C-211-H018 APPROVAL BY THE GOVERNMENT (NAVSEA) (JAN 2019)

(Jan 2019)

Approval by the Government as required under this contract and applicable specifications shall not relieve the Contractor of its obligation to comply with the specifications and with all other requirements of the contract, nor shall it impose upon the Government any liability it would not have had in the absence of such approval.

C-212-W002 COMMERCIAL SUPPLIER AGREEMENTS (NAVSEA) (MAR 2019)

(Mar 2019)

(a) Commercial Supplier Agreement means End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement.

(b) Any Commercial Supplier Agreement must be provided in full text as part of a quote or offer without hyperlinks.

(c) The contract/order Schedule and Federal Acquisition Regulation (FAR) 52.212-4, Contract Terms and Conditions--Commercial Items, shall take precedence over any conflicting provisions in a Commercial Supplier Agreement.

(d) If any requirement in the Commercial Supplier Agreement conflicts with Federal law or regulations (see FAR 12.212(a)), the following shall apply:

(i) Any such requirement is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such requirement by virtue of it appearing in the Commercial Supplier Agreement. If the Commercial Supplier Agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such requirement.

(iii) Any such requirement is deemed to be stricken from the Commercial Supplier Agreement.

(e) Automatic renewals. License Agreements will expire at end of the term identified in the Purchase Order /Contract. Automatic renewals are not permitted and any such provision is void.

(f) Changes to the Commercial Supplier Agreement. Unilateral changes of the Commercial Supplier Agreement are impermissible and any requirement authorizing such changes is unenforceable. Changes must be in writing and executed by both parties to be effective.

(g) Third Part License (Embedded Software).

(i) The Contractor agrees that it has obtained all necessary licenses for the Government for any third party materials (including without limitation all Open Source licenses) provided within the product.

(ii) Contractor agrees that it complies with and shall continue to comply with all of its obligations under Third Party Licenses (including without limitation all Open Source licenses) associated with any third party materials provided within each product.

(iii) To the extent that the Government's use of the software products licensed herein is in compliance with the Contractor's Commercial Supplier Agreement, the Government's use will also be in compliance with any Third Party Licenses.

(h) Audits. In lieu of any audit provisions in the Commercial Supplier Agreement, the Government agrees that, no more than once every twelve (12) months or within a reasonable time after a transfer, the Contractor shall, upon reasonable notice, have the right to require that the Government conduct an internal audit to ascertain and verify the number of licenses in use and to verify that the Government's use of the product is in conformity with this Agreement. The Government is not required to use any tools provided by the Contractor to conduct the audit and shall not be required to pay for any tools provided by the Contractor to conduct the audit. The results of any such audit shall be kept confidential.

If verification discloses that the Government's use is not in conformity with this Agreement, the Government agrees to resolve any noncompliance by either removing or correcting the unlicensed installation and use of the software identified by the audit as not in conformity with this Agreement.

(i) Confidentiality. Commercial Supplier Agreements' terms and the final contract pricing may not be deemed confidential. Other marked confidential information will be appropriately guarded.

(j) Assignment. The Government shall have the right, without the prior written consent of the Contractor or its authorized resellers, to assign, reassign, or transfer software licenses among Government employees or the Government's rights in the Contractor's product to any governmental organization that is managed, operated, or controlled by the Government.

Such authorization includes sublicensing, and assignment or transfer among or between authorized users. In the event authorized users are reorganized or restructured such that their responsibilities and operations are transferred to another government agency, the agency shall have the right to assign the affected program licenses to a successor agency. The licensed agency and the successor agency agree to be bound to the Commercial Supplier Agreement as modified. The transferee shall be bound by the license metrics and limitations in this license. Government shall complete any documentation required by the Contractor to facilitate the transfer of this license, and continuation of support shall be the responsibility of the transferee.

For the avoidance of doubt, any assignment or transfer of licenses of the Contractor's products is also subject to all other terms of the Commercial Supplier Agreement, as well as the Contractor's policies governing product dependencies and version compatibility. Reassignment does not require that the license be under maintenance or support in order to execute a transfer.

(k) Litigation. Any requirement insisting that the commercial supplier or licensor control any litigation arising from the government's use of the contractor's supplies or services is deleted and unenforceable.

(l) Equitable Remedies. Equitable remedies, injunctive relief, and binding arbitration requirements shall not be enforced unless explicitly authorized by agency guidance or statute.

(m) Venue. Any claim or dispute shall be resolved under the Contract Disputes Act and FAR 52.233-1. The forum for resolution of disputes and applicable statutes of limitation shall be governed by federal law.

(n) Applicable law. In accordance with FAR 52.233-4, United States law shall apply to resolve any claim of breach of this contract and such actions shall be handled in the applicable Federal court of jurisdiction.

- (f) It is agreed that, to the extent that any technical or other data is computer software by virtue of its delivery in digital form, the Government shall be licensed to use that digital-form data with exactly the same rights and limitations as if the data had been delivered as hard copy.
- (g) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legend(s) apply to the extent possible. E-246-H003 DELIVERY OF COMPLETED VESSEL (NAVSEA) (OCT 2018)

(Oct 2018)

(a) The vessel shall not be presented for acceptance trials (as used in this requirement acceptance trials means acceptance trials or combined acceptance trials) until it is determined by the Supervisor that the Contractor has satisfactorily carried out those parts of the builder's trials for which the Contractor is responsible, including builder's dock and sea trials, and that the Contractor has:

(i) Corrected all Contractor responsible deficiencies discovered before completion of all builder's sea trials, unless otherwise agreed to in writing by the Contracting Officer; and

(ii) Corrected all Contractor responsible deficiencies discovered after completion of the builder's sea trials which are determined by the Contracting Officer to be necessary to avoid an adverse effect on the operational capability of the vessel.

(b) The Contractor shall be responsible for scheduling an interval of a minimum of ____ () days between the satisfactory completion of acceptance trials and delivery of the vessel. During this period, the Contractor shall satisfactorily correct all Contractor responsible deficiencies, whether discovered before, during, or after completion of acceptance trials, which are determined by the Contracting Officer to be necessary to avoid an adverse effect on the operational capability of the vessel.

(c) Prior to delivery of the vessel, to the extent necessary for tests, crew training, or operations which the Government is to perform and which do not require the Government to have control of the entire vessel, the Contractor shall make parts of the vessel available to the Government; to the extent necessary for tests, crew training, trials or operations which the Government is to perform and which require the Government to have control of the entire vessel, such as alongside training, fast cruise and underway trials, the Contractor shall make the entire vessel available to the Government at dockside, at the Contractor's plant, for such periods of time as are necessary for such trials and operations. During all periods of time when the entire vessel is made available to the Government, the Contractor shall, as requested by the Government and required by the specifications, provide technical assistance and provide assistance necessary to correct defects which develop or are discovered during trials or operations of the vessel. Following the completion of each such trial or operation, the Government shall return the vessel to the Contractor at dockside, at the Contractor's plant, for the correction of defects, if any, and completion of construction in accordance with the terms of this contract.

(d) Upon satisfactory completion (i) of acceptance trials and (ii) of the correction of deficiencies as provided in paragraph (b) above, the Contractor shall deliver the vessel to the Government for preliminary acceptance.

(e) Following preliminary acceptance, the Government may, during the guaranty/warranty period, make the vessel available to the Contractor, at the Contractor's plant, (i) for correction of defects noted at the time of preliminary acceptance, or which are discovered during the guaranty period, and (ii) for the performance of any additional work required by change orders issued pursuant to the "CHANGES" clause of this contract prior to preliminary acceptance and not theretofore performed. If the Government elects to make the vessel(s) available to the contractor, at the contractor's plant, for the accomplishment of the above described post-delivery work, the contractor agrees to accept the vessel(s) and perform the work. The contractor also agrees to consider the accomplishment of additional work during the postshakedown availability under a standard Government contract. If the postshakedown availability period shall begin during but extend beyond the expiration of the guaranty period, the Government may during the extended period leave the vessel at the Contractor's plant or return the vessel thereto for the correction of defects not previously corrected and for the performance of any additional work required by change orders issued pursuant to the "CHANGES" clause of this contract prior to preliminary acceptance and not theretofore performed.

(f) The Contractor shall exercise reasonable care to protect the vessel at all times until the delivery of the vessel, and thereafter during such times as the vessel is at the Contractor's plant during the guaranty period or during the postshakedown availability period if the latter shall extend beyond the expiration of the guaranty/warranty period, except for periods of time when the entire vessel is made available to the Government. During such periods, while the vessel is at the Contractor's plant, the Contractor shall provide assistance to protect and service the vessel, and shall effect any correction of defects or performance of uncompleted work, to the extent permitted or required by the Government.

(g) In accordance with the inspection requirements of the contract, all actions of the Government pursuant to this requirement shall be performed in such a manner as to not unduly delay the work.

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126)*. [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

==	==
==	==

(2) *Certification.* [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

(i) ☐

(ii) ☐

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) ☐ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) ☐ Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) Section L - Instructions, Conditions, & Notices to Offerors or Quoters

CONTENT OF QUOTES

1. GENERAL INSTRUCTIONS

The Quoter shall submit all information required by this RFQ and in the same format as outlined herein. Failure to comply with the requirements of the RFQ may result in the Quoter being removed from consideration for award. The Government does not assume the duty to search for data to cure problems it finds in quotes. Quotes shall be sufficiently detailed to enable Government evaluation board members to make a thorough evaluation and to arrive at a sound determination as to whether or not the prospective Quoter has a thorough understanding of the requirements and associated risks and is able, willing, and competent to devote the resources necessary to meet the requirements. Cost/pricing information should only be present in the Price Section.

No classified information shall be provided. A "subcontractor" includes any person or entity other than the prime contractor (e.g., consultants, temporary purchased labor, or divisions, subsidiaries, and affiliates of a contractor or subcontractor) who will furnish or furnishes any effort in connection with this prospective contract.

1.1. SUBMISSION OF QUESTIONS

Quoters may submit questions, concerns, or request clarification of any aspect of this RFQ electronically as follows:

TO: william.h.morton39.civ@us.navy.mil

The questions should include the page number and paragraph number or identifier which pertains to the Quoter's question. Questions received without this information may not be answered. The deadline for receipt of questions is May 6th 2026. Although every effort will be made, the Government makes no guarantee that questions received after this deadline will be answered and response to questions and requests for clarification received after this date shall be at the sole discretion of the Contracting Officer. Acknowledgement of receipt of questions may not be made.

Responses will be posted to the SAM web page at <https://www.SAM.gov>.

1.2. RFQ CHANGES

Any changes or additional information (responses to questions, amendments, etc.) related to the RFQ will be made available only through the following website: <https://www.sam.gov/>. If this RFQ is amended, all terms and conditions that are not amended remain unchanged. Quoters shall provide quotes in response to any and all amendments to this RFQ by the date and time specified in the amendment(s).

2) RFQ, QUOTE AND AWARD DOCUMENTS

2.1 ELECTRONIC DELIVERY OF QUOTATIONS VIA PIEE

Utilization of the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module (PSM), System for Award Management (SAM.gov) is required for electronic quote submissions.

1. Website

Offerors must be properly registered in the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module (PSM), System for Award Management (SAM.gov), and the Joint Certification Program (JCP) in order to receive controlled attachments. Offerors may obtain information on SAM registration and annual confirmation requirements by calling 1-866-606-8220 or via the internet at <https://www.sam.gov>. Information about the JCP is located at <https://www.dla.mil/Logistics-Operations/Services/JCP/>. Information about PIEE PSM is located at <https://piee.eb.mil>. Offerors must request access to the controlled attachments via SAM.gov. The Contracting Officer will review JCP and allow access to controlled documents by Cage Code if requesting vendor is properly registered in JCP. The controlled documents will be located in PSM; therefore, the Offeror will need to obtain the controlled documents through PSM.

2. Quote Submission Module/Portal

Quotations shall be submitted through the PSM Module/Portal located at <https://piee.eb.mil> by the solicitation closing date and time specified on the cover letter of this solicitation, block (8). Offers must be received via the PSM portal by

the closing date and time in order to be considered for award. It is not permissible to upload a link to an internet-based data center (e.g. Google cloud or Dropbox). Offeror shall submit all required quote information directly in the PSM portal. In the rare event the portal is down or inaccessible, Offeror shall immediately notify the cognizant Contracting Officer, (Jillian Randazzo jillian.randazzo.civ@us.navy.mil), and Contract Specialist, (William Morton william.h.morton39.civ@us.navy.mil) for the solicitation via e-mail prior to the solicitation closing date and Offeror shall also contact the PIEE helpdesk to register a help ticket that PSM is down or inoperable prior to the closing time and date. In the rare event of a portal malfunction, arrangements must be made with the Contracting Officer cognizant for the solicitation prior to the solicitation closing date and time in order to submit a quote electronically outside the portal. Failure to submit a complete quote prior to the solicitation closing date and time will render the quote late and unacceptable. Any amendments to the subject solicitation will be posted through PSM. The complete solicitation package, including all amendments, should be received and reviewed prior to submitting a response. It is the responsibility of the Offeror to obtain all amendments and/or other applicable documents prior to submission of the quote. Offerors are responsible for submitting quotes and any quote modifications in the PSM by the time specified in the solicitation. Any quote modification not submitted in the PSM by the exact time specified for receipt of quote is "late" and will not be considered. The solicitation will close at the exact date and time specified in the solicitation. The time and date of quote receipt will be the upload completion/delivery time and date recorded within PSM. Do not assume that electronic submission will occur instantaneously. Large files (e.g. 10MB or more) will take some time to upload. Offerors should time their upload effort with prudence by not waiting until the last few minutes--this will allow for unexpected delays in the transmittal process. Offerors are encouraged to keep a copy of the upload confirmation for their record. Quotes shall be submitted as separate files for the RFQ and Quote, and Technical Volume. This document, which may be used as part of the contract award document, shall be fully executed and returned as a separate document from the technical and cost quotes. Quoters must fill in all areas of the RFQ that contain Quoter fill-ins. Special attention should be taken to accurately enter the prices for each CLIN in Section B, complete all Representations and Certifications in Section K and ensure that an authorized person signs the quote in Block 17 of Page 1.

Quoters shall ensure that Representations and Certifications in SAM are current in the Online Representations and Certifications (ORCA) database at www.SAM.gov.

The quoter shall provide a capability statement that demonstrates it has the experience, equipment, and personnel capability to meet the requirements of this effort

3.1 FACTOR 1 - CAPABILITY STATEMENT

The quoter shall provide a capability statement that demonstrates it has the experience, equipment, and personnel capability to meet the requirements of this effort.

2. Price Proposal: CLIN's 0001-0004

Failure to complete all CLINs may result in the proposal being rejected or otherwise not considered. An Offeror's total evaluated price is the aggregate price of all CLINs. Offerors are advised that all pricing is binding if accepted by the Government. Incomplete data may not be considered. Failure to provide the information requested may render your proposal technically unacceptable. The Government reserves the right to verify the information provided for evaluation purposes. Electronic signatures by responsible parties and electronic, mechanically-applied, or printed dates may be used and shall be considered original signatures and dates.

L-204-H003 NOTIFICATION OF USE OF NAVY SUPPORT CONTRACTORS FOR OFFICIAL CONTRACT FILES (NAVSEA) (APR 2019) (Apr 2019)

(a) NAVSEA may use a contractor to manage official contract files here in after referred to as "the support contractor", including the official file supporting this procurement. These official files may contain information that is considered a trade secret, proprietary, business sensitive or otherwise protected pursuant to law or regulation, here in after referred to as "protected information". File management services consist of any of the following: secretarial or clerical support; data entry; document reproduction, scanning, imaging, or destruction; operation, management, or maintenance of paper-based or electronic mail rooms, file rooms, or libraries; and supervision in connection with functions listed herein.

(b) The cognizant Contracting Officer will ensure that any NAVSEA contract under which these file management services are acquired will contain a requirement that

- (1) The support contractor not disclose any information;
- (2) Individual employees are to be instructed by the support contractor regarding the sensitivity of the official contract files;
- (3) The support contractor performing these services be barred from providing any other supplies and/or services, or competing to do so, to NAVSEA for the period of performance of its contract and for an additional three years thereafter unless otherwise provided by law or regulation; and,
- (4) In addition to any other rights the offeror may have, it is a third party beneficiary who has the right of direct action against the support contractor, or any person to whom the support contractor has released or disclosed Protected Information, for the unauthorized duplication, release, or disclosure of such Protected Information.

(c) Submission of a proposal will be considered as consent to NAVSEA's permitting access to any information, irrespective of restrictive markings or the nature of the information submitted, by its file management support contractor for the limited purpose of executing its file support contract responsibilities.

(d) NAVSEA may, without further notice, enter into contracts with other contractors for these services. Offerors are free to enter into separate non-disclosure agreements with the file support contractor. Contact the Procuring Contracting Officer for contractor specifics. However, any such agreement will not be considered a prerequisite before information submitted is stored in the files or otherwise encumber the government.

L-209-H009 NOTIFICATION OF POTENTIAL ORGANIZATIONAL OR PERSONAL CONFLICT (S) OF INTEREST (NAVSEA) (APR 2022) (Apr 2022)

(a) Offerors are reminded that certain existing contractual arrangements may preclude, restrict or limit participation, in whole or in part, either as a subcontractor or as a prime contractor under this competitive procurement. Of primary concern are those contractual arrangements in which the Offeror provides support to _____, or related laboratories (if applicable), in support of operation of the office or any of its programs. General guidance may be found in FAR 9.505; however, this guidance is not all-inclusive. The Offeror's attention is directed to the "Organizational Conflict of Interest" (OCI) or similar requirement which may be contained in current or completed contract(s) which prohibits the prime or subcontractor from providing certain supplies or services to the Government as described above during the period of the current "support" contract(s) or for a period after

completion of the "support" contract(s). Notwithstanding the existence or non-existence of an OCI or similar requirement in current or completed contract(s), the Offeror shall comply with FAR subpart 9.5 and identify whether an OCI exists and not rely solely on the presence of an OCI or similar requirement.

(b) Offerors also are reminded that certain potential conflicts of interest may arise where an Offeror has unequal access to nonpublic information about a competitor that may provide the Offeror with an unfair competitive advantage and preclude, restrict or limit participation, in whole or in part, either of the individual, subcontractor or prime contractor under this competitive procurement. For example, a potential conflict may arise if former Department of Navy employee(s), subcontractors, or teaming partners of the Offeror may have gained access to nonpublic information about a competitor through participation in previous or ongoing performance or during the solicitation development/source selection process associated with this competitive procurement, and then participates in the formation of the Offeror's proposal. Other potential conflicts of interest may arise where either the former Department of Navy employee(s), subcontractors, or teaming partners of the Offeror under this competitive procurement set the ground rules for competition; for example, by drafting specifications or assisting in the drafting of the statement of work. General guidance may be found in FAR 3.101 and 9.505; however, this guidance is not all-inclusive.

(c) If an Offeror identifies a potential conflict of interest that exists at any tier, that Offeror is requested to notify the Contracting Officer within 14 days of the date of this solicitation. The Offeror shall provide: (1) the contract or previous source selection's solicitation number and name and phone number of the Contracting Officer for the contract which gives rise to a potential conflict of interest; (2) a copy of the requirement; (3) the statement of work and technical instruction from the existing contract, as applicable; (4) a brief description of the type of work to be performed by each subcontractor under the competitive procurement; (5) a brief description of the individual's, subcontractor's, or teaming partner's unequal access to nonpublic information about a competitor, which may lead to a conflict of interest in the formation of the Offeror's proposal, or establishment of ground rules for this competitive procurement, as applicable; (6) an OCI mitigation plan, as applicable; and (7) any additional information the Contracting Officer should consider in making a determination of whether a conflict of interest exists. The Government may independently verify the information received from the Offeror. The requirement to identify potential conflicts of interest as outlined herein continues until contract award. Notwithstanding the above, the Government reserves the right to determine whether a conflict of interest exists based on any information received from any source.

(d) The Government will notify an Offeror of any conflict of interest within 14 days of receipt of all required information. Those Offerors deemed to have a conflict of interest may be ineligible for award. Failure to provide the information in a timely manner does not waive the Government's rights to make a conflict of interest determination. The Offeror is notified that if it expends time and money on proposal preparation, such expenditure is at its own risk regardless of whether the Government determines a personal or organizational conflict of interest does or does not exist.

(e) Any potential prime contractor which proposes an individual, subcontractor, or teaming partner later determined to have a conflict of interest and deemed ineligible to participate in the current competition, may not be granted the opportunity to revise its proposal to remove the ineligible individual, subcontractor or teaming partner. The Government reserves the right to determine which Offerors remain in the competitive range through the normal source selection process.

(f) If the Offeror determines that a potential organizational and/or personal conflict of interest does not exist at any tier, the Offeror shall include a statement to that effect in its response to this solicitation.
