PERFORMANCE WORK STATEMENT

Shuttle Services BPA

1.0 DESCRIPTION OF SERVICES: The purpose of this agreement is to establish prices, terms, and conditions for commercial shuttle services in support of Naval Surface Warfare Center. This will be a single award BPA to the Lowest Priced Technically Acceptable vendor. Each BPA call will have a designated destination and period of performance. The intent of this BPA is to place a call for pre-determined periods of time (i.e. 6 months, 1 year, etc.) between Naval Surface Warfare Center Carderock Division and other pre-determined locations (i.e. Washington Navy Yard, Metro Station, etc.) during set hours (i.e. 0730-1700 Monday-Friday).

Master BPA Limitations: \$5,000,000.00

Ordering Period: 25 May 2026 - 24 May 2030- Five (5) Years

2.0 BACKGROUND: The Naval Surface Warfare Center, Carderock Division (NSWCCD) has an ongoing requirement for shuttle bus services between the Carderock Division Headquarters, West Bethesda, MD and the surrounding areas.

3.0 OBJECTIVE: The shuttle bus service is to transport employees between the Carderock Division Headquarters and the surrounding areas within a 50 mile radius. The contractor shall furnish the vehicle, fuel, driver, maintenance on the vehicle and any operating supplies necessary to provide regularly scheduled shuttle bus services for the NSWCCD. This service shall be provided for a 5-year period, with specified information necessary for execution identified in each BPA call.

The contractor shall provide shuttle bus services for the following destinations in accordance with the schedule provided below.

NSWCCD Location: Carderock Division Headquarters Naval Surface Warfare Center 9500 MacArthur Blvd, West Bethesda, MD 20817.

Passenger pick-up and discharge location will be on Taylor Blvd, just east of the front steps of building 2.

Destination(s): Any locations within a 50-mile radius, specified in each BPA call.

A dedicated telephone line is established at each call that the government technical point of contact (TPOC) shall monitor. The shuttle bus telephone line will be monitored during normal business hours for both contractor and government personnel regarding the schedule. In the event of a delay or change due to circumstances beyond the government and contractor's control (i.e. weather, traffic, etc.), the contractor shall reach out to the TPOC and notify them of the situation and updated estimated time of arrival.

The Shuttle bus service shall not be required on Office of Personnel Management (OPM) designated

holidays.

In addition, any other day designated by Federal Statute, Executive Order or President's proclamation, will be considered as a legal holiday. Closure due to inclement weather will be determined by the Office of Personnel Management (OPM). The Contractor is responsible for determining the government's operating status. If NSWCCD or the WNY is closed or has its normal operating schedule modified by OPM, shuttle services would be suspended/modified accordingly. Contractor may also call 1-877-679-2231 to receive status of NSWCCD for that particular day. This service shall be throughout the hours specified as follows:

3.1 Carderock Division Headquarters

The shuttle stop will be located on Taylor Boulevard just to the east of the front steps of Building 2. This will allow shuttle bus passengers to wait for the bus in the Building 2 lobby during inclement weather.

3.2 The contractor shall provide a vehicle accommodating at least fifteen (15) passengers and a driver meeting all Navy, local, state and national safety and inspection requirements with the ability to transport employees performing official government business from Carderock Division Headquarters to their destination.

3.3 The Contractor shall provide a driver for each vehicle it uses to provide shuttle services. The contractor shall ensure that every shuttle bus driver it provides possesses a valid state motor vehicle Driver's license, is a U. S. Citizen and has appropriate vehicle credentials, as well as a driving record that has no more than two (2) current points. The Contractor shall ensure all drivers received the required training, possess required certifications, and complete background screening within ten (10) days of award/NTP.

3.4 The Contractor shall ensure all of its drivers are dressed in uniform or appropriate attire, and present a clean, neat appearance such as but not limited to, wearing a tucked in, stain free, odor free, fully intact polo or button up shirt, a stain free, odor free, fully intact pair of slacks/pants that do not have excessive holes, closed toe secure fitting shoes that are odor free and intact with no holes, a properly fitting, odor free, stain free, intact overcoat, at all times when performing under this Contract. The contractor shall ensure all of its drivers performing under the contract wear an identification badge (Defense Biometrics Identification System/DBIDS provided by the NSWC-Carderock Visitor Control Center) provided at no cost to the contractor. Contractor drivers performing under the contract are required to pass the background check necessary to obtain this badge. Contractor drivers performing under the contract shall wear this badge above the waist, completely visible at all times.

3.5 The Contractor shall ensure its personnel drive safely and exercise due regard when operating the motor vehicles for shuttle service. The Contractor shall report any instances of reckless driving or dangerous maneuvers the contractor become aware of during contract performance to the Government Project Manager. The Contractor shall investigate such instances of reckless driving or dangerous maneuvers such as but not limited to, illegal U turns, driving above the posted speed limit, hitting/riding up on curbs, striking other fixed or moving objects, performing turns with marginal space in front of oncoming traffic, etc. Upon being informed about such conduct (e.g., reported by passengers). The contractor shall address its personnel found to be engaged in driving recklessly or performing dangerous maneuvers. If Contractor personnel are found to be involved in more than one incident of reckless driving or performing dangerous maneuvers per calendar year, the contractor shall replace the driver assigned to this contract with another qualified driver (See Sections 3.3 and 3.4) within two (2) working days from the date of replacement. The Contractor shall remove Contractor personnel charged with driving under the influence (DUI) or equivalent charges (in either a work or personal capacity), within 24 hours from the time the Contractor knows or should've known of such charges.

3.6 If the vehicle breaks down, a replacement vehicle shall arrive at the designated location within one (1) hour of the breakdown.

3.7 In the event of a vehicular accident, the Contractor shall provide a report to the TPOC within 24 hours from the time of the accident using the form in attachment 002. Should injuries result from the vehicular accident, the Contractor shall submit the report immediately to the TPOC. Should the vehicular accident occur on Government property, Contractor personnel shall notify the security department located on the Government property prior to leaving the premises. Below is the contact information for each security office located at NSWCCD Headquarters:
Security Office/Carderock Division Headquarters 301-227-1500

3.8 The Contractor shall provide at his/her own expense the shuttle bus driver with the means to communicate (cell phone/radio transceiver) with the TPOC while conducting shuttle operations. If the means of communications is to be by radio, the Contractor must also provide a compatible radio transceiver for the TPOC. If the contractor communicates via cell phone, the contractor shall provide the TPOC the driver's phone number. Drivers shall not use their cell phone while actively operating the motor vehicle.

3.9 The contractor shall support personnel requiring special needs for transportation. This shall include (but not be limited to) assisting visually impaired personnel onto and off of the vehicle,

the loading/unloading of wheelchairs or walkers, and the assistance out of/into wheelchairs and seats on the vehicle. The contractor shall not be required to assist personnel more than 15 feet from the vehicle or destination site.

3.10 All shuttle buses/vans shall have a comfortable environment with seasonal climate control.

3.11 Prior to contract performance, the Contractor shall obtain vehicular liability and general public liability insurance. The Contractor shall maintain such insurance throughout the period of performance of the contract. The Contractor shall ensure all insurance required under the contract meets the minimum requirements identified by the state the motor vehicle is registered in. The Contractor shall provide a copy of the insurance policy to the Government within ten (10) days of contract award. The Contractor shall provide the Government an update on the Contractor's insurance annually, or no more than one (1) day after the expiration date of the policy.

3.12 The Government shall not be responsible for citations issued to the drivers, or for damages occurring as result of accidents involving contractor-owned or leased vehicles.

3.13 The contractor shall have passengers sign in/out of the shuttle log including their name, code, departing location, arriving location, and respective times. Each sheet shall have the date, driver name, and total number of passengers. The shuttle log shall be completed each day, even if there are no passengers for that day. The contractor shall submit copies of this log no later than the fifth working day of each month to the designated TPOC. See attached shuttle log form in Attachment 001.

3.14 The conduct of Contractor personnel conduct shall not be imputed on the Government. The Contractor's personnel shall observe and comply with all local policies and procedures concerning fire, safety environmental protection, sanitation, security, and possession of firearms or other lethal or illegal weapons or substances. The Contractor is responsible for ensuring that any Contractor personnel providing services under this contract conduct themselves and perform services in a professional, safe, and responsible manner. Contractor employees shall comply with all applicable DoD and local requirements that establish uniform policies governing smoking in and around Government Owned buildings and motor vehicles. The Contractor shall remove from the job site any employee for reasons of misconduct or security. In accordance with DOD Directive 5500.7-R, "Joint Ethics Regulation" Contractor personnel must avoid being improperly influenced in the execution of their duties under the contract. The Contractor shall pay particular

attention to the acceptance of gifts/ gratuities, and on non-disclosure of sensitive or classified information. The Contractor shall ensure its employees' conduct complies with 41 U.S.C. 423, relative to release of acquisition-related/procurement information or actions or discussions, which may prejudice future competitions. The Contractor shall ensure its personnel do not conduct political related activities or events on US Navy Facilities.

4.0 SPECIAL QUALIFICATIONS:

The Contractor shall provide:

4.1 Commercial licensed personnel with a minimum of 2 years of experienced to perform the work in this contract. The Contractor shall maintain personnel certification, training, and licensing records required under this contract and make them available to the Government within 4 hours of a request.

4.2 Uniformed, qualified, licensed operators in accordance with the requirements of the Department of Transportation Federal Highway Administration for the operation of buses. Vehicle operators shall comply with all annotated codes, Federal, state, Installation and local laws and regulations for the states and cities governing vehicular and pedestrian traffic in which they operate. Vehicle operators shall wear a uniform which identifies them as the vehicle operator. Operators shall have a professional appearance and sustain a professional attitude at all times.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

G-242-H002 HOURS OF OPERATION AND HOLIDAY SCHEDULE (NAVSEA) (JUL 2021)

(Jul 2021)

(a) The policy of this activity is to schedule periods of reduced operations or shutdown during holiday periods. Deliveries will not be accepted on Saturdays, Sundays or Holidays except as specifically requested by the [insert activity name]. All goods or services attempted to be delivered on a Saturday, Sunday or Holiday without specific instructions from the Contracting Officer or his duly appointed representative will be returned to the contractor at the contractor's expense with no cost or liability to the U. S. Government.

(b) The federal Government observes public Holidays that have been established under 5 U.S.C. 6103. The actual date of observance for each of the holidays, for a specific calendar year, may be obtained from the OPM website at OPM.GOV or by using the following direct link: <https://www.opm.gov/policy-data-oversight/pay-leave/federal-holidays/>.

(c) Delayed Opening, Early Dismissal and Closure of Government Facilities. When a Government facility has a delayed opening, is closed or Federal employees are dismissed early (due to severe weather, security threat, security exercise, or a facility related problem) that prevents personnel from working, onsite contractor personnel regularly assigned to work at that facility shall follow the same reporting and/or departure directions given to Government personnel. The contractor shall not direct charge to the contract for such time off, but shall follow parent company policies regarding taking leave (administrative or other). Non-essential contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal, delayed opening, or during periods of inclement weather, onsite contractors should monitor the OPM website as well as radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis.

(d) When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, or a facility related problem), on site contractors shall continue working established work hours or take leave in accordance with parent company policy. Those contractor employees who take leave shall not direct charge the non-working hours to the contract. Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and the company's established policy and procedures. Contractors shall follow their disclosed charging practices during the contract period of performance, and shall not follow any verbal directions to the contrary. The Contracting Officer will make the determination of cost allowability for time lost due to facility closure in accordance with FAR, applicable Cost Accounting Standards, and the Contractor's established accounting policy and procedures.

(e) If you intend to visit the Contracts Office, it is advised that you call for an appointment at least 24 hours in advance.

(f) The hours of operation are as follows:

AREA	FROM	TO
<i>West Bethesda MD</i>	<i>0800</i>	<i>1400</i>

(g) All deliveries to the Receiving Officer, Bethesda, MD, shall be made Monday through Friday from 0800 to 1400, local time. Deliveries will not be accepted after 1400. No deliveries will be accepted on federal government holidays.

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

=====	=====
=====	=====
=====	=====

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

=====	=====
=====	=====
=====	=====

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed repairables and DoD serially managed nonrepairables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) _____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts.* If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

252.232-7007 Limitation of Government's Obligation.**(Apr 2014)****LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)**

(a) Contract line item(s) *[Contracting Officer insert after negotiations]* is/are incrementally funded. For this/these item(s), the sum of \$ *[Contracting Officer insert after negotiations]* of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract	\$ <u> </u>
(month) (day), (year) <u> </u>	\$ <u> </u>
(month) (day), (year) <u> </u>	\$ <u> </u>
(month) (day), (year) <u> </u>	\$ <u> </u>

252.204-7017 **Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.** (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

Section L - Instructions, Conditions, & Notices to Offerors or Quoters

BPA TERMS AND CONDITIONS

The Naval Surface Warfare Center, Carderock Division, (NSWCCD) invites vendors to enter into a Blanket Purchase Agreement (BPA) that establishes the terms and conditions applicable to shuttle services. As a result of this solicitation 1 (one) vendor is needed to provide the shuttle services.

1. The service provider awarded the Blanket Purchase Agreement (BPA) shall provide shuttle services as described in the Performance Work Statement provided in the solicitation.
2. Extent of obligation. The Government is obligated only when purchases are requested by an authorized contracting officer for the duration of the BPA.
3. Pricing. The prices to the Government shall be as low as or lower than those charged to the contractor's most favored customer. Pricing (quote) will be requested for the unpriced CLIN (0001) at the time it is required by the government IAW performance work statement. BPA Call quotes /estimates should be received within 10 calendar days from the date requested.
4. Purchase limitation. The total of all BPA Calls may not exceed the total ceiling price. BPA Master Dollar Ceiling: \$5,000,000.00
5. Individuals authorized to purchase under the BPA. The Contracting Officers of Naval Surface Warfare Center-Carderock Division (NSWCCD) Code 02 Contracting Department are the only authorized individuals to order against this BPA.
6. Place of Performance. The anticipated place of performance is a mix of Naval Surface Warfare Center-Carderock Division and travel sites as determined per BPA call.
7. Period of Performance. The period of performance is five (5) years from the date of this agreement, or until the total of all Calls (Ceiling) is reached, whichever occurs first. The Government is obligated only to the extent of authorized purchases/calls actually made under the BPA.
8. Price Reasonableness; Price reasonableness shall be determined at the BPA Master Agreement level.
9. Invoices. All invoices shall be submitted electronically through DoD Wide Area Workflow Receipt and Acceptance (WAWF) system following instructions provided in clause 252.232-7006 Invoice Instructions (NSWCCD), and all payments will be made through electronic funds transfer (EFT).
10. Technical Point of Contact. NSWCCD assigned technical point of contact will review invoices for payment per each call against this BPA (See G-242-H001).
11. Accounting. NSWCCD Accounting and Appropriation data will be included in each call placed under this BPA.
12. Product Classification Code. The PSC allowed for ordering against this BPA is V212, NAICS: 485999.
13. Miscellaneous. Each BPA Call shall utilize a performance work statement, and will include applicable attachments (CDRLs).

L-204-H003 NOTIFICATION OF USE OF NAVY SUPPORT CONTRACTORS FOR OFFICIAL CONTRACT FILES (NAVSEA) (APR 2019)

(Apr 2019)

(a) NAVSEA may use a contractor to manage official contract files here in after referred to as "the support contractor", including the official file supporting this procurement. These official files may contain information that is considered a trade secret, proprietary, business sensitive or otherwise protected pursuant to law or regulation, here in after referred to as "protected information". File management services consist of any of the following: secretarial or clerical support; data entry; document reproduction, scanning, imaging, or destruction; operation, management, or maintenance of paper-based or electronic mail rooms, file rooms, or libraries; and supervision in connection with functions listed herein.

(b) The cognizant Contracting Officer will ensure that any NAVSEA contract under which these file management services are acquired will contain a requirement that

(1) The support contractor not disclose any information;

(2) Individual employees are to be instructed by the support contractor regarding the sensitivity of the official contract files;

(3) The support contractor performing these services be barred from providing any other supplies and/or services, or competing to do so, to NAVSEA for the period of performance of its contract and for an additional three years thereafter unless otherwise provided by law or regulation; and,

(4) In addition to any other rights the offeror may have, it is a third party beneficiary who has the right of direct action against the support contractor, or any person to whom the support contractor has released or disclosed Protected Information, for the unauthorized duplication, release, or disclosure of such Protected Information.

(c) Submission of a proposal will be considered as consent to NAVSEA's permitting access to any information, irrespective of restrictive markings or the nature of the information submitted, by its file management support contractor for the limited purpose of executing its file support contract responsibilities.

(d) NAVSEA may, without further notice, enter into contracts with other contractors for these services. Offerors are free to enter into separate non-disclosure agreements with the file support contractor. Contact the Procuring Contracting Officer for contractor specifics. However, any such agreement will not be considered a prerequisite before information submitted is stored in the files or otherwise encumber the government.

Section M - Evaluation Factors for Award

FAR Clauses Incorporated by Full Text

52.212-2 **Evaluation-Commercial Products and Commercial Services. (Deviation 2026-O0038)** **(Feb 2026)**

EVALUATION FACTORS FOR AWARD

The Government has determined that an Single Award Blanket Purchase Agreement will be made to the responsible Quoter whose technically acceptable quote is considered to be the most advantageous to the Government, past performance and price considered

- a. Technical Acceptability: All quotations will be evaluated on a pass/fail basis to determine if the proposed product(s) clearly meet the technical requirements outlined in the solicitation's Performance Work Statement / salient characteristics. Quotations that do not meet the minimum requirements detailed in the solicitation will be rated "Unacceptable" and will not be considered further.
- b. Past Performance: The Government reserves the right to consider past performance information for the lowest-priced, technically acceptable vendor prior to award. The Government may use information available in the Supplier Performance Risk System (SPRS) and other sources. A neutral past performance rating will be assigned if no relevant past performance information is available.
- c. Price: The price of all technically acceptable quotations will be evaluated for reasonableness. Award will be made to the vendor with the lowest evaluated price among the technically acceptable quotations.

Quoters responding to this solicitation are advised that, prior to award, the government may request quoters to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts.

The Government reserves the right to request that the awardee reduce its total price, or adjust CLIN prices with no change to total price, in order to reduce administrative costs and avoid unnecessary burdens for the agency pursuant to FAR 12.201-1(d).

QUESTIONS: Any questions in relation to this solicitation shall be submitted to Steven Besanko by email at steven.besanko@navy.mil. The cut-off date for questions is 12PM EST on 5/12/26.
