Section A - Solicitation/Contract Form

Financial Analysis and Audit Remediation Support

ONLY SEAPORT MAC HOLDERS are eligible for award. This effort has previously been posted within the Seaport NxG portal. RESPONSES MUST BE SUBMITTED VIA THE PIEE SOLICITATION MODULE.

The resulting task order shall be awarded as a competitive Women-Owned Small Business (WOSB) set-aside task order within SeaPort NxG. Offers are solicited from, and the award resulting from this solicitation will only be made to concerns eligible under the WOSB Program in accordance with FAR 52.219-30.

The incumbent for this requirement is Strategic Ironclad Technology Services LLC (N00178-19-D-7892). In order to properly staff the evaluation process, all prime contractors who anticipate submitting a proposal are encouraged to send an email to michelle.a.muniz.civ@us.navy.mil and jason.a.pelle.civ@us.navy.mil two days prior to solicitation closing advising the Government of their intent to submit a proposal.

Section C - Description/Specifications/Statement of Work

Financial Analysis and Audit Remediation Support

In Support of

Commander Naval Surface Forces, U.S. Pacific Fleet

Naval Base Coronado, San Diego, CA

Part 1

General Information

1. General: This is a non-personal services contract to provide financial analysis, audit readiness, system support, and training services in support of Commander Naval Surface Forces, U.S. Pacific Fleet (COMNAVSURFPAC; a.k.a. CNSP) located at Naval Base Coronado, San Diego, CA. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.1 Description of Services/Introduction: The contractor shall provide non-personal services necessary to perform Financial Analysis, Audit readiness, System support, and Training services as defined in this Performance Work Statement. The contractor shall perform to the standards in this contract.

1.2 Background: The Commander, Naval Surface Forces, U.S. Pacific Fleet (COMNAVSURFPAC), a Naval Type Commander (TYCOM), and an echelon III command, is under the administrative and operational command of Commander, U.S. Pacific Fleet (COMPACFLT). The COMNAVSURFPAC (CNSP) Comptroller has the responsibility for the oversight, analysis, execution, and overall management of the CNSP Financial Analysis, Audit readiness, System support, and Training services program. The Contractor shall provide comprehensive financial analysis, audit remediation, system support, and training services to Commander, Naval Surface Forces, Pacific Fleet (CNSP) Comptroller Finance staff. This encompasses a wide array of functions crucial for maintaining financial integrity and operational efficiency across the surface forces.

1.3 Objective: The contractor shall provide services and functions described herein to assure effective and efficient operation of the CNSP Financial Management Program.

1.4 Scope: The Contractor shall provide comprehensive financial analysis, audit remediation, system support, and training services to Commander, Naval Surface Forces, Pacific Fleet (CNSP) Comptroller Finance staff. This encompasses a wide array of functions crucial for maintaining financial integrity and operational efficiency across the surface forces.

1.5 Period of Performance: The period of performance shall be for one (1) Base Year of 12 months and four (4) 12-month option years. The Period of Performance (POP) reads as follows:

POP	START DATE	END DATE
Base Year	09-Mar-2026	08-Mar-2027
Option Year 1	09-Mar-2027	08-Mar-2028
Option Year 2	09-Mar-2028	08-Mar-2029
Option Year 3	09-Mar-2029	08-Mar-2030
Option Year 4	09-Mar-2030	08-Mar-2031

1.6 General Information

1.6.1 Quality Control: The contractor shall develop and maintain an effective quality control program to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's quality control program is the means by which they assure themselves that the work complies with the requirement of the contract. The QCP is to be delivered within 30 days after contract award subject to approval by the Contracting Officer Representative (COR). (See Section L for QCP required content).

1.6.2 Quality Assurance: The government shall evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s).

1.6.3 Recognized Holidays: The contractor is not required to perform services on federal holidays.

New Year's Day	Labor Day
Martin Luther King Jr.'s Birthday	Columbus Day
President's Day	Veteran's Day
Memorial Day	Thanksgiving Day
Juneteenth	Christmas Day
Independence Day	

1.6.4 Hours of Operation: The contractor is responsible for conducting business between the hours of 0630 to 1700 with core hours 0900-1500, Monday through Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. For other than firm fixed price contracts, the contractor will not be reimbursed when the government facility is closed for the above reasons. The Contractor must at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce are essential.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at COMNAVSURFPAC, Comptroller Office, Code N00F, Building 11, 2841 Rendova Road, Naval Base Coronado, San Diego, CA 92155.

1.6.6 Dress Code: Contractor employees are expected to adhere to a professional dress code that reflects the stature and reputation of a three-star admiral command. As representatives of this distinguished leadership, it is essential that attire reflects the highest standards of professionalism, respect, and discipline. In addition, contractor employees should wear clothing appropriate to their assigned task, with particular attention to safety requirements and in accordance with the applicable Occupational Safety and Health Administration (OSHA) regulations.

1.6.7 Identification Card/Badge (CAC): Contractor employees are required to obtain a government-issued Identification Card/Badge, specifically a Common Access Card (CAC), prior to commencing work. Contractor employees must always retain possession of their ID Card while working on government installations. Personnel are subject to challenge and removal from the facility or denial of access to the installation if the ID card is not in their possession. It is the Contractor's responsibility to rigorously enforce this requirement. In the event a Contractor employee loses their ID card, the loss shall be immediately reported to the COR and site Security Manager, who will facilitate the issuance of replacement ID cards. All government-provided ID cards shall be returned to the Government either upon the completion of the contract or upon the termination of employment of individual employees. The Contractor is ultimately responsible for the return of all ID cards issued to their employees.

1.6.8 Type of Contract: This contract will be awarded as Firm Fixed Price.

1.6.9 Security Requirements: Contractor personnel performing work under this contract must obtain a Secret clearance at time of the proposal submission and must maintain the level of security required for the life of the contract. The security requirements are in accordance with the attached DD254.

1.6.9.1 Physical Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.10 Post Award Conference/Periodic Progress Meetings: The Contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The contracting officer, COR, and other

Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings the contracting officer will inform the contractor how the government views the contractor's performance, and the contractor will inform the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.11 Contracting Officer Representative (COR): The COR will be identified by a separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: Assure the Contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the Contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including government drawings, designs, specifications; monitor Contractor's performance and notify both the Contracting Officer and Contractor of any deficiencies; coordinate availability of government furnished property; and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting contract.

1.6.12 Key Personnel: Key personnel are deemed essential to the performance of this effort and cannot be replaced without prior notification to the Government. Offerors are required to provide resumes for the key personnel. Contractor personnel shall be fully capable of performing in an efficient, reliable, and professional manner. The Contractor shall be responsible for employing technically qualified key and non-key personnel to perform the work specified in the Performance Work Statement and technical exhibits. During the contract period of performance, new financial and accounting processes and systems will be identified by the COR with an associated deployment and implementation schedule. The Contractor shall maintain personnel capabilities, skills, and certifications to meet the requirements of an evolving environment.

The Government will evaluate resumes for the Key Personnel labor categories based on the strength of the proposed individual's experience and education. The Government enjoys considerable discretion in evaluating the resumes for Key Personnel. In determining which rating to apply, the Government will favorably consider the extent to which the described experience and education in the resumes are in-depth, significant, relevant, and recent. All key personnel shall be clearly identified in the Staffing Plan.

The Government will also favorably consider the extent to which the described experience and education contribute to successful performance of the PWS and/or the mission. It is within the Technical Evaluation Board's discretion to determine whether the resumes properly demonstrate the knowledge, skills and experience levels required to meet the PWS requirements. Care shall be taken to explain how any experience relates to the key position. Merely stating years of experience, or where the proposed personnel worked, will not be sufficient. Each resume shall be detailed work experience and affirmatively demonstrate how it relates to the PWS.

Key Personnel Labor Categories

Senior Financial Analyst III (Program Manager) (x1)

Financial Analyst III (Accounting Analyst) (x2)

Non-Key Personnel Labor Categories

Financial Analyst III (x2)

Financial Analyst II (x2)

The following personnel are considered key personnel by the government

1. Senior Financial Analyst III (x1) - will perform Lead Financial Program Analyst functions. The Lead Financial Program Analyst will be responsible for the performance of the work and have full authority to act for the contractor on all contract matters relating to the daily operation of this contract.

Security Clearance:

"Secret" level clearance at the time of award.

Education:

Contractor personnel shall have bachelor's degree in accounting, finance, or business from an accredited United States college or university and minimum of 5 years of relevant experience.

Experience Description:

The following is a detailed description of the labor category experience that in the judgment of the Navy is required to successfully perform this effort. The Government will evaluate resumes based on the strength of the proposed individual's experience and rate the resume accordingly.

Recent experience as a Lead Financial Program Analyst. Plan, direct, coordinate and analyze accounting and other financial activities of a branch, office or department of establishment ensuring the efficient and skilled use of resources. Recommend alternative methods of funding to meet financial program objectives.

Recent Lead Financial Program Analyst experience includes generating regular and ad-hoc financial reports utilizing Navy Enterprise Resource Planning (N-ERP), Defense Travel System (DTS), Wide Area Workflow (WAWF), Advana, Jupiter, Microsoft Access databases, Excel, and Power BI. This role involves performing in-depth variance analysis to identify and explain budget deviations while recommending corrective actions, reviewing contract compliance to minimize financial risks, and providing continuous support to program managers for budget development, cost tracking, and financial reporting. Additionally, experience encompasses supporting command feeder systems and key NAVY ERP modules, ensuring thorough financial documentation and audit readiness.

Experience utilizing financial and business process expertise includes developing comprehensive training strategies to sustain an effective N-ERP training program and creating or updating SOPs, desk guides, learning aids, and other documentation for stakeholders and end users. Responsibilities also include trial balance reconciliation, generating reports from multiple financial systems, identifying variances between feeder systems and N-ERP, and reporting on abnormal balance resolution efforts. Administrative duties such as scheduling meetings, preparing agendas, briefing materials, managing action items and meeting minutes further supporting program management and compliance efforts.

Minimum of five years of recent experience. The Navy considers "recent" experience to be experience acquired within the last two years.

2. Financial Analyst III (x2)

Security Clearance:

"Secret" level clearance at the time of award.

Education:

Bachelor's degree in accounting, finance, business or minimum of 5 years of recent financial/audit experience.

Experience Description:

The Government will evaluate resumes to ensure that the minimum education requirements and/or recent experience are met. In addition, the Government will evaluate resumes based on the strength of the proposed individual's experience and rate the resume accordingly.

Recent Financial Management Analyst experience includes active participation in Business Process Improvement (BPI) initiatives to standardize and enhance financial management processes in preparation for independent audits. Responsibilities encompass comprehensive support to meet Internal Review Manual (IRM) and comptroller objectives, managing audit response activities for Navy, coordinating Samples and Findings Questions (FQs), and overseeing the tracking and timely closure of Corrective Action Plans (CAPs). The role also involves leading discussions with Subject Matter Experts (SMEs) on Business Process Narratives (BPN) and Standard Operating Procedures (SOPs), developing standardized financial policies, conducting sustainment testing of internal controls, and performing deep-dive analysis of Unliquidated and Undelivered Orders to support financial sustainment efforts.

Experience utilizing financial systems and methodologies includes developing and implementing Internal Control Review (ICR) testing programs and supporting all ICR requirements in coordination with AU Points of Contact (POCs). Expertise in Jupiter, supports Budget Execution Validation (BEV), CERMC, FERMC, and 'One FM' metrics. Serves as a primary liaison for audit

responses, data calls, and compliance inspections, supports preparation for command certifications and Command Readiness Assessment Visits (CRAV), and ensures audit readiness through thorough documentation, internal checks, and adherence to standards and regulations This travel is primarily anticipated in support of audit and training activities. All travel shall be coordinated with the Contracting Officer's Representative (COR) and must receive explicit approval prior to commencement.

6.2 Travel Frequency and Duration: It is estimated that travel shall not exceed four times per year. The duration of each travel event is anticipated to be approximately five days, i.e., Norfolk to San Diego/San Diego to Washington D.C.

6.3 Reimbursement: All estimated travel shall proceed in strict accordance with the Joint Federal Travel Regulations (JFTR) and shall be reimbursed accordingly. Travel expenses shall be invoiced to the Government on an as-incurred basis, and only valid costs as identified in the JFTR shall be eligible for reimbursement.

TECHNICAL EXHIBIT 1

Performance Requirements Summary

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective	Standard	Performance Threshold	Primary Responsible FTE Role(s)	Method of Surveillance

Monthly Management Report	Analysis/summarization of contract expenditure rate, identification of issues needing government resolution, and task summarization for TYCOM Comptrollers.	Zero deviation from standard. Must be delivered monthly by the 15th of each month.	All FTEs (coordinated)	Periodic Surveillance
Monthly CNSP Financial Analysis Support Status Report	Monthly report on CNSP's Financial Analysis Support status, including expenditure rate, issues for government resolution, and task summary.	Zero deviation from standard. Must be delivered monthly by the 15th of each month	Contractor Manpower Training and Reporting	Periodic Surveillance
Audit Response Documentation	Samples, PBCs, and FQs responses for Navy & PACFLT audits and results of submissions.	Zero deviation from standard. All documents must be accurate and delivered as directed by the audit schedule.	Accounting Analyst	100% Inspection
CAPs and Milestone Tracking Reports	Reports tracking progress and completion of Corrective Action Plans and milestones.	Zero deviation from standard. Must be delivered as directed by the Government Lead.	Accounting Analyst	COR Inspection /Review
BPN/SOPs and AU Review Documentation	Reviewed and updated Business Process Narratives, Standard Operating Procedures, and Audit Unit documentation.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst, Data-tech Analyst /Tech Writer	COR Inspection /Review
USPACFLT/IRM Statement of Assurances (SOAs)	Support PACFLT in submission of their SOAs for ICOR-O/ICOR-FR.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
Financial Control Testing Reports	Procedures, results, and best practice recommendations from financial control testing.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
CUEC Development and Evaluation Reports	Report on developed and evaluated Controls under Effectiveness and Compliance.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
NFR Responses and Milestones Documentation	Responses to Notices of Finding and Recommendation, with incorporated milestones.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
Sustainment Analysis Reports (ULOs, UDOs)	Research and deep-dive analysis reports for unliquidated orders, and undelivered orders.	Zero deviation from standard. Must be delivered as requested.	Accounting Analyst	COR Inspection /Review
CNSP ICR Testing Program Documentation	Documentation and results of the CNSP Internal Control Review testing program.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review

KSD Packages and Remediation Efforts	Key Supporting Document packages and associated remediation efforts.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
Risk Identification Reports	Reports to identify significant risks with proposed solutions-based corrective actions.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
Valuation Assessment Reports	Assessments for valuation and support for ongoing N00F tasks.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
PACFLT Semi-Annual DOA /DD577 Certification Support	Documentation supporting PACFLT Semi-Annual DOA/DD577 Certification with GCPC & BEV KSD Required samples.	Zero deviation from standard. Must be delivered as directed.	Accounting Analyst	COR Inspection /Review
Training Curricula and Materials	DoN Lean Six Sigma Green Belt, "Get Real Get Better," metrics, audit, Navy ERP, etc.	Zero deviation from standard. Materials must be accurate and delivered as needed.	Training FTEs, Data-tech Analyst/Tech Writer	COR Inspection /Review
Training Attendance and Completion Records	Records of personnel attendance and completion for all provided training.	Zero deviation from standard. Records must be complete and accurate	Training FTEs	Periodic Surveillance
Navy ERP Training Materials	Specific training materials and user guides for Navy ERP.	Zero deviation from standard. Materials must be accurate and delivered as needed.	Data-tech Analyst/Tech Writer	COR Inspection /Review
SOPs and Process Guidance Documentation	Standard Operating Procedures and process guidance related to CNSP's financial systems.	Zero deviation from standard. Materials must be accurate and delivered as needed.	Data-tech Analyst/Tech Writer	COR Inspection /Review
Software Development /Document /Testing /Integration Docs	Documentation for enhancements to financial systems budget exhibits.	Zero deviation from standard. Must be delivered as enhancements occur.	Data-tech Analyst/Tech Writer	COR Inspection /Review
Customized Reports/Templates	Designed, tested, and provided customized reports/templates.	Zero deviation from standard. Must be delivered as requested.	Data-tech Analyst/Tech Writer	COR Inspection /Review
Shipboard Financial User's Manuals /Instructions	Standardized shipboard financial user's manuals and instructions.	Zero deviation from standard. Must be delivered as needed.	Data-tech Analyst/Tech Writer	COR Inspection /Review

SharePoint Management Documentation	Documentation of N00F SharePoint structure, mapping, and resource maintenance.	Zero deviation from standard. Must be delivered as needed.	Data-tech Analyst/Tech Writer	COR Inspection /Review
[JJ1]IGE has only two FTEs travelling.

Section G - Contract Administration Data

CONTRACT ADMINISTRATION

The NAVSUP Fleet Logistics Center San Diego will retain post award administration of this Contract. Contact the Contract Specialist if any post award delivery delays, performance problems, or other issues arise during the performance of this order.

Contracting Officer:
Michael Luu, 619-556-5905
michael.t.luu.civ@us.navy.mil

Contract Specialist:
Michelle Muniz, 619-556-5529
michelle.a.muniz.civ@us.navy.mil

The Contractor and the Customer are hereby advised that any requests for changes must be submitted in writing to the Contracting Officer, who is authorized to issue written changes/modifications under this contract.

Contracting Officer's Representative:
TBD

CONTRACTOR POINT OF CONTACT:
TBD

METHOD OF INVOICING: Invoices for materials/services rendered shall be submitted electronically through Wide Area Work Flow (WAWF) IAW DFARS 252.232-7003.

DO NOT SEND INVOICES TO THE NAVSUP FLC SAN DIEGO CONTRACTING DEPARTMENT PAYMENT: The Government anticipates paying fully certified invoices on a Net 30-day basis. Distribution of payment will be made by Electronic Funds Transfer (EFT) to the contractors account established in the System for Award Management (SAM) database. It is the responsibility of the contractor to review such accounts to ensure that payment has been reviewed.

NOTE

Partial payment for deliveries of material are hereby authorized upon complete inspection and acceptance by the Government for the partial delivery of material specified under this purchase order.

SALES TAX EXEMPTION: The Contractor is hereby advised that the United States Government and Agencies are exempt from State and Local Government Tax by virtue of Article 6 of the United States Constitution. No exemption certificate is required.

CONTRACT ADMINISTRATION PLAN (CAP)FOR FIXED PRICE CONTRACTS

In order to expedite the administration of this contract, the following delineation of duties is provided. The names, addresses and phone numbers for these offices or individuals are included elsewhere in the contract award document. The office or individual designated as having responsibility should be contacted for any questions, clarifications, or information regarding the administration function assigned.

1. The Procuring Contract Office (PCO) is responsible for:

- a. All pre-award duties such as solicitation, negotiation and award of contracts.
- b. Any information or questions during the pre-award stage of the procurement.
- c. Freedom of Information inquiries.
- d. Changes in contract terms and/or conditions.
- e. Post award conference.

2. The Contract Administration Office (CAO) is responsible for matters specified in the FAR 42.302 and DFARS 42.302 except those areas otherwise designated as the responsibility of the Contracting Officer's Representative (COR) or someone else herein.

3. The paying office is responsible for making payment of proper invoices after acceptance is documented.

4. The Contracting Officer's Representative (COR) is responsible for interface with the contractor and performance of duties such as those set forth below. It is emphasized that only the PCO/CAO has the authority to modify the terms of the contract. In no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract between the contractor and any other person be effective or binding on the Government. If in the opinion of the contractor an effort outside the scope of the contract is requested, the contractor shall promptly notify the PCO in writing. No action may be taken by the contractor unless the PCO or CAO has issued a contractual change. The COR duties are as follows:

a. Technical Interface

(1) The COR is responsible for all Government technical interface concerning the contractor and furnishing technical instructions to the contractor. These instructions may include: technical advice/recommendations/clarifications of specific details relating to technical aspects of contract requirements; milestones to be met within the general terms of the contract or specific subtasks of the contract; or, any other interface of a technical nature necessary for the contractor to perform the work specified in the contract. The COR is the point of contact through whom the contractor can relay questions and problems of a technical nature to the PCO.

(2) The COR is prohibited from issuing any instruction which would constitute a contractual change. The COR shall not instruct the contractor how to perform. If there is any doubt whether technical instructions contemplated fall within the scope of work, contact the PCO for guidance before transmitting the instructions to the contractor.

b. Contract Surveillance

(1) The COR shall monitor the contractor's performance and progress under the contract. In performing contract surveillance duties, the COR should exercise extreme care to ensure that he/she does not cross the line of personal services. The COR must be able to distinguish between surveillance (which is proper and necessary) and supervision (which is not permitted). Surveillance becomes supervision when you go beyond enforcing the terms of the contract. If the contractor is directed to perform the contract services in a specific manner, the line is being crossed. In such a situation, the COR's actions would be equivalent to using the contractor's personnel as if they were government employees and would constitute transforming the contract into one for personal services.

(2) The COR shall monitor contractor performance to see that inefficient or wasteful methods are not being used. If such practices are observed, the COR is responsible for taking reasonable and timely action to alert the contractor and the PCO to the situation.

(3) The COR will take timely action to alert the PCO to any potential performance problems. If performance schedule slippage is detected, the COR should determine the factors causing the delay and report them to the PCO, along with the contractor's proposed actions to eliminate or overcome these factors and recover the slippage. Once a recovery plan has been put in place, the COR is responsible for monitoring the recovery and keeping the PCO advised of progress.

(4) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a Contractor Performance Assessment Report (CPAR) in the CPARS Automated Information System (AIS). The initial CPAR, under an eligible contract, must reflect evaluation of at least 180 days of contractor performance. The completed CPAR, including contractor comments if any, (NOTE: contractors are allowed 30 days to input their comments) should be available in the CPARS AIS for reviewing official (PCO) review no later than 270 days after start of contract performance. Subsequent CPARs covering any contract option periods should be ready at 1-year intervals thereafter.

c. Invoice Review and Approval/Inspection and Acceptance

(1) The COR is responsible for quality assurance of services performed and acceptance of the services or deliverables. The COR shall expeditiously review copies of the contractor's invoices or vouchers, certificate of performance and all other supporting documentation to determine the reasonableness of the billing. In making this determination, the COR must take into consideration all documentary information available and any information developed from personal observations.

(2) The COR must indicate either complete or partial concurrence with the contractor's invoice/voucher by executing the applicable certificate of performance furnished by the contractor. The COR must be cognizant of the invoicing procedures and prompt payment due dates detailed elsewhere in the contract.

(3) The COR will provide the PCO and the CAO with copies of acceptance documents such as Certificates of Performance.

(4) The COR shall work with the Contractor to obtain and execute a final invoice no more than 60 days after completion of contract performance. The COR shall ensure that the invoice is clearly marked as a "Final Invoice."

d. Contract Modifications. The COR is responsible for developing the statement of work for change orders or modifications and for preparing an independent government cost estimate of the effort described in the proposed statement of work.

e. Administrative Duties

(1) The COR shall take appropriate action on technical correspondence pertaining to the contract and for maintaining files on each contract. This includes all modifications, government cost estimates, contractor invoices/vouchers, certificates of performance, DD 250 forms and contractor's status reports.

(2) The COR shall maintain files on all correspondence relating to contractor performance, whether satisfactory or unsatisfactory, and on trip reports for all government personnel visiting the contractor's place of business for the purpose of discussing the contract.

(3) The COR must take prompt action to provide the PCO with any contractor or technical code request for change, deviation or waiver, along with any supporting analysis or other required documentation.

f. Government Furnished Property. When government property is to be furnished to the contractor, the COR will take the necessary steps to insure that it is furnished in a timely fashion and in proper condition for use. The COR will maintain adequate records to ensure that property furnished is returned and/or that material has been consumed in the performance of work.

g. Security. The COR is responsible for ensuring that any applicable security requirements are strictly adhered to.

h. Standards of Conduct. The COR is responsible for reading and complying with all applicable agency standards of conduct and conflict of interest instructions.

i. Written Report/Contract Completion Statement.

(1) The COR is responsible for timely preparation and submission to the PCO, of a written, annual evaluation of the contractors performance. The report shall be submitted within 30 days prior to the exercise of any contract option and 60 days after contract completion. The report shall include a written statement that services were received in accordance with the Contract terms and that the contract is now available for close-out. The report shall also include a statement as to the use made of any deliverables furnished by the contractor.

(2) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a final Contractor Performance Assessment Report (CPAR) in the CPARS with 30 days of contract completion.

(3) The COR is responsible for providing necessary assistance to the Contracting Officer in performing Contract Close-out in accordance with FAR 4.804, Closeout of Contract Files.

5. The Assistant Contracting Officer's Representative (ACOR) or Technical Assistant, if appointed, is responsible for providing routine administration and monitoring assistance to the COR. The ACOR/TA does not have the authority to provide any technical direction or clarification to the contract. Duties that may be performed by the ACOR/TA are as follows:

a. Identify contractor deficiencies to the COR.

b. Review contract deliverables, recommend acceptance/rejection, and provide the COR with documentation to support the recommendation.

c. Assist in preparing the final report on contractor performance for the applicable contract in accordance with the format and procedures prescribed by the COR.

d. Identify contract noncompliance with reporting requirements to the COR.

e. Review contractor status and progress reports, identify deficiencies to the COR, and provide the COR with recommendations regarding acceptance, rejection, and/or Government technical clarification requests.

f. Review invoices and provide the COR with recommendations to facilitate COR certification of the invoice.

g. Provide the COR with timely input regarding technical clarifications for the statement of work, possible technical direction to provide the contractor, and recommend corrective actions.

h. Provide detailed written reports of any trip, meeting, or conversation to the COR subsequent to any interface between the ACOR/TA and contractor.

Section H - Special Contract Requirements

ORGANIZATIONAL CONFLICT OF INTEREST CLAUSE

(a) Introduction. In accordance with Federal Acquisition Regulations (FAR Part 9.5), both the Contractor and the Contracting Officer have an affirmative duty to identify and mitigate actual and potential organizational conflicts of interest (OCI). The purpose of this clause is to ensure that the Contractor (1) is not biased because of its financial, contractual, organizational, or other interests which relate to the work under this contract, and (2) does not obtain any unfair competitive advantage over other parties by virtue of its performance of this contract.

(b) Scope. The restrictions described herein shall apply to performance or participation by the Contractor, in the activities covered by this clause as a prime contractor, subcontractor, co-sponsor, joint venture, consultant, or in any similar capacity. The financial, contractual, organizational, and other interests of Contractor personnel performing work under this contract shall be deemed to be the interests of the Contractor for the purposes of determining the existence of an Organizational Conflict of Interest.

(c) Definitions.

1. "Contractor" means the firm awarded this contract or task order, its affiliates, joint ventures involving the firm, any entity with which the firm may hereafter merge or affiliate, and any other successor or assignee of the firm;
2. "Offeror" means any firm engaged in, or having a known or prospective interest in, participating as an offeror in response to any solicitation related to or resulting from the procurement;
3. "Affiliates" means employees, agents, or officers of the Contractor, its subsidiaries or parent companies, and first tier subcontractors involved in performance of this contract. For the purpose of this clause, affiliation occurs when a business concern is controlled by or has the power to control another or when a third party has the power to control both;
4. "Interest" means organizational or financial interest;
5. "Term of this task order" means the period of performance of any task order issued with this restriction, including any extensions thereto; and
6. "Contracting Officer" is the warranted Government official signing this contract or task order; he or she will be identified by name and will be signing the contract or task-order provision incorporating this Organizational Conflict of Interest clause.

(d) Warranty Against Existing Conflicts of Interest. The warrant and disclosure requirements of this paragraph apply with full force to both the Contractor and all subcontractors. By submitting a proposal in response to this contract, the Contractor warrants that to the best of the Contractor's knowledge and belief, there are no relevant facts or circumstances which would give rise to an organizational conflict of interest, as defined in FAR Subpart 9.5, and that the Contractor has disclosed all relevant information regarding any actual or potential conflict of interest.

(e) Disclosure of Potential Conflicts of Interest. The Contractor recognizes that during the term of this contract, conditions may change which may give rise to the appearance of a new conflict of interest. The Contractor agrees it shall make an immediate and full disclosure, in writing, to the Contracting Officer of any potential or actual organizational conflict of interest or the existence of any facts that may cause a reasonably prudent person to question the Contractor's impartiality because of the appearance or existence of bias or an unfair competitive advantage. Such disclosure shall include a description of the actions the Contractor has taken or proposes to take in order to avoid, neutralize, or mitigate any resulting conflict of interest.

(f) Contracting Restrictions. The Contractor will have access to business sensitive information, including, but not limited to budget estimates, allocations/appropriations data, project or program cost estimates, and contract cost estimates. To ensure objectivity, the Contractor is precluded from participation in any capacity in Government contractual efforts (solicited or unsolicited) where the information that the Contractor had access to during the course of performance under this contract may give it an unfair advantage in developing a competitive proposal. Furthermore, the Contractor cannot be a subcontractor or consultant to the prospective offerors with respect to any such contractual efforts. The term of this prohibition shall be effective for the term of this contract.

(g) Access to and use of information.

1. The Contractor agrees, in the performance of this contract, to keep the information furnished by the Government or acquired/developed by the Contractor in performance of the contract and designated by the Contracting Officer or the Contracting Officer's Representative, in the strictest confidence. The Contractor also agrees not to publish or otherwise divulge such information, in whole or in part, in any manner or form, nor to authorize or permit others to do so, taking such reasonable measures as are necessary to restrict access to such information while in the Contractor's possession, to those employees needing such information to perform the work described herein, i.e., on a "need to know" basis. The Contractor agrees to immediately notify the Contracting Officer in writing in the event that the Contractor determines or has reason to suspect a breach of this requirement has occurred.

2. The Contractor shall have each and every employee accessing information that is subject to these restrictions sign a "non-disclosure agreement (NDA)." These NDAs shall be maintained by the Contractor and shall be available for review/submission to the Contracting Officer upon request. These NDAs must be maintained by the Contractor for the life of the contract plus five-years (5). Before destroying these documents, the Contractor must contact the Contracting Officer for further guidance - these documents may still be documentary evidence to be preserved in the case of litigation. In which case, the documents may have to be maintained in perpetuity. If for some reason, the documents cannot be maintained for the time frames set forth above, the Contractor shall notify the Contracting Officer for further guidance.

3. In addition, the Contractor agrees that to the extent it receives or is given access to proprietary data, data protected by the Privacy Act of 1974 (5 U.S.C. 552a), or other confidential or privileged technical, business, or financial information under this contract, it shall treat such information in accordance with any restrictions imposed on such information. Contractor agrees to enter into company-to-company agreements to protect another company's information from unauthorized use or disclosure for as long as it is considered proprietary by the other company, and to refrain from using the information for any purpose other than that for which it was furnished. For information purposes, the Contractor shall furnish copies of these agreements to the Contracting Officer. These agreements are not intended to protect information which is available to the Government or to the Contractor from other sources and information furnished voluntarily without restriction.

(h) Remedies. The Contracting Officer may terminate this contract for convenience, in whole or in part, if the Contracting Officer deems such termination necessary to avoid, neutralize or mitigate an actual or apparent organizational conflict of interest. If the Contractor fails to disclose facts pertaining to the existence of a potential or actual organizational conflict of interest or misrepresents relevant information to the Contracting Officer, the Government may terminate the contract for default, suspend or debar the Contractor from Government contracting, or pursue such other remedies as may be permitted by law or this contract.

(i) Waiver. Requests for waiver under this clause shall be directed in writing to the Contracting Officer and shall include a full description of the requested waiver and the reasons in support thereof. If it is determined to be in the best interests of the Government, the Contracting Officer may grant such a waiver in writing.

(j) Subcontracts.

1. The Contractor shall include a clause, substantially similar to this clause, in all subcontracts calling for performance of work which is subject to the organizational conflict of interest restrictions identified in this clause, unless excused in writing by the Contracting Officer.

2. Prior to the award under this contract of any subcontracts, the Contractor shall obtain from the proposed subcontractor the disclosure of all financial, contractual, organizational, or other interests which relate to the work under this contract and shall determine in writing whether the interests disclosed present an actual or significant potential for an organizational conflict of interest. Where an actual or significant potential organizational conflict of interest is identified, the Contractor shall take actions to avoid, neutralize, or mitigate the organizational conflict to the satisfaction of the Contractor. If the conflict cannot be avoided or neutralized, the Contractor must obtain the approval of the Contracting Officer prior to entering into the subcontract.

Section I - Contract Clauses

ALL APPLICABLE CLAUSES AND PROVISIONS ESTABLISHED IN THE BASIC MAC CONTRACT ARE HEREBY INCORPORATED BY REFERENCE AND ARE CONSIDERED TO BE IN FULL FORCE AND EFFECT AS IF THEY WERE INCORPORATED IN FULL.

Clauses Incorporated by Reference

52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements- Representation. (Jan 2017)

52.204-16 Commercial and Government Entity Code Reporting (Aug 2020)

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Nov 2021)

52.204-18 Commercial and Government Entity Code Maintenance (JAug 2020)

52.217-5 Evaluation of Options (Jul 1990)

52.217-9 Option to Extend Services (Mar 2000)

52.219-14 Limitations on Subcontracting (DEVIATION 2021-O0008) (Feb 2023)

52.219-30 Notice of Set-Aside for, or Sole-Source Award to, Women-Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program (Oct 2022)

52.222-46 Evaluation of Compensation for Professional Employees (Feb 1993)

52.223-5 Pollution Prevention and Right-to-know Information (May 2024)

52.228-5 Insurance-Work on a Government Installation (Jan 1997)

52.237-1 Site Visit (Apr 1984)

52.237-2 Protection of Government Buildings, Equipment, and Vegetation (Apr 1984)

52.243-1 Changes-Fixed-Price (Aug 1987)

52.246-4 Inspection of Services - Fixed Price (Aug 1996)

52.249-4 Termination for Convenience of the Government (Services) (Short Form) (Apr 1984)

252.204-7004 Antiterrorism Awareness Training for Contractors (Jan 2023)

252.223-7006 Prohibition on Storage, Treatment, and Disposal of Toxic or Hazardous Materials (Sep 2014)

Clauses Incorporated by Full Text

52.209-7 Information Regarding Responsibility Matters. (OCT 2018)

(a) Definitions. As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables. Federal contracts and grants with total value

greater than \$10,000,000 means-

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror [] has [] does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked has in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level

that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

- (iii) In an administrative proceeding, a finding of fault and liability that results in-
- (A) The payment of a monetary fine or penalty of \$5,000 or more; or
- (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.
- (iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.
- (2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.
- (d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

(End of Clause)

52.217-9 Option to Extend the Term of the Contract. (MAR 2000)

- (a) The Government may extend the term of this contract by written notice to the Contractor at any time prior to contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 1 day before the contract expires. The preliminary notice does not commit the Government to an extension.
- (b) If the Government exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 60 (months).

(End of clause)

52.252-1 Solicitation Provisions Incorporated by Reference. (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es): <https://www.acquisition.gov/content/regulations>

(a) Definitions. As used in this clause--

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) Electronic invoicing. The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall--

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>.

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) WAWF payment instructions. The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) Document type. The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items--

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial item financing, submit a commercial item financing request.

(2) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF Data to be entered in WAWF

Field Name in WAWF	Data to be entered in WAWF

Pay Official DoDAAC	<u>TBD</u>
Issue By DoDAAC	
Admin DoDAAC**	
Inspect By DoDAAC	
Ship To Code	
Ship From Code	
Mark For Code	
Service Approver (DoDAAC)	
Service Acceptor (DoDAAC)	
Accept at Other DoDAAC	
LPO DoDAAC	
DCAA Auditor DoDAAC	
Other DoDAAC(s)	

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) Payment request. The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) Receiving report. The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

Section J - List of Attachments

Section K - Representations, Certification, & Other Statements

The requirement for Annual Representation and Certifications at 52.204-8 applies at the basic multiple award contract (MAC) level for each offeror. Offerors are not required to submit representation or certifications in response to this solicitation or its subsequent Task Order award, if any. All requests for representation or certification shall come from the MAC Contracting Officer in accordance with the terms of the basic contract.

The Ordering Officer will consider the offerors size/socioeconomic status as defined by the Seaport NxG ConOps.

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

1. General Instructions

This solicitation is issued as a Woman Owned Small Business (WOSB) Set-Aside under Seaport NxG using Fair Opportunity under FAR 16.505. Only offers received from eligible WOSBs with a Seaport NxG contract will be considered for award.

The Government contemplates award of a single Firm-Fixed Price (FFP) contract from this solicitation. The resultant contract is for COMNAVSURFPAC Financial Analyst support Services in accordance with the Performance Work Statement (PWS) provided herein. Offers will be evaluated and an award decision will be made using the tradeoff process. The contract performance period is for one base year followed by four one-year option periods. All option years will be evaluated prior to award.

Questions regarding this procurement must be submitted **ONLY** via the Seaport NxG portal. All questions shall be submitted no later than 3 business days prior to solicitation closing date. Questions received after this date will not be guaranteed a response. All questions and answers will be posted only within the Seaport NxG portal. Other methods of question submittal will not be acknowledged.

Any exception to the Government's technical requirements/specifications must be resolved prior to the solicitation closing date. Offerors that take exception to the Government's technical requirements without prior resolution with the Contracting Officer will not be considered for award. Alternate proposals are not authorized and will be rejected.

The Government intends to award a contract without discussions. Notwithstanding this intent, the Government reserves the right to establish a competitive range, conduct discussions with offerors in the competitive range, if necessary, and to permit such offerors to revise their proposals. The Government also reserves the right to change any of the terms and conditions in the RFP by an amendment at any time prior to contract award and to allow offerors to revise their proposals accordingly.

The Government reserves the right to reject all proposals received in response to a solicitation, if doing so is in the best interest of the Government.

An Offeror's proposal is presumed to represent the best efforts to respond to the solicitation. The proposal shall present evidence of the Offeror's understanding of the requirements and their interrelationships. The proposal shall demonstrate the Offeror's familiarity with the detailed aspects of the requirements and shall clearly show that the Offeror correctly interpreted all of the requirements. Responses must adequately address specific RFP requirements. Statements such as "the Offeror understands" and "the Offeror shall/can comply" along with responses that paraphrase the RFP are inadequate. The use of phrases such as "standard practices" (with a specific government reference or industry reference) is unacceptable. Offerors are cautioned to not simply restate the specifications in their technical proposal. Elaborate brochures or documentation, binding, detailed artwork, or other embellishments are unnecessary and are not desired. Failure of a proposal to comply with these instructions may be grounds for exclusion of the proposal from further consideration.

The proposal should be complete as submitted and not include references to data or information previously submitted. Data previously submitted to the Navy, if any, will not be incorporated "by reference" into the proposal and will not be considered in the evaluation of the proposal.

At the government's discretion, the offeror's proposal may be incorporated into the final contract, either in whole or in part.

After the solicitation closing date, the contracting officer may require an offeror to promptly submit information to demonstrate the offeror is responsible.

2. Proposal Format and Content

Offerors shall submit their proposals in the following format:

Volume I - Signed Offer - Seaport NxG Solicitation

Volume II - Technical Proposal

Volume III - Past Performance

Volume IV - Price

Volume Name	Number of Copies	Page Limit
Volume I - Proposal/Complete Solicitation	(1) Seaport NxG System	Unlimited
Volume II - Technical**	(1) Seaport NxG System	(25) pages excluding letters of intent

Volume III - Past Performance	(1) Seaport NxG System	(2) pages, exclusive of Offeror's Past Performance Data (OPPD)
Volume IV - Price	(1) Seaport NxG System	Unlimited (Excel) - Submission may also include 5 page max explanatory word document.

****Volume II must not contain any price or cost information**

****Page limits do not include cover page or table of contents. However, these pages shall not include any material information that needs to be evaluated.**

Electronic copies shall be provided via the Seaport NxG portal no later than the stated due date and time. Electronic documents shall be submitted in Adobe PDF, Microsoft Word, or Microsoft Excel format. Zip files are not allowed. All other formats will not be acceptable. All proposals must be received by the date specified in the RFP via the Seaport NxG portal and shall contain all of the specified volumes to be considered for award.

The proposal must be single-spaced typed (one side only) using Microsoft Word minimum 12-point Font text. Graphs/tables/charts may be included as necessary and may be in 10-point font text. Hyperlinks may not be used.

All pages in each volume shall be numbered sequentially (i.e., 1-25); pages identified above that are not included in the page limitation may be numbered differently or not at all. The Government will only evaluate that part of the proposal that complies with the instructions set forth herein. For example, if the requirement is a maximum of 25 pages and an offeror submits 27 pages, the last two pages will not be read and/or evaluated.

Volume I - Offer

Volume I of the proposal is the offer. The offer must include a complete copy of the Solicitation. This volume shall be completely filled in and signed by the offeror. Contractors are required to provide an offer based on the most up to date information provided by the Government.

The proposal shall include a cover letter from the Offeror and each subcontractor. The following information shall be included in the cover letter:

- a. The company name, address, point of contact with telephone and facsimile numbers, e-mail address, Contractor and Government Entity (CAGE) code, Data Universal Numbering System (DUNS) number, and Tax Identification Number (TIN); and Seaport NxG contract number.
- b. Names, titles, telephone and facsimile numbers and e-mail addresses of persons authorized to negotiate and signature of person authorized to sign the proposal (Not required for the Subcontractor) on the Offeror's behalf with the Government in connection with this solicitation;
- c. Proposal validity for 90 days; and
- d. Completed Representations and Certifications of solicitation provisions or certification of completion within the offerors System of Award Management (SAM) profile.

Volume II - Technical

The purpose of this section is to enable the Navy to assess the Offeror's technical understanding of and approach to perform, manage and control tasks in the Performance Work Statement (PWS), Section C of the solicitation.

The Technical Proposal shall consist of no more than 25 pages, excluding letters of intent, employment agreements, title page, table of contents, and cross-reference index list. Offerors are cautioned that no more than the first 25 pages of their Technical Proposals will be evaluated. If any offer is not in compliance with the page limitation on Technical Proposals the extra pages will be removed and not evaluated. There shall be no cost information included in the Technical sections of the offer.

The Offeror must state explicitly whether or not any exceptions are taken to the terms and conditions of the solicitation. If so, the Offeror shall list and provide its rationale for any such exception. Any comments or exceptions must be addressed in this section and may form the basis for an Offeror to be considered ineligible for award. Alternate proposals are not authorized and will be rejected.

Factor I - Technical Approach to Meet the Requirement

Sub-factor 1: Technical Understanding and Approach

Sub-factor 2: Staffing/Key Personnel

Sub-factor 3: Management/Structure Plan

Sub-factor (1) Technical Understanding and Approach - Offerors must demonstrate a sufficient understanding of and approach to the various requirements identified in the Performance Work Statement (PWS). Technical areas to be addressed include Program, Planning, Budget, Execution (PBBE) analysis; financial analysis; training; financial systems support; standardization of the financial management processes in the form of shipboard financial user's manuals, standard operating procedures, and instructions; metrics support; and Financial Analyst. Offerors shall provide a

narrative explanation of their general understanding of the methodology and ability to perform all the PWS tasks. Emphasis should be placed on proven ability to provide like or similar work, corporate experience/team experience or other like information demonstrating understanding and approach to work the various tasks set forth in the PWS.

The technical approach shall demonstrate that the Offeror can accomplish the specific tasks in a technically competent, timely, cost effective manner with minimum risk to the Government. The narrative should provide a complete analysis of the performance requirements and explain the processes, best practices and other methods the Offeror will use to meet each requirement stated in the PWS. The technical approach is not to be a restatement of the information contained in the PWS.

Sub-factor (2) Staffing/Key Personnel - Offerors must provide a staffing plan that demonstrates that the contractor will be capable of providing in a timely manner 100% of the required staffing (in terms of labor category and quantity) for the contract. Offerors shall describe their plan to staff the contract in order to meet all PWS requirements. A job description shall be provided for each of the proposed individuals. The proposal shall clearly identify titles, responsibilities and positions of proposed personnel within the organization structure of the Offeror. The Offeror shall also provide a chart that links the experience of the proposed personnel to the specific PWS paragraph.

The Staffing Plan shall further identify which personnel are currently on the Offeror's payroll, which are currently on a proposed subcontractor's payroll, and which have been offered and have accepted employment contingent on award of this task order (prime and subcontractor). For each person proposed who is not currently on the contractor or subcontractor's payroll, the Offeror shall provide a signed "Letter of Intent" which includes the offered salary. Letters of Intent are excluded from the page proposal page count.

This section shall include a list of two key personnel and non-key personnel clearly identified (prime and subcontractor) whom the offeror proposes to assign to the contract. Resumes shall be included for all proposed key and non-key personnel: Senior Financial Analyst and Financial Analyst. The list shall also identify the labor category to which each individual is assigned and the degree of involvement (full time or part time and percentage).

The Navy will rate the quality of personnel proposed for the two key positions. Quality of the personnel proposed will be determined by the Navy's evaluation of resumes submitted in terms of the merit of the individual's qualifications and any relevant information obtained from review of Government Past Performance reports. This information will be compared to solicitation requirements.

Resumes shall not exceed two pages in length. Resumes shall be grouped by labor category.

Each resume shall provide the following information:

- Name;
- Present place of employment (if contingent hire, so note);
- Security clearance (if applicable);
- Proposed labor category;
- Experience and educational background;
- Unique skills, specific experience, and accomplishments that are directly applicable to the PWS; and
- Proposed application of the individual to the contract effort (i.e., full time or part time).

Educational information must include as a minimum: degree, major, college, date degree awarded, applicable military schools or courses, program related experience.

Desired qualifications and experience of each individual should be appropriate to the proposed labor category. Required years of program related experience must be clearly shown in the resume and may be satisfied by concurrent experience.

Qualifications for required personnel categories are provided below and must be specifically addressed in individual resumes. As stated above, resumes are required for Key and Non-Key Personnel and the staffing list shall include qualifications for ALL proposed personnel including non-key personnel.

If the Offeror proposed personnel from a different labor category as listed below for key personnel, or by a different title, a cross-reference list is required to be provided in the offeror's proposal justifying the submission. The justification should clearly state the basis for the deviation and rationale supporting the deviation.

SECRET security clearances are required for personnel listed below. Designated personnel shall obtain and maintain SECRET Clearances.

a. Senior Financial Analyst; Key Personnel

Security Clearance: "Secret" level clearance

Education: Bachelor's degree in accounting, finance, or business disciplines.

Experience Requirements:

- Recent experience as a Lead Financial Program Analyst.
- Recent experience utilizing financial and business process expertise includes developing comprehensive training strategies to sustain an effective N-ERP training program.
- Recent experience creating or updating SOPs, desk guides, learning aids, and other documentation for stakeholders and end users.
- Minimum of five years of recent experience. The Navy considers "recent" experience to be experience acquired within the last two years.

b. Financial Analyst III; Key Personnel

Security Clearance: "Secret" level clearance

Education: Bachelor's degree in accounting, finance, business or minimum of 5 years of recent financial/audit experience.

- Recent experience as a Financial Analyst.
- Recent experience including active participation in Business Process Improvement (BPI) initiatives to standardize and enhance financial management processes in preparation for independent audits.
- Recent experience utilizing financial systems and methodologies developing and implementing Internal Control Review (ICR) testing programs and supporting all ICR requirements in coordination with AU Points of Contact (POCs).
- Minimum of five years of recent experience.

c. Financial Analyst III; Non-Key Personnel

Security Clearance: "Secret" level clearance

Education: Bachelor's Degree (desired), No specific discipline

- Recent Navy Business Operations Financial Analyst experience including leading Business Process Improvement (BPI) initiatives using Lean, Six Sigma, and the Navy's "Get Real Get Better" (GRGB) methodology to enhance efficiency and reduce waste.
- Experience utilizing technical and analytical tools to support financial operations includes creating customized reports and templates with Microsoft Power BI, Access Database, and Excel for in-depth data analysis.
- Minimum of five years of recent experience

d. Financial Analyst II; Non-Key Personnel

Security Clearance: "Secret" level clearance

Education: No bachelor's degree required

- Recent experience in the use of various financial and supply systems such as Navy Enterprise Resource Planning (N-ERP), Defense Travel System (DTS), SYNCADA, and the Continuous Monitoring Program (CMP) includes performing budget and accounting functions.
- Recent experience with various financial management processes involves processing funding documents, including purchase requests (PRs), tracking, posting, and reconciliation, while providing training and assistance to end users submitting requests in N-ERP.

- Minimum of three years of recent experience.

Sub-factor (3) Management/Structure Plan - The proposal shall describe the Offeror's proposed management and administration organization to be used to perform the contract. In addition to a narrative description, organizational/functional charts must be used to illustrate the lines of management responsibility. The management plan must describe lines of responsibility and authority, chain of command, reporting requirements, and communication through which work will be performed. The plan must demonstrate that the Offeror has the expertise and resources to assume complete performance responsibility in an expeditious and economical manner. Offerors must document its ability to handle and properly supervise employees who may be geographically separated from their corporate headquarters. Offerors must demonstrate its plan to handle complex technical, funding and performance issues - and must document the robust and responsive nature of its management structure, management policies (to include training and recruitment) and overall corporate structure/teaming arrangements to address the various elements of the PWS.

Volume III - Past Performance

Offerors are required to submit past performance information for three (3) recent and relevant contracts that demonstrate their ability to successfully perform the efforts described in this solicitation. For each of the three contracts, Offerors shall provide one of the following:

1. **Offeror Past Performance Document (OPPD):** A document containing a detailed description of the work performed, contract value, period of performance, and a point of contact for the client.
2. **Contractor Performance Assessment Reporting System (CPARS) Report:** In lieu of an OPPD, Offerors may submit the final, government-issued CPARS report for the referenced contract.

Offerors shall contact their past performance references and request that each reference complete the "Offeror's Past Performance Data" (OPPD) Attached. A prime contractor shall not submit an OPPD for one of its subcontractors nor shall a subcontractor submit an OPPD for their prime contractor. OPPDs received of this nature will not be accepted or evaluated. OPPDs shall be emailed directly from the reference to michelle.a.muniz.civ@us.navy.mil. OPPDs submitted by the offeror or one of its subcontractors, will not be evaluated.

In addition to the OPPD, offeror's may include in Volume III, a document listing all potential references. Information to be provided is reference name, address, phone number, email address, and other identifying information such as Contract Number and type of work performed.

The government shall evaluate the offeror's past performance on similar or directly-related work performed no earlier than 01 October 2022 which is similar in scope, magnitude, and complexity to that detailed in the PWS. Past performance shall be evaluated based on relevance and on recency. Past Performance references may include federal, state, or local government and private contracts performed by the offeror for efforts similar to the Government requirement. Offerors are encouraged to provide information on problems encountered on the identified contracts and the corrective actions.

If the offeror possesses no relevant past performance, it must affirmatively state this fact in the Volume III submittal.

Volume IV - Price

Proposals shall include pricing in excel format with breakdown of different elements (i.e. hours, labor rates, fringe, overhead, G&A, profit etc.) by CLIN with unhidden formulas.

Price Summary - Offeror shall provide a total pricing summary that identifies all labor categories and hours by category, direct labor rates, ODCs, subcontractors/consultants (if any), indirect/FCCM burden rates and their application, calculated costs, fee and total FFP pricing by contract year and in total for all five contract years

Total CLIN pricing should be rounded to the nearest whole dollar.

Proposed subcontractor costs shall be separately identified and may be submitted separately. Both contractor and subcontractor's MUST CLEARLY present all indirect rates in percentages as well as dollars. Prime and subcontractors shall identify relevant DCAA point-of-contact, phone number, and email address in the form of dcaafao#####@dcaa.mil vice john.smith@dcaa.mil. All information MUST be verified for accuracy before submitting.

Labor Hours - The Table below lists the Government's best estimate based on historical usage of the labor mix required for performance of the PWS. Offerors should bid to the labor mix/hours below.

The labor hours specified must include both prime and subcontractor labor and shall be used by the Offeror in determining the proposed price for each CLIN. The direct labor hour estimates need not be addressed by the Offeror's technical proposal.

Financial Analysis Support Services Proposal Direct Labor Hour Estimates

FTE	Total Hours	Primary Work Location Government Site

Senior Financial Analyst	1,912	CNSP
Financial Analyst III	1,912	CNSP
Financial Analyst III	1,912	CNSP
Financial Analyst III	1,912	CNSP
Financial Analyst III	1,912	CNSP
Financial Analyst II	1,912	CNSP
Financial Analyst II	1,912	CNSP
Total Hours Required	13,384.00	

The Estimated Total Hours include any subcontracting hours but exclude holidays, sick leave, vacation days and other absences. The baseline FTE is 1,912 hours.

***NOTE: Price proposals that deviate from the above estimates may not be considered for award. Offerors may propose use of different labor categories; however, should they do so, shall provide a matrix that maps their labor category (LCAT) to the LCAT listed by the government. Deviation from the labor hours above requires detailed explanation of how the contractor plans to accomplish the requirements of the PWS with less labor than historically required.

Other Direct Costs (Travel)

Offerors shall propose a NTE \$164,574.00 per year for each of the travel CLINs. No breakdown of proposed NTE is required.

In addition, see FAR clause 52.222-46, included in Section M, for compensation plan requirements.

(End of Provision)

Section M - Evaluation Factors for Award

1. Basis for Award:

The Government anticipates a single Firm-Fixed Fee (FFP) contract award resulting from this solicitation. The solicitation will be a Seaport NxG Woman Owned Small Business (WOSB) Set-Aside and award will be made using a tradeoff source selection process and Fair Opportunity under FAR 16.505. Offerors are advised that the Government reserves the right to make award to other than the lowest priced or the highest rated offeror if the Government determines that doing so would result in the overall best value to the Government.

To be eligible for award, the quote must fully demonstrate understanding of the requirements within the Performance Work Statement (PWS). As such, offers that take exception to any term or condition of this solicitation, propose any additional term or condition, or omit any required information, may not be considered for award. Alternate quotes are NOT authorized and will be rejected. An offeror must quote in accordance with the directions set forth in Section L of this solicitation to be considered for award.

The Government will accept only one offeror. No multiple awards will be made. Any inconsistency, within the price proposal or between the technical or price proposals, should be fully explained, or it may be considered a discrepancy within the offer and a risk in the offeror's ability to perform, which will lower the evaluation rating.

The Government intends to award this contract without discussions. Notwithstanding this intent, the Contracting Officer reserves the right to conduct discussions, a matter within her discretion. If this occurs, the Contracting Officer shall establish a competitive range. The Government also reserves the right to limit the number of offerors in the competitive range for purposes of efficiency. At the conclusion of discussions, the Contracting Officer shall give each offeror within the competitive range an opportunity to revise their quote as appropriate.

A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

2. Evaluation Factors and Rating Criteria

The evaluation factors represent key areas of importance to be considered in the source selection decision. The Government will evaluate quotes based on the following Factors:

-Factor I - Technical

-Factor II - Past Performance Confidence

-Factor III - Price

Relative Weights:

Individually, the factors are listed in descending order of importance. Factor I - Technical Approach and Factor II - Past Performance, when combined, are significantly more important than price.

Factor 1 "Technical" will consist of three (3) subfactors: Technical Understanding and Approach, Staffing Plan and Management Plan, in descending order of importance. Each subfactor will be individually rated. The Technical Factor I, will be given an overall "Technical" score based on the ratings of the three (3) subfactors. A rating of unacceptable in any subfactor shall render the entire factor unacceptable. A proposal with an unacceptable factor rating shall be ineligible for award and will not be further evaluated under Past Performance or Price. The overall factor rating will be used for trade-off analysis but if more than one offeror has the same overall rating, the subfactor ratings may be used in the trade-off analysis.

Factor 2 "Past Performance Confidence" will be evaluated by assigning a relevancy rating for each past performance effort submitted and assigning one overall rating for Past Performance Confidence. A proposal with a No Confidence past performance rating shall be ineligible for award and will not be further evaluated under price. The overall Past Performance Confidence rating will be used for trade-off analysis.

Factor 3 "Price" will be evaluated by comparing the total proposed prices of acceptable offerors. In addition, the contracting officer may use any other FAR price analysis technique to determine if the proposed price is fair and reasonable.

Although price is significantly less important than a combined Technical and Past Performance, it should not be ignored. To the extent that the technical and past performance ratings of competing offers are similar, such that the advantages of one quote over another are minimal, a difference in price will take on increased significance in the best value decision.

Additionally, prior to award, a responsibility determination will be made in accordance with FAR 9.104-1 and will take into consideration the information submitted by the offeror and information obtained from other sources.

Any quote receiving an "Unacceptable" rating in the Technical Factor shall render the entire quote ineligible for award and it will not be further evaluated for Past Performance or Price.

Factor I - Technical Rating Criteria

Inherent in a tradeoff evaluation is the fact the Contracting Officer, while always be mindful of Price, encourages strengths and/or innovative

approaches. Accordingly, to the extent an offeror provides strengths to its proposal, the offeror may receive a higher rating. Offerors are on notice that well documented technical capability, improved management approach and an extensive staffing plan will be considered "strengths." However, Offerors are advised that the Government may give a higher rating only if the strength(s) represent a real value or benefit to the Government. The Government will not pay a premium for severe overstaffing of the requirement.

The following Factor (I) Sub-factors shall be rated individually with these ratings used to determine an overall rating for Technical. Of equal order of importance, the Technical sub-factors are:

Sub-factor (1) Technical Understanding and Approach:

The Government will evaluate the technical understanding and approach to determine the offeror's overall understanding and capability to successfully accomplish the PWS and to determine if the offeror understands the efforts, has proposed a proper labor mix to accomplish the task(s), and whether it has demonstrated its ability overall to accomplish the task(s). The Technical evaluation will analyze the degree to which the proposed approach meets or does not meet the minimum performance or capability through the assessment of the strengths and weaknesses, deficiencies, and performance risk.

Sub-factor (2) Staffing/Key Personnel:

The Government will evaluate the degree the proposed employees meet the minimum qualifications set forth in Section L of this RFP. The Government may give a higher rating to the Resume subfactor to the extent that an Offeror proposes key personnel who exceeds the minimum qualifications IF those resumes contain strengths and/or enhancements that represent real value to benefit the Government.

Sub-factor (3) Management/Structure Plan:

The Government will evaluate the management plan sub-factor based on the degree the proposed approach addresses management and administration of on-going day-to-day coordination, direction, execution of PWS tasks, and the ability to manage unplanned events and circumstances.

The following table of Adjectival Ratings/Description shall be used for the Technical/Risk Rating for Factor (I). The overall Factor I (Technical) rating will be determined by evaluating the ratings for each of the sub-factors. The overall rating will be used for tradeoff analysis but when two or more offerors are give the same rating, subfactor ratings may come into play in the tradeoff analysis. Inherent in the Factor (I) rating definition is a component for risk, reflecting the projected risk of the proposed approach to successfully perform the contract.

Adjectival Rating	Description
Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths. Risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength. Risk of unsuccessful performance is moderate to low.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements. Risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation, and thus, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Quote is unawardable.

A rating of unacceptable in either of the subfactors, or in the overall rating for Technical may render the proposal ineligible for award and it may not be considered further for award.

Factor II - Past Performance Rating Criteria

The Government will assign one relevancy rating for each past performance effort submitted (maximum of 3), and one rating for overall confidence.

The assessment of offeror's past performance will be used by the Government as a means to evaluate the relative capability of the offeror and other competitors to successfully meet the requirements of the PWS and as a measure of performance risk for contract award, taking relevancy and how recent into consideration. Contract Performance Assessment Reporting System (CPARS) will also be accessed to locate recent and relevant information.

The Government intends to verify past performance information on contracts listed by the offerors. The Government reserves the right to contact some or all of the references. The Government further reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government.

Recency, as it pertains to past performance information, is a measure of the time that has elapsed since the past performance reference occurred. Recency is generally expressed as a time period during which past performance references are considered relevant. To be deemed recent, the referenced work must have been performed no earlier than October 01, 2022. If a reference is not deemed recent, that reference will not be further evaluated for relevancy.

Relevancy, as it pertains to past performance information, is a measure of the extent of similarity between the service/support effort, complexity, dollar value, contract type, and subcontract/teaming or other comparable attributes of past performance examples and the solicitation requirements; and a measure of the likelihood that the past performance is an indicator of future performance. An offeror's past performance is relevant when it is similar to the challenges that may occur under the described work to be performed in this solicitation. Relevancy may include, but is not limited to, similarity to work detailed in the PWS with respect to complexity, length of performance, number of tasks, scope, type of work, and value. Past performance shall be evaluated based on Relevancy (the less relevant the past performance, the lower the rating), as well as Confidence (timeliness, quality, cost control, and customer satisfaction as indicated by the questionnaire).

In the case of an offeror without a record of relevant past performance, or for whom information on past performance is not available, the government will not evaluate the offeror favorably or unfavorably on past performance. Such offerors will receive a not relevant rating for past performance. However, the quote of an offeror with no relevant past performance history, may not represent the more advantageous quote to the government when compared to the quotes of other offerors.

Past Performance relevancy will be rated as follows:

Past Performance Relevancy Ratings	
Adjectival Rating	Description
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

In determining Past Performance Confidence, the Government shall consider how well the contractor has performed on previous contracts in areas such as timeliness, quality, cost control, and customer satisfaction. With respect to relevancy, past performance of greater relevancy will typically be a stronger predictor of future success and have more influence on the past performance confidence assessment than past performance of lesser relevance.

In the case of an offeror without a record of relevant past performance, or for whom information on past performance is not available, the government will not evaluate the offeror favorably or unfavorably on past performance. Such offerors will receive a rating of "Unknown Confidence (Neutral)." A "Substantial Confidence" or "Satisfactory Confidence" past performance rating is worth more than a "Neutral Confidence" past performance rating.

Past Performance Confidence Assessment will be rated as follows:

Past Performance Confidence Assessment	
Adjectival Rating	Description

Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Unknown Confidence (Neutral)	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The Offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will successfully perform the required effort.

An overall rating of "No Confidence" will render the offeror ineligible for award and it will not be further evaluated for Price.

Factor III - Price

The total evaluated price will be computed as the sum of the annual prices, inclusive of the option periods. Option prices will be included in the evaluation for award of the contract. Proposals that do not offer all items (including options) or which offer only partial CLIN pricing may be rejected as unacceptable. The Government may consider an offer that is materially unbalanced to be unacceptable. Pursuant to FAR 52.217-9, the evaluation of options noted in this section will not obligate the Government to exercise the options.

3. Award Decision

An award will be made to the offeror whose quote contains a combination of Technical (Factor I), Past Performance (Factor II), and Price (Factor III) that offers the best overall value to the Government. The Government is more concerned with obtaining superior Technical (Factor I) and Past Performance (Factor II), than making the award to the lowest Price (Factor III) offered to the

Government. However, the Government will not pay a premium for enhancements the Government considers unnecessary.

52.217-5 EVALUATION OF OPTIONS (JUL 1990)

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

52.222-46 EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)

(a) Recompensation of service contracts may in some cases result in lowering the compensation (salaries and fringe benefits) paid or furnished professional employees. This lowering can be detrimental in obtaining the quality of professional services needed for adequate contract performance. It is therefore in the Government's best interest that professional employees, as defined in 29 CFR 541, be properly and fairly compensated. As part of their proposals, offerors will submit a total compensation plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract. The Government will evaluate the plan to assure that it reflects a sound management approach and understanding of the contract requirements. This evaluation will include an assessment of the offeror's ability to provide uninterrupted high-quality work. The professional compensation proposed will be considered in terms of its impact upon recruiting and retention, its realism, and its consistency with a total plan for compensation. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure.

(b) The compensation levels proposed should reflect a clear understanding of work to be performed and should indicate the capability of the proposed compensation structure to obtain and keep suitably qualified personnel to meet mission objectives. The salary rates or ranges must take into account differences in skills, the complexity of various disciplines, and professional job difficulty. Additionally, proposals envisioning compensation levels lower than those of predecessor contractors for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted high-

quality work, and availability of required competent professional service employees. Offerors are cautioned that lowered compensation for essentially the same professional work may indicate lack of sound management judgment and lack of understanding of the requirement.

(c) The Government is concerned with the quality and stability of the work force to be employed on this contract. Professional compensation that is unrealistically low or not in reasonable relationship to the various job categories, since it may impair the Contractor's ability to attract and retain competent professional service employees, may be viewed as evidence of failure to comprehend the complexity of the contract requirements.

(d) Failure to comply with these provisions may constitute sufficient cause to justify rejection of a proposal.

(End of provision)
