

Embassy of the United States of America

U.S. Embassy Buenos Aires

Date: March 18, 2026

Dear Prospective Quoter:

Subject: Request for Quotations number 19AR2026Q0008

Enclosed is a Request for Quotations (RFQ) for mobile phone services. If you would like to submit a quotation, follow the instructions in Section 3 of the solicitation, complete the required portions of the attached document, and submit it to the address shown on the Standard Form 1449 that follows this letter.

The U.S. Government intends to award a contract to the responsible offeror representing best value using comparative evaluation authorized under FAR 13.106-2(b) (3). A comparative evaluation is defined as the act of comparing two or more offers in response to the RFQ. The item-by-item comparison is performed by comparing each offer directly to one another to determine which provides the best value to the Department.

Comparative evaluation is NOT a low price technically acceptable (LPTA) or trade-off process. Prospective offers must still meet basic standards for responsibility at FAR 9.104 and solicitation compliance to be eligible for award. We intend to award a contract based on initial quotations, without holding discussions, although we may hold discussions with companies if there is a need to do so.

The Embassy intends to conduct a pre-quotation conference. The pre-proposal conference will be held *virtually* via Microsoft Teams on Friday March 27, 2026, from 9:00 hours to 10:30 hours (local time). Prospective offerors/quoters should contact Cristian Minotti at BNS-Procurement@state.gov by Wednesday March 25, 2026, before close of business for additional information or to arrange entry to the building.

Quotations are due by May 19, 2026, at 12:00 hours (local time). No quotations will be accepted after this time. Proposals must be in English and incomplete proposals will not be accepted.

Your quotation must be submitted electronically to BNS-Procurement@state.gov. It is important to make sure the submission is made in specific size and format; in MS-Word 2007/2010 or MS-Excel 2007/2010 or Adobe Acrobat (pdf) file format. The file size must not exceed 30MB. If the file size should exceed the 30MB, the submission must be made in separate files and attached to separate emails with less than 30MB each.

In order for a quotation to be considered, you must also complete and submit the following:

1. SF-1449
2. Section I, Pricing
3. Section 5 Representations and Certifications
4. Additional information as required in Section 3
5. Proof of SAM Registration
6. CYBERSECURITY SUPPLY CHAIN RISK MANAGEMENT C- SCRM Questionnaire and State Department Secure Software Development Attestation Form

Offerors shall be registered in the SAM (System for Award Management) database at <https://www.sam.gov> prior to submittal of their offer/proposal as prescribed under FAR 4.1102. Failure to be registered at time of proposal submission shall deem the offeror's proposal to be considered non-responsible and no further consideration will be given. Therefore, offerors are highly encouraged to register immediately if they are interested in submitting a response to this requirement.

Sincerely,
Ryan Ustick
Contracting Officer

52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS—NOTICE AND REPRESENTATION (FEB 2021)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in [26 U.S.C. 7701\(a\)\(30\)](#), means—

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of [26 U.S.C. 7701\(a\)\(31\)](#)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements [26 U.S.C. 5000C](#) and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c)

(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision [52.229-11](#), Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under [26 U.S.C. 5000C](#); and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the [26 U.S.C. 5000C](#) tax are adjudicated by the IRS as the [26 U.S.C. 5000C](#) tax is a tax matter, not a contract issue.

(f) Taxes imposed under [26 U.S.C. 5000C](#) may not be—

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

This selection process will utilize FAR 13 procedures.

After preliminary consideration of all offers, the Department will no longer consider offers that do not meet basic standards to be eligible for award. The offers that remain will be subject to a comparative evaluation.

The preliminary evaluation process shall include the following:

COMPLIANCE REVIEW. The Government will perform an initial review of proposals/quotations received to determine completeness and compliance with the terms of the solicitation to include **CYBERSECURITY SUPPLY CHAIN RISK MANAGEMENT (C-SCRM) Go/No-Go Evaluation Factor**. The Government may reject as unacceptable proposals/quotations that do not conform to the solicitation.

C-SCRM Go/No-Go Evaluation Factor

This factor is evaluated on a go/no-go basis. The Government will evaluate whether the submitted C-SCRM Questionnaire and State Department Secure Software Development Attestation Form meet the definition for the “Go” or “No-Go” ratings for this factor. The “Go” and “No-Go” ratings and their definitions are as follows:

RATING RATING DEFINITION

GO The proposal meets the criteria in the following two (2) paragraphs.

The C-SCRM Questionnaire contains both of the following: (1) C-SCRM Questionnaire instructions are completed; and (2) contains “Yes” answers

for all questions in Sections 2 and 3 of the questionnaire; or the vendor has submitted a third party authorizing official conducted assessment such as, ISO 27001, ISO 9000, SOC II, or FEDRAMP authorization.

For suppliers offering any software, the State Department Secure Software Development Attestation Form (or another federal agency's equivalent form) is signed and submitted in accordance with the form's instructions. In lieu of submitting the State Department Secure Software Development Attestation Form, the offeror provides the information required by section "Additional Information" of the form and the Government finds that this information satisfactory mitigates associated risks.

NO-GO The proposal **does not meet** one (1) or more of the criteria in the following two (2) paragraphs.

The C-SCRM Questionnaire contains both of the following: (1) C-SCRM Questionnaire instructions are completed; and (2) contains Yes answers for all questions in Sections 2 and 3 of the questionnaire; or the vendor has submitted a third party authorizing official conducted assessment such as, ISO 27001, ISO 9000, SOC II, or FEDRAMP authorization.

For suppliers offering any software, the State Department Secure Software Development Attestation Form (or another federal agency's equivalent form) is signed and submitted in accordance with the form's instructions. In lieu of submitting the State Department Secure Software Development Attestation Form, the offeror provides the information required by section "Additional Information" of the form and the Government finds that this information satisfactory mitigates associated risks.

Comparative Evaluation

A comparative evaluation will be performed in accordance with FAR 13.106-2(b)(3). A comparative evaluation is defined as the act of comparing two or more offers in response to the RFQ. The item-by-item comparison is performed by comparing each offer to directly to one another to determine which provides the best value to the Department utilizing **technical, past performance criteria and price** as described below. **This is NOT a low price technically acceptable or trade-off process.**

Evaluation Criteria

Technical: Technical will be evaluated on the basis of a direct comparison to other offers to discern if there is any kind of technical quality superiority that would

support an award to a higher priced offer. Technical discriminators by requirement may include:

Minimum Technical Requirements	non-price/quality discriminators
Mobile Telephone Equipment	New Equipment; Current/latest models; World-class brands
Calls within Argentina	24-hour coverage greater than 90% local network coverage around X; Latest technology as proxy for call quality/reception pre 4G/4G/ 5G etc.
International Calls	24-hour coverage for international connectivity with the USA, all European countries, and all other worldwide; Number of minutes included (if monthly); Number of countries outside of USA and Europe
International Roaming	Identification of reputable partner; Number of minutes included, roll-over capability;
Wireless Application Protocol (WAP)	Size/ease of access to Internet connection through offeror's network to the Wireless Application Protocol (WAP) Internet sites.
SMS Messaging	Number of texts per cycle included; 24 hour availability/coverage (no outages or periods of unavailability)

Data Services	Evidence of reliability/latest technology; Size of plan, i.e. 20GB v. 10GB per plan; No prohibited use of "any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system" per 52.204-24 & 52.204-26. Data prioritization and speed.

Past Performance: Past performance will be evaluated on the basis of a direct comparison to other offers to discern if there is any significant past performance superiority that would support an award to a higher priced offer. Past performance as a discriminator may be appropriate where based on the offeror's performance record, the Government has a high expectation that the offeror will successfully perform the required effort.

Price will be evaluated to ensure the proposed price is fair and reasonable. The price will be determined by multiplying the offered prices times the estimated quantities in "Prices - Continuation of SF-1449, block 23", and arriving at a grand total, including all options. The Government reserves the right to reject proposals that are unreasonably low or high in price.

RESPONSIBILITY DETERMINATION. The Government will determine contractor responsibility by analyzing whether the apparent successful offeror complies with the requirements of FAR 9.1, including:

- Adequate financial resources or the ability to obtain them;
- Ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments;
- Satisfactory record of integrity and business ethics;
- Necessary organization, experience, and skills or the ability to obtain them;
- Necessary equipment and facilities or the ability to obtain them; and

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.
- (i) Taxes are considered delinquent if both of the following criteria apply:
- (A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
- (ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax

liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

ADD THE FOLLOWING PROVISION:

52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS – NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means—

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if—
 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates “is” in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [*Offeror shall select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects “is” in paragraph (d)(1) and “partial or no exemption” in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. **For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.**

(End of provision)

THE FOLLOWING DOSAR PROVISION IS PROVIDED IN FULL TEXT:

Secure Software Development Attestation Form Instructions

Read all instructions before completing this form

Privacy Act Statement (applicable to forms submitted to the DHS/CISA Repository for Software Attestations and Artifacts)

Authority: 44 U.S.C. § 3554, Executive Order (E.O.) 14028, “Improving the Nation’s Cybersecurity,” and OMB Memorandum M-22-18, “Enhancing the Security of the Software Supply Chain through Secure Software Development Practices,” as amended by OMB Memorandum M-23-16, “Update to Memorandum M-22-18, Enhancing the Security of the Software Supply Chain through Secure Software Development Practices,” authorize the collection of this information.

Purpose: The purpose of this form is to provide the Federal Government assurances that software used by agencies is securely developed.

Background: This information may be disclosed as generally permitted under Executive Order 14028, Improving the Nation’s Cybersecurity (E.O. 14028) and Memorandum M-22-18, “Enhancing the Security of the Software Supply Chain through Secure Software Development Practices” (M-22-18), as amended. This form collects contact information from vendor employees who make the attestation. For DHS, information may be disclosed as necessary and authorized by the routine uses published in DHS/ALL-002 Department of Homeland Security (DHS) Mailing and Other List System, November 25, 2008, 73 FR 71659.

Failure to provide any of the information requested may result in the agency no longer utilizing the software at issue. Willfully providing false or misleading information may constitute a violation of 18 U.S.C. § 1001, a criminal statute.

What is the Purpose of Filling out this Form?

The Federal Information Security Modernization Act of 2014 (FISMA) requires each Federal agency to provide security protections for both “information collected or maintained by or on behalf of an agency” and for “information systems used or operated by an agency or by a contractor of an agency or other organization on behalf of an agency.” FISMA and other provisions of Federal law authorize the Director of the Office of Management and Budget (OMB) to promulgate information security standards for information security systems, including to ensure compliance with standards promulgated by the National Institute of Standards and Technology (NIST).

Executive Order 14028, “Improving the Nation’s Cybersecurity” (E.O. 14028), emphasizes the importance of securing software used by the Federal Government to perform its critical functions. To further this objective, E.O. 14028 required NIST to issue guidance “identifying practices that enhance the security of the software supply chain.”¹ The NIST Secure Software Development Framework (SSDF) (SP 800-218),² and the NIST Software Supply Chain Security Guidance³ (these two documents, taken together, are hereinafter referred to as “NIST Guidance”) include a set of practices that create the foundation for developing secure software.

E.O. 14028 further requires that the Director of OMB take appropriate steps to ensure that Federal agencies comply with NIST Guidance. To that end, OMB issued Memorandum M-22-18, “Enhancing the Security of the Software Supply Chain through Secure Software Development Practices” (M-22-18), on September 14, 2022. That memorandum was updated on June 9, 2023, through OMB Memorandum M-23-16, “Update to Memorandum M-22-18, Enhancing the Security of the Software Supply Chain through Secure Software Development Practices” (M-23-16). M-22-18, as amended by M-23-16, provides that a Federal agency may use software subject to M-22-18’s requirements only if the producer of that software has first attested to compliance with Federal Government-specified secure software development practices drawn from the SSDF.

This self-attestation form identifies the minimum secure software development requirements a software producer must meet, and attest to meeting, before software subject to the requirements of M-22-18 and M-23-16 may be used by Federal agencies. This form is used by software producers to attest that the software they produce is developed in conformity with specified secure software development practices.

Software requires self-attestation if any of the conditions is met:

1. The software was developed after September 14, 2022;
2. The software was developed prior to September 14, 2022, but was modified by major version changes (e.g., using a semantic versioning schema of Major.Minor.Patch, the software version number goes from 2.5 to 3.0) after September 14, 2022; or
3. The producer delivers continuous changes to the software code (as is the case for software-as-a-service products or other products using continuous delivery/continuous deployment).

Software products and components in the following categories are not in scope for M-22-18, as amended by M-23-16, and do not require a self-attestation:

1. Software developed by Federal agencies;
2. Open-source software that is freely and directly obtained by a Federal agency;
3. Third-party open source and proprietary components that are incorporated into the software end product used by the agency; or
4. Software that is freely obtained and publicly available.

Software producers who utilize third party components in their software are required to attest that they have taken specific steps, detailed in “Section III – Attestation and Signature” of the common form, to minimize the risks of relying on such components in their products.

Agency-specific instructions may be provided to the software producer outside of this common form. Conformance to agency-specific requirements may be included with this form as an addendum; agencies are responsible for fulfilling any Paperwork Reduction Act requirements applicable to agency-specific additions.

Filling Out the Form

Software Producer Information

Please provide a description of the software and information about the software producer. All fields in the attestation form are required to be appropriately completed by the software producer. Incomplete forms will not be accepted.

The form must be signed by the Chief Executive Officer (CEO) of the software producer or their designee, who must be an employee of the software producer and have the authority to bind the corporation. By signing, that individual attests that the software in question is developed in conformity with the secure software development practices delineated within this form. The software may be used by a federal agency, consistent with the requirements of M-22-18, as amended by M-23-16, once the agency has received an appropriately signed copy of the attestation form.

The software producer may choose to demonstrate conformance with the minimum requirements by submitting a third-party assessment documenting that conformance. A third-party assessment must be performed by a Third Party Assessor Organization (3PAO) that has either been FedRAMP certified or approved in writing by an appropriate agency official. The 3PAO must use relevant NIST Guidance that includes all elements outlined in this form as part of the assessment baseline. To rely upon a third-party assessment, the software producer must check the appropriate box in Section III and attach the assessment to the form. The producer need not sign the form in this instance. The agency shall take appropriate steps to ensure that the assessment is not posted publicly, either by the vendor or by the agency itself.

Additional Information:

In the event that an agency cannot obtain a completed self-attestation from the software producer, an agency may still decide to use the producer's software if the producer identifies the practices to which they cannot attest, documents practices they have in place to mitigate associated risks, and submits a plan of actions and milestones (POA&M) to the agency. When an attestation is not provided, per OMB guidance, agencies are responsible for requesting from OMB an extension or waiver for the continued use.

This common self-attestation form fulfills the minimum requirements set forth by OMB in M-22-18, as amended by M-23-16.

The attestation form, background, and instructions are subject to change and may be modified.
