Solicitation/Contract Form Continuation

HLT Service Contract

1. PERFORMANCE OF WORK STATEMENT (PWS)

1.1 Introduction. The requiring activity is Norfolk Naval Shipyard (NNSY), Portsmouth, Virginia. NNSY Lifting & Handling Department (L&HD) requires a service contract for repair, maintenance and troubleshooting of the NNSY TDS Automation Heavy Lift Transporters (HLTs) to include 150-ton, 100-ton and the LHS (LWWAA Handling System).

1.2 Scope. The contractor shall provide all Original Equipment Manufacturer (OEM) qualified technicians, transportation, equipment, tools, materials, supervision, technical expertise, and OEM engineering support to repair or perform life cycle maintenance on site when required by the L&HD. The contractor shall utilize only OEM parts or authorized part substitutions. Contractor work performance shall encompass troubleshooting and evaluating, diagnosing, and resolving HLT issues that result in malfunction or shutdown of an HLT. Training from OEM qualified technicians will be provided as requested. The training will be both operational and maintenance based. Operational training will include controls, basic operations, start-up procedures (operations checks), handling of counterweights, and employment of swing-away. Maintenance training will include troubleshooting, hydraulics, electrical, boom maintenance, track maintenance, engine specs, safeties and sensors.

2. APPLICABLE DOCUMENTS

2.1 Reference(s)

2.1.1 Contractor applicable OEM HLT maintenance and service manuals

2.1.2 Contractor applicable OEM drawings, documents, bulletins and publications

3. REQUIREMENTS

3.1 Safety and Personnel Protective Equipment (PPE)

3.1.1 Personal Protective Equipment (PPE). The contractor is responsible for providing all their employees with PPE and ensuring they utilize PPE while on NNSY property. All personnel will follow site requirements for wearing PPE at all times while in a posted area. Mandatory PPE includes a hard hat, safety glasses with side shields, steel-toed safety shoes, and hearing protection on their person in case it is needed. In addition, all personnel shall wear any additional PPE as appropriate to control hazards of the work being performed (examples: life vests, personal fall arrest systems).

3.1.2 Fall Protection. The Contractor shall provide and utilize proper guarding around every open-sided platform and work surface edge or shall use other means of fall protection to include a fall protection safety harness and lanyard, fall restraint system, safety nets, or other appropriate protection against fall hazards meeting the requirements of 29 CFR 1910, 29 CFR 1915, and 29 CFR 1926.

3.1.3 Spill Contingency and Control. The Contractor shall notify the shipyard Fire Division at 757-396-3333 immediately upon discovery of any spill discharge, regardless if Contractor generated or by another source. Notification shall identify when spills/discharges are Contractor caused. The Contractor shall cleanup all spills and discharges caused by any of its work operations. The Contractor shall maintain cleanup capability commensurate with the spill potential of its work operations.

3.1.4 Job Site Cleanliness. A "clean-as-you-go" work methodology for contractor work shall be used to maintain a level of cleanliness that will not cause a work environment to be unsafe. The level of cleanliness expected at NNSY is as follows: Surface shall be visually free of grease, oil, flux, scale, dirt, loose particles and any other contamination foreign to the base metal. Tap water residues on all metals and light superficial rust on carbon steel surfaces, caused by short-term exposure to the atmosphere, are permitted. Light dust on cleaned surfaces is not objectionable, if the quantity and size of the particle does not adversely affect system operations. The disposal of all excess material, parts, cleaning items and hazardous waste (petroleum. oils, lubricants) will be the responsibility of NNSY.

3.1.6 Restricted Items. Contractors are prohibited from bringing onto federal property the following items:

- All forms of alcohol and illegal drugs.
- Shotguns, handguns, machineguns, firearm silencers, ammunition of any type, blasting caps or similar items of explosive material (i.e. fireworks), starter or flare pistols, pellet or BB guns, dynamite, teargas and their dispensing devices, and other similar devices.
- Any blades in excess of four inches, and other weapons that can be used as a weapon.
- Smoking is only permitted in designated areas.

3.2 Defense Biometric Identification System, (DBIDS) and NAVSEA Badging

- Contractor will complete the SECNAV 5512 form(s) and forward them to their NNSY sponsor/Contracting Officer's Representative (COR).
- The sponsor will complete the CVS spreadsheet utilizing the information on the completed SECNAV 5512 forms and forward all documents to Commander Navy region Mid-Atlantic (CNRMA) for vetting.
- CNRMA will add the contractor to the "179-day List" which is utilized by the Pass and ID office to create the DBIDS card.
- Once on the 179-Day List, the contractor may go to Pass and ID to have their DBIDS card generated.
- Present following forms of valid identification: Real ID or driver's license, birth certificate and social security card (all three) or passport.
- Green NAVSEA access badges can be generated at this point with contractors providing proof of U.S. Citizenship (Birth Certificate or US Passport).
- Present a completed copy of the SECNAV 5512/1 form.

3.2.1 Portable Electronic Device (PED). A PED is defined as any non-stationary electronic apparatus with singular or multiple capabilities of, but not limited to recording, storing, and/or transmitting data, voice, video, or photo images. (eg. cell phones, laptops, tablets and wearable devices such as fitness bands and smart watches).

- NAVSEA 04 Ser 04/281 IMPLEMENTATION PLAN FOR ALLOWING CAMERA-PORTABLE ELECTRONIC DEVICES WITHIN THE CONTROLLED INDUSTRIAL AREA.
- NAVSEAINST 2200.1A PORTABLE ELECTRONIC DEVICES POLICY
- SECROMAN Vol 5510.36 Rev E

In accordance with ref (a), personally owned camera PEDs will be authorized inside of the Controlled Industrial Area (CIA) and all Security Islands. Camera enabled PEDs will remain unauthorized within Controlled Nuclear Information Areas (CNIAs), Nuclear Works Areas (NWAs) and Open Storage Areas.

All PEDs, camera enabled or not, are still prohibited within NWAs and Open Storage Areas.

The allowance of camera enabled PEDs inside of the CIA and Security Islands does not negate existing photography policies. Unofficial photography, filming of video, or live streaming from the camera-enabled PED remains prohibited within the CIA or any NAVSEA controlled space outside of the CIA. Further, audio recordings (both digitally or magnetically) in NAVSEA spaces is prohibited without the approval of the Code 1120 Security Director.

3.2.2 Computer Access. For any laptop or tablet computer required for performance of this statement of work, NNSY information security must approve admission of the computer to the shipyard. The request shall contain the following information:

1. Purpose of IT request
2. Location of use
3. Name of user
4. Type (Laptop, tablet, etc.)
5. Make, model, item and Ser #)
6. How equipment is being delivered
7. No camera

3.3. General Work Specifications

3.3.1 Services. The contractor shall provide all OEM qualified technicians, transportation, equipment, tools,

materials (provided sufficient funding is available), supervision, technical expertise, and OEM engineering support to repair or perform life cycle maintenance on site when required by the L&HD. The contractor shall utilize only OEM parts or authorized part substitutions. Contractor work performance shall encompass troubleshooting and evaluating, diagnosing and resolving HLT issues that result in malfunction or shut down of an HLT.

3.3.2 Contractor workmanship. Contractor workmanship shall provide a standard of quality consistent with that of OEM specifications and government high quality expectations. The contractor shall perform work in accordance with latest OEM publications cited in reference 2.1.

3.3.3 Contractor notification. The contractor shall perform repairs or maintenance to an HLT upon notification that the HLT is malfunctioning or inoperative. Upon receiving notice from the L&HD Contracting Officer Representative (COR) that an emergent service is required (see section 3.3.4), the contractor shall troubleshoot the emergent condition providing service only to restore the HLT to a safe condition. The contractor shall then provide an estimate for the emergent service and any additional service required to make the HLT operate under normal conditions.

3.3.4 Response time. For non-emergent repair requests or maintenance requests, the contractor shall respond on site subject to availability of a technician after notification from the Contracting Officer. For emergent repair requests, the contractor shall make every effort to respond as prompt as possible subject to availability of a technician after notification from the L&HD COR. Emergent repair requests are deemed as conditions that jeopardize the safety of the equipment (may result in substantial damage or further failure) or safety of personnel (may result in injury or death).

3.3.5 Reports. The contractor shall submit one legible copy, in electronic media (i.e., a Microsoft Word document, PDF), a service completion report for repairs completed, or maintenance performed, or training provided. The service completion report shall include equipment conditions noted, components repaired, and parts replaced with part numbers, used to restore the HLT to a fully operational condition. This report must be submitted within five business days to the L&HD COR.

3.3.6 Parts warranty. All parts used in HLT repair or maintenance shall carry the standard commercial warranty from the time of installation (This PWS does not include any labor, parts, or service support performed during the standard warranty period of the equipment unless explicitly agreed to in writing. All warranty-related work must follow TDS Automation's warranty process.

3.4 Quality Assurance

3.4.1 Quality provision. Technicians shall take all reasonable efforts to have HLTs operational during each contractor service call (repair or maintenance). If parts or components are not available at time of service call, contractor shall provide a report, per 3.3.5 above, outlining needed parts or components for procurement by NNSY. Once received at the shipyard, NNSY shall schedule a second, funded service call, subject to technician availability per 3.3.4 above. Prior to leaving the site, the contractor will demonstrate or assist the Government personnel in demonstrating to the COR or designated representative that the serviced HLT is operating correctly.

3.4.2 Contractor evaluation. The Government shall evaluate the contractor's performance under this contract using the below contractor review standards.

- Timeliness (does the contractor arrive on time)
- Performance (is the service performed in a reasonable amount of time)
- Cleanliness (does the contractor perform clean-as-you-go)
- Parts (is OEM parts available and used for repairs and maintenance)
- Warranty (is warranty requests honored and completed in a timely manner)
- Reports (are reports complete and submitted on time)

3.4.3 Disputes. Any disputes between the L&HD COR or designated representative and the contractor technician regarding contractor performance will be immediately referred to the Contracting Officer.

3.4.4 Repair vs replacement. The contractor shall notify the L&HD COR if it is determined that repair of an HLT component or part exceeds the replacement cost of component or part. The contractor shall not be expected to perform the repair costs if the repair cost exceeds the replacement cost.

4. ACCEPTANCE CRITERIA

4.1 The contractor shall notify the government representatives upon completion a service call. Contractor shall

demonstrate on the equipment display screen or by operational means how the repairs were accomplished. If work is incomplete or complete with discrepancies, supporting rationale shall be provided as mutually agreed between the contractor and government via submission of one legible hard copy or approved transferrable media per 3.4.1 above. Upon completion of work or correction of discrepancies a follow up service call shall be rescheduled for acceptance of work completed.

5. DELIVERABLES

5.1 Contractor deliverables. The contractor shall submit the following documents to the government representative points of contact listed in section 7.

5.1.1 Service completion report (see section 3.3.5)

6. PERIOD OF PERFORMANCE (POP)

6.1 The contract POP shall be one base year of 12 months from the date of award and four 12-month option years. The POP reads as follows:

6.1.1 Option year one

6.1.2 Option year two

6.1.3 Option year three

6.1.4 Option year four

DFARS Clauses Incorporated by Full Text

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	<u>N50082</u>
Issue By DoDAAC	<u>N42158</u>
Admin DoDAAC	<u>N42158</u>
Inspect By DoDAAC	<u>N42158</u>
Ship To Code	<u>N42158</u>
Ship From Code	==
Mark For Code	==

Service Approver (DoDAAC)	<u>N42158</u>
Service Acceptor (DoDAAC)	<u>N42158</u>
Accept at Other DoDAAC	<u> </u>
LPO DoDAAC	<u>N42158</u>
DCAA Auditor DoDAAC	<u> </u>
Other DoDAAC(s)	<u>N50120</u>

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

Kimberly.c.hudson.civ@us.navy.mil / 757-396-2636757-396-2636 Bilikis Bramlett, bilikis.bramlett@navy.mil, 757-396-4416

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

52.217-9 Option to Extend the Term of the Contract. (Mar 2000)

OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 60[insert the period of time within which the Contracting Officer may exercise the option]; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days[*60days unless a different number of days is inserted*] before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 12(months) (years).

Additional Regulation or Supplemental Clauses Incorporated by Full Text

G-242-H002 HOURS OF OPERATION AND HOLIDAY SCHEDULE (NAVSEA) (JUL 2021) (Jul 2021)

(a) The policy of this activity is to schedule periods of reduced operations or shutdown during holiday periods. Deliveries will not be accepted on Saturdays, Sundays or Holidays except as specifically requested by the [insert activity name]. All goods or services attempted to be delivered on a Saturday, Sunday or Holiday without specific instructions from the Contracting Officer or his duly appointed representative will be returned to the contractor at the contractor's expense with no cost or liability to the U. S. Government.

(b) The federal Government observes public Holidays that have been established under 5 U.S.C. 6103. The actual date of observance for each of the holidays, for a specific calendar year, may be obtained from the OPM website at OPM.GOV or by using the following direct link: <https://www.opm.gov/policy-data-oversight/pay-leave/federal-holidays/>.

(c) Delayed Opening, Early Dismissal and Closure of Government Facilities. When a Government facility has a delayed opening, is closed or Federal employees are dismissed early (due to severe weather, security threat, security exercise, or a facility related problem) that prevents personnel from working, onsite contractor personnel regularly assigned to work at that facility shall follow the same reporting and/or departure directions given to Government personnel. The contractor shall not direct charge to the contract for such time off, but shall follow parent company policies regarding taking leave (administrative or other). Non-essential contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal, delayed opening, or during periods of inclement weather, onsite contractors should monitor the OPM website as well as radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis.

(d) When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, or a facility related problem), on site contractors shall continue working established work hours or take leave in accordance with parent company policy. Those contractor employees who take leave shall not direct charge the non-working hours to the contract. Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and the company's established policy and procedures. Contractors shall follow their disclosed charging practices during the contract period of performance, and shall not follow any verbal directions to the contrary. The Contracting Officer will make the determination of cost allowability for time lost due to facility closure in accordance with FAR, applicable Cost Accounting Standards, and the Contractor's established accounting policy and procedures.

(e) If you intend to visit the Contracts Office, it is advised that you call for an appointment at least 24 hours in advance.

(f) The hours of operation are as follows:

AREA	FROM	TO
[insert specific Departments]	[insert times]	

(g) All deliveries to the Receiving Officer, ___ [Negotiator insert delivery location], shall be made Monday through Friday from ___ [Negotiator enter beginning hour of operation] to ___ [Negotiator enter closing hour of operation], local time. Deliveries will not be accepted after ___ [Negotiator enter closing hour of operation]. No deliveries will be accepted on federal government holidays.

G-232-H005 SUPPLEMENTAL INSTRUCTIONS REGARDING INVOICING (NAVSEA) (JAN 2019) (Jan 2019)

(a) For other than firm fixed priced contract line item numbers (CLINs), the Contractor agrees to segregate costs incurred under this contract/task order (TO), as applicable, at the lowest level of performance, either at the sub line item number (SLIN) or CLIN level, rather than at the total contract/TO level, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost break down of other direct costs (ODCs), materials, and travel, by technical instruction (TI), SLIN, or CLIN level. For other than firm fixed price subcontracts, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the Contracting Officer and COR; or other method as agreed to by the Contracting Officer.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and Contracting Officer on the same date they submit the invoice in WAWF. No payments shall be due if the contractor does not provide the COR and Contracting Officer email notification as required herein.

(End of Text)

G-242-H001 GOVERNMENT CONTRACT ADMINISTRATION POINTS-OF-CONTACT AND RESPONSIBILITIES (NAVSEA) (OCT 2023) (Oct 2023)

- (a) The Government reserves the right to administratively substitute any of the points of contact listed below at any time.
- (b) The contracting officer is the only person authorized to change this contract or orders issued thereunder. The Contractor shall not comply with any order, direction or request of Government personnel - that would constitute a change - unless it is issued in writing and signed by the Contracting Officer or is pursuant to specific authority otherwise included as part of this contract. If, in the opinion of the contractor, an effort outside the existing scope of this contract is requested, the contractor shall promptly comply with the Notification of Changes clause of this contract.

(c) The points of contact are as follows:

(i) The Procuring Contracting Officer (PCO) is:

Name: [*]
Address:
[*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(ii) The Contract Specialist is:

Name: [*]
Address:
[*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(iii) The Administrative Contracting Officer (ACO) is:

Name: [*]
Address:
[*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(d) The Contracting Officer's Representative (COR) is the contracting officer's appointed representative for technical matters. The COR is not a contracting officer and does not have the authority to direct the accomplishment of effort which is beyond the scope of the contract or to otherwise change any contract requirements. An informational copy of the COR appointment letter, which provides a delineation of COR authority and responsibilities, will be provided upon award of this contract.

The Contracting Officer's Representative (COR) is:

Name: [*]
Address:
[*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(e) The Alternate Contracting Officer's Representative (ACOR) is responsible for COR responsibilities and functions in the event that the COR is unavailable due to leave, illness, or other official business. The ACOR is appointed by the contracting officer; a copy of the ACOR appointment will be provided upon award of this contract.

The Alternate Contracting Officer's Representative (ACOR) is:

Name: [*]
Address:
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(f) The Technical Point of Contact (TPOC) is the contracting officer's representative for technical matters when a COR is not appointed. The TPOC is responsible for technical issues of contract administration, such as providing all items of Government Furnished Information (GFI), Government Furnished Material (GFM) and Government Furnished Equipment (GFE) if specified in the contract as well as the inspection and acceptance of all contract deliverables.

The Technical Point of Contact (TPOC) is:

Name: [*]
Address: [*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(g) The Alternate Technical Point of Contact (ATPOC) is responsible for TPOC responsibilities and functions in the event that the TPOC is unavailable due to leave, illness, or other official business.

The Alternate Technical Point of Contact (ATPOC) is:

Name: [*]
Address:
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

(h) The Authorized Ordering Person(s) for Per-Call Maintenance is responsible for issuing and maintaining records for any per-call orders for remedial maintenance placed under this contract. No per-call order shall be placed outside the scope of this contract and the cumulative total of all orders shall not be in excess of any not-to-exceed amount specified in the contract. Per-call orders shall not, in any way, modify any terms and conditions of the contract.

(i) The Authorized Ordering Person(s) for Per-Call Maintenance is:

Name: [*]
Address:
[*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx];
E-mail: [*]

(j) The Contractor's point of contact for performance under this contract is:

Name: [*]
Address:
[*Street]
[*City, State, Zip]
Phone: (Area Code) xxx- [xxxx]
E-mail: [*]

[*] To be completed at contract award

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

Offerors are required to follow the instructions outlined in the solicitation, which includes compliance with FAR 52.212-1 (Instructions to Offerors--Commercial Items). Proposals will be evaluated as best value for the government, based on three key criteria: **technical capability, past performance, and price**. The Government intends to award one Firm Fixed Price (FFP) contract resulting from this solicitation to the contractor responsible whose quote conforms to the solicitation and is most advantageous to the Government based on these orders: i) technical capability, ii) past performance, and iii) price.

The Government reserves the right to award the contract to a proposal other than the lowest-priced offer if such proposal is determined to provide the best overall value to the Government. The Government only intends to evaluate proposals that meet the solicitation requirements and demonstrate the capability to perform the work successfully.

Evaluation Criteria:

Factor 1- Technically Capable - The evaluation team will rate each quote as either "Acceptable" or "Unacceptable" based on the following questions outlines in the technical narrative. Only quotes rated as "Acceptable" will be considered for awards and evaluated further

Factor 2- Past Performance: HLT are essential to shipyard operations. Therefore, the vendor must have relevant experience with large industrial equipment

Factor 3- Price- Price *shall not* be the sole factor in the selection process. However, should prospective vendors be deemed equal across all specified evaluation criteria, price may serve as the determining factor in awarding the contract

Evaluation - Commercial Products and Commercial Services

Addendum to Evaluation - Commercial Product and Commercial Services

Given the sole source nature of this procurement, upon determination of technical acceptability, the price proposal submitted by the vendor will be reviewed as the sole factor for award consideration. The pricing assessment will focus on the cost-effectiveness and competitiveness of the proposed price relative to the scope and quality of the goods or services offered. Price reasonableness will be evaluated against market benchmarks and historical pricing data to ensure fair and prudent expenditure.

This evaluation approach ensures that the sole source vendor's proposal meets the required technical and safety standards before price reasonableness is confirmed, thereby enabling an efficient and compliant procurement process consistent with regulatory requirements and organizational policies.

Offeror Representations and Certifications - Commercial Products and Commercial Services
