(1) *Other direct costs.* The Government will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: ____ [Insert each element of other direct costs (e.g., travel, computer usage charges, etc. Insert "None" if no reimbursement for other direct costs will be provided. If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the elements of other direct charge(s) for that order or, if no reimbursement for other direct costs will be provided, insert 'None'".]

(2) *Indirect costs (material handling, subcontract administration, etc.).* The Government will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price: ____ [Insert a fixed amount for the indirect costs and payment schedule. Insert "\$0" if no fixed price reimbursement for indirect costs will be provided. (If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the fixed amount for the indirect costs and payment schedule or, if no reimbursement for indirect costs, insert 'None'").]

(2) *Total cost.* The total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the revised estimate of the total amount of effort to be required under the contract.

(3) *Ceiling price.* The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) *Access to records.* At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment-

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost-

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments.* Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government will pay any such increases within 30 days, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall-

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) *Interest.*

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six-month period as established by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) The Contracting Officer will issue a final decision if-

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer.

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in FAR part 32 in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the "completion invoice" and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims.* The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment.* The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(9) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work under this contract and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon written request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. Subject to the terms of this contract, the Contractor shall be paid an amount computed under paragraph (i), Payments, of this clause, but the "hourly rate" for labor hours expended in furnishing work not delivered to or accepted by the Government shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified in paragraph (b)(4) of this clause, the portion of the "hourly rate" attributable to profit shall be 10 percent. In the event of termination for cause, the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

By submission of a proposal in response to this solicitation, the offeror and its subcontractors consent to a release of their business sensitive/confidential or proprietary data to the Government's AbilityOne Program support contractor personnel in order to perform close out services. Prior to the release of any such information to the support contractor, the support contractor will have in place with the Government a Non-Disclosure/Non-Use Agreement in accordance with the terms of the AbilityOne Program support contract.

Offerors may execute their own Non-Disclosure Agreement with the AbilityOne Program (AbilityOne contact information available from the contracting point of contact). The support contractor must provide copies of the executed agreements to the Contracting Officer and the Contracting Officer's Representative (COR) for the support contract; and the offeror/contractor for this acquisition must provide copies of the executed Agreement to the Contracting Officer for this acquisition. (1) SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short term duties of less than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials.

This local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contractor employees performing work overseas. This text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S. national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Definition. As used in this clause - Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department, or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

Training. Contractor employees who require routine physical access to a Federally controlled facility or military installation shall complete "Level I Antiterrorism Awareness Training" prior to gaining access to a facility and annually thereafter in accordance with DoDI O-2000.16 Vol. 1. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I Antiterrorism Awareness Training shall be completed by:

1. Completion of "Level I Antiterrorism Awareness Training" available at <https://jkodirect.jten.mil/pdf/at1/launch.html>; or
2. Under the instruction of a qualified Level I Antiterrorism Awareness instructor; or
3. By providing a training certificate for "Level I Antiterrorism Awareness Training" training showing completion within the last calendar year.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, prior to being granted access to a Federally controlled facility or military installation.

Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

OPERATION SECURITY (OPSEC)

It is DoD policy according to DoD Directive 5205.02E, "DoD Operations Security (OPSEC) Program," June 20, 2012, as amended to establish and maintain OPSEC programs to ensure national security-related missions and functions are protected.

Training: Contractor employees shall comply with all DoD OPSEC requirements and complete "OPSEC Awareness for Military Members, DoD Employees and Contractor" training within 30 days of onboarding the contract and annual refresher training thereafter. Training shall be completed through a DoD sponsored and certified computer or web-based learning instruction available at <https://securityawareness.usalearning.gov/opsec/index.htm>.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after training is completed by all employees and subcontractor personnel.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

- a. OF-306 signed by contractor employee
- b. FD-258 Fingerprint Card (Contingent upon availability of electronic fingerprinting submission)
- c. Completed Electronic Investigation (e-QIP)

d. All contractor employees with need for a Common Access Card (CAC) must have an active Defense Information System for Security (DISS) profile.

e. Common Access Card (CAC)

f. DISS Visit Request submitted (Contingent upon classification of work being performed, Confidential, Secret, Top Secret).

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In accordance with DON CIO Memorandum (IT LEVEL DESIGNATION ON DD FORM 2875 SYSTEM AUTHORIZATION ACCESS REQUEST) 08 September 2020, contractor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as Privileged, Enhanced, or Authorized users. All user level accesses may include positions which require access to Controlled Unclassified Information (CUI). CUI includes sensitive information protected under the Privacy Act, to include Protected Health Information (PHI). IT System levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged access, (when specified by the terms of the contract) require a Tier 5 (T5) or T5R equivalent investigation, which is a higher level investigation than the Tier 3 (T3) and T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Contractors requiring Enhanced access, (when specified by the terms of the contract) require a T3, T3R, or equivalent investigation, which is a higher level investigation than the Tier 1 (T1) described below. Due to the enhanced system access, an investigation suitable for Moderate Risk national security positions is required.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM upon contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all contractor employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

ACCESS TO CONTROLLED UNCLASSIFIED INFORMATION

Safeguarding sensitive unclassified information is critical to achieve NAVSUP Modernization efforts and deliver cutting-edge and uncompromised capabilities. The Secretary of Defense's operations security (OPSEC) campaign plan stresses the importance of protecting controlled unclassified information (CUI). CUI encompasses OPSEC, critical technology, intelligence, and personally identifiable information that, if not properly identified, marked, and controlled, could impair NAVSUP's ability to conduct its mission. Contractor employees with access to Controlled Unclassified Information (CUI) shall comply with DoDI 5200.48 - Controlled Unclassified Information (CUI) and complete DoD approved initial and annual refresher CUI training.

a. Whenever Government provides CUI to, or CUI is generated by, non-DoD entities, all CUI records must be handled as required by the approved mandatory disposition authority.

- b. All CUI records must follow the approved mandatory disposition authority whenever the Government provides CUI to, or CUI is generated by, non-DoD entities in accordance with Section 1220-1236 of Title 36, CFR, Section 3301a of Title 44, U.S.C., and the DoDI 5200.48.
- c. Contractor employees shall monitor CUI aggregation and compilation based on the potential to generate classified information pursuant to security classification guidance addressing the accumulation of unclassified data or information
- d. Contractor employees shall submit unclassified government information for review and approval for release in accordance with the Standard DoD Component Processes, DoDI 5230.09, and DoDM 5205.07, Volume 1.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter. The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. If the Security Office validates the contractor's position is Non-Critical Sensitive or if the IT system user level is determined to be Enhanced, at a minimum, each contractor employee must be a US citizen and have a favorably completed T3, T3R, or equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or Enhanced position. The investigation consists of a standard National Agency Check and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or Enhanced position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)

Two FD-258 Applicant Fingerprint Cards or electronic fingerprint submission (preferred))

Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) five (5) years) throughout the contract performance period. The Contractor's Security Representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the CSM upon the contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential or provide the required documentation shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM. Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

For classified contracts, if the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Access Request (VAR) via the Defense Information Security System (DISS). If the contractor employee does not have a current favorably adjudicated investigation, the contractor shall submit the Visit Access Request in DISS until the contractor employee has at a minimum an interim clearance. If the contract only requires access to unclassified information, even if the contractor takes a DISS "owning" role over the contractor employee, the Navy Command will also take a DISS "owning" role over the contractor employee during the hiring process and for the duration of assignment under that contract. If the contract requires access to classified information, the contractor's Facility Security Office (FSO) will take a DISS "ownership" role and the Navy command will take a DISS "servicing" role during the hiring process and the duration of assignment under that contract. All VARs requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and
- Must have a favorably completed NACI or T1 investigation or equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

SF-85 Questionnaire for Non-Sensitive Positions

Two FD-258 Applicant Fingerprint Cards (or the preferred method - electronic fingerprint submission)

Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

The Government will award on the basis of price and proof of required clearance unless the contracting officer is aware of past performance information related to the low price quote/offer which indicates that quote/offer may not represent best value. In that case, the Government reserves the right to consider the past performance of other quotes/offers, conduct a price, past performance tradeoff, and award to other than the lowest price quote/offer.

The Government will award on the basis of price unless the contracting officer is aware of past performance information related to the low price quote/offer which indicates that quote/offer may not represent best value. In that case, the Government reserves the right to consider the past performance of other quotes/offers, conduct a price, past performance tradeoff, and award to other than the lowest price quote/offer.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Addendum to Evaluation - Commercial Product and Commercial Services

Addendum to FAR 52.212-2

The Government intends to award a Firm Fixed Price (FFP) contract as a result of this solicitation in accordance with FAR Part 12 "Acquisition of Commercial Products and Commercial Services". Award will be made to that Offeror whose quote represents the best value after evaluation in accordance with the factors set forth in the solicitation. The Government intends to evaluate quotes and award a contract based on initial quotes. Therefore, the Offeror's initial quote should contain the Offeror's best terms from a technical, past performance and price standpoint.

The Government intends to award a FFP contract to the responsible Offeror whose quote represents the best value after evaluation in accordance with the factors in the solicitation by utilizing the process outlined in this solicitation. The Offeror's quote shall be in the form prescribed by and shall contain a response to each of the areas identified in the solicitation.

Quotes will be ranked according to price, inclusive of option pricing. An Offeror's proposed pricing will be determined by adding all extended amounts for the CLINs. The quotes will then be evaluated on the offerors submission of Factor I Facility Clearance. Offerors receiving a rating of "Unacceptable" for Factor I -Facility Clearance are considered un-awardable and will not be further evaluated.

Evaluating the quotes will begin from from lowest price to highest price. Once an offer is evaluated as Factor I- Facility Clearance "Acceptable" and pricing fair and reasonableness is determined, award will be made to that quoter and no further quotes will be evaluated.

Factor I: Facility Clearance

Facility Clearance will be evaluated on an acceptable/unacceptable basis using the Acceptable/Unacceptable Ratings Table 1 below. Factic will be evaluated on the Offeror's quote of proof/verification of a current, DSS-approved **SECRET** Facility Clearance; per the requirements the solicitation.

Table 1 - Technical Acceptable/Unacceptable Ratings Table for Factor I Facility Clearance.

Technical Rating	Description
Acceptable	Proposal clearly meets the minimum requirements of the solicitation
Unacceptable	Proposal does not clearly meet the minimum requirements of the solicitation

NOTE: Offerors receiving a rating of "Unacceptable" for Factor I will no longer be considered for award and no further evaluation will be conducted.

Price

Price will be evaluated in accordance with FAR 12.209. For the purpose of preparing a price quote, the contractor shall assume that the basic period of performance will be one (1) 12-month base period, two (2) 12-month option period, and a 6-month extension IAW FAR 52.217-8. The Government will evaluate the price quote for the base year and each option period. The Offeror's proposed price will be evaluated on the basis of price reasonableness. The evaluation may include, but is not limited to:

- a. Price comparison with other Offerors
- b. Comparison with Independent Government Estimate (IGE)

Options, will be evaluated pursuant to solicitation provision FAR 52.217-5, Evaluation of Options and FAR 52.217-8. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic

requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

Offerors responding to this solicitation are advised that, prior to award, the government may request Offerors to submit information /data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts.
