(a) Definitions. As used in this clause--

Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (e.g., vendor agreements), program participation, or allocation or deployment of an entity's resources.

(b) In connection with the performance of work under this contract, the Contractor agrees as follows:

(1) The Contractor will not engage in any racially discriminatory DEI activities;

(2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

(3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;

(4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and

(5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause.

(6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's payment decisions for purposes of 31 U.S.C. 3729(b)(4).

(c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the place of delivery or performance is outside the United States.

SOFARS PART 5652
SOLICITATION PROVISIONS AND CONTRACT CLAUSES

As prescribed in 5604.403(b), insert the following clause,

(a) The protection of sensitive but unclassified data reflecting Special Operations technologies, personnel, plans, and business associations requires due diligence on the part of those in possession of such information. The application of appropriate security measures to ensure the safekeeping of USSOCOM and company proprietary data, intellectual property, and personnel data is the responsibility of all parties who have access to such information. On September 21, 2001, the Department of Defense designated Headquarters US Special Operations Command (USSOCOM) a sensitive unit, as defined by Title 10 United States Code (USC) Section 130b (10 USC 130b). See DoD Manual 5400.07, Freedom of Information Act Program, dated 25 January 2017 paragraph 5.2 c. (2)(a). In keeping with this designation, unclassified information related to USSOCOM military technology acquisitions managed by USSOCOM or any of its component commands, will be designated Controlled Unclassified Information (CUI). As such, the contractor hereby unequivocally agrees that it shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document, contractor's external website, newspaper, magazine, journal, corporate annual report, email, text, conversation, social media, etc.), pertaining to any part of this contract or any program related to this contract, unless the Contracting Officer has given prior written approval. Furthermore, any release of information which associates USSOCOM, Special Operation Forces (SOF), or any component command with an acquisition program, contractor, or this contract is prohibited unless specifically authorized by the Contracting Officer.

(b) That contractor shall submit a written request for approval and shall identify the specific information to be released, the medium to be used, and the purpose for the release. The contractor shall submit the request to the Contracting Officer at least 60 days before the proposed date for release for approval. No release of any restricted information shall be made without specific written authorization by the Contracting Officer.

The Contractor shall include a similar requirement to this clause in each subcontract under this contract to affect this requirement at each level of subcontracting. Subcontractors shall submit request for authorization to release through the prime contractor to the Contracting Officer.

(c) The Contractor further understands that Title 18 USC Section 701 specifically prohibits the use of the USSOCOM emblem or logo in any manner or medium (e.g., corporate website, marketing brochure, newspaper, magazine, etc.) unless authorized in writing by the Contracting Officer. A written request for use of the USSOCOM emblem or logo shall be submitted to Contracting Officer at least 60 days before proposed use. Forward any request to use the USSOCOM emblem or logo through the Contracting Officer.

5652.204-9006 Additional Protection of Covered Defense Information on Covered Contractor Information systems (2024) Section H (Added March 2024)

As prescribed in 5604.403(d), insert the following clause,

(a) The Contractor shall utilize a Protective Domain Name System (PDNS) service on all covered contractor information systems processing, storing, or transmitting covered defense information, consistent with the applicability and definitions contained in DFARS 252.204-7012.

(b) The Contractor may use any commercially available PDNS provider or may use PDNS services provided, at no cost to DoD contractors, by the NSA's Cybersecurity Collaboration Center (CCC). More information related to NSA CCC provided PDNS services can be found at <https://www.nsa.gov/About/Cybersecurity-Collaboration-Center/PDNS/>. In addition, to further enhance cyber hygiene, the NSA's CCC provides voluntary services, playbooks, and detailed cyber security information at <https://www.nsa.gov/About/Cybersecurity-Collaboration-Center/>.

(c) Contractors that use commercially available PDNS providers are authorized to share PDNS alerts and logs with NSA for analysis and defensive measures.

(d) Flow down requirements. Contractors shall insert this clause, including paragraph (d), in all subcontracts or similar contractual instruments (e.g. teaming partners), including subcontracts for the acquisition of commercial products or commercial services (excluding commercially available off-the-shelf items), without alteration, except to identify the parties.

5652.216-9005, Government Down Time for Various Reasons (2005) Section I

In accordance with 5616.307(l), and as prescribed in 5616.601-90, insert the following clause,
From time to time Government installations may be closed in response to an unforeseen emergency or similar occurrence, or by order of the President, Secretary of Defense, or installation commander. Designated emergencies include, but are not limited to, adverse weather such as snow or flood, an act of God such as a tornado or earthquake, acts of war or terrorism, computer failures, or a base disaster such as a natural gas leak or fire.

(1) Under such designated emergencies or other ordered base closures, contractor personnel will not be allowed on the Government installation unless specifically approved by the Contracting Officer in accordance with installation policies and procedures. If an emergency requiring installation closure occurs while contractor personnel are on the installation, contractor personnel shall promptly secure all government furnished property appropriately and evacuate in an expedient but safe manner unless otherwise directed by the Contracting Officer.

(2) If the installation closure causes a delay in the work required by the contract, the Government may:

(i) grant a time extension in each task order delayed by the closure equal to the time of the closure, subject to the availability of funds.

(ii) terminate the work or a portion of the work.

(iii) reschedule the work on any day satisfactory to both parties.

(iv) permit the contractor to perform at an off-site location during the period of installation closure if meaningful work can be accomplished. Contractor shall certify to the government by letter within 5 business days of returning to work the nature and scope of the work completed off-site. There shall be no adjustment to the contract labor rates for work performed off the installation.

(1) If one or more of the key personnel, for any reason, becomes or is expected to become unavailable for work under this contract for a continuous period exceeding 30 work days, or is expected to devote substantially less effort to the work than indicated in the proposal or initially anticipated, the contractor shall, subject to the concurrence of the Contracting Officer or an authorized representative, promptly replace personnel with personnel of equal ability and qualifications.

(2) All requests for approval of substitutions hereunder must be in writing and provide a detailed explanation of the circumstances necessitating the proposed substitutions. The request must contain a resume for the proposed substitute, and any other information requested by the Contracting Officer. The Contracting Officer shall promptly notify the contractor of approval or disapproval in writing.

(b) If the Contracting Officer determines that suitable and timely replacement of Key Personnel who have been reassigned, terminated or have otherwise become unavailable for the contract work is not reasonably forthcoming or that the resultant reduction of productive effort would be so substantial as to impair successful completion of the contract, the Contracting Officer may terminate the contract for default or for the convenience of the Government, as appropriate, or make an equitable adjustment to the contract to compensate the Government for any resultant delay, loss or damage.

(c) The follow positions are identified as Key Personnel:

(a) In the event a contractor employee separates without advance notice (either quits or is terminated), the contractor shall immediately notify the Trusted Agent (TA) who will ensure CAC permissions are revoked the same day. In various instances a contractor employee may not be on task (working) due to furloughs, suspensions pending the outcome of an investigation, or the contract reaches the end of the period of performance (POP) and renewal is anticipated but not yet complete. During these occurrences, the TA or a representative from the contractor (TA's choice) will collect and retain the CACs of the affected contractor personnel residing in the local area however; CAC permissions will not be revoked in the Trusted Associate Sponsorship System (TASS). Collecting CACs however, may not be feasible for contractor personnel located in remote locations. 52.229-11 Tax on Certain Foreign Procurements-Notice and Representation. (Jun 2020)

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [*Offeror must select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

Proposals shall not contain classified information.

Qualifying Criteria (Volume I): All listed qualifying criteria submissions will be evaluated on a pass or fail basis. The qualifying criteria shall be submitted in accordance with the instructions contained in this solicitation.

Offerors shall submit their proposal in 4 separate volumes: Volume 1 - Qualifying Criteria, Volume 2 - Technical, Volume 3 - Past Performance, and Volume 4 - Price.

Fill out and include the information below in your Qualifying Criteria volume:

- Complete business address of the Offeror, the corporate name to be used on any resultant contract, and the remittance address if different from that above. If this name does not identify a "parent company" or sponsoring "corporation" name, also provide such identity, as appropriate.

- **Fill-In Clauses:** Provide all fill-ins or certifications required by the solicitation, for inclusion in any resulting contract.

- **Terms and Conditions:** The Offeror must include a statement that it either (a) agrees to the terms and conditions of this solicitation (which consists of the entire RFP, including all documents, exhibits, and other attachments that are incorporated therein by reference and made a part thereof) and any solicitation amendments; or (b) takes exceptions to any terms or conditions of the solicitation, and clearly identifies those exceptions. Exceptions to any of the terms and conditions of this RFP may be considered by the Government to be unacceptable.

- **Proposal validity period:** Required minimum is 180-days.

- The Offeror shall limit the Qualifying Volume to 3 pages.

Failure to pass all Qualifying Criteria as outlined above may result in the proposal being rated Unacceptable. If the Qualifying Criteria is rated Unacceptable, no further evaluation will be conducted.

Factor I - Technical (Volume II): This volume shall be prepared in accordance with (IAW) the evaluation criteria below, "ADDENDUM TO FAR 52.212-2 EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)". Proposals shall address the Offeror's technical capabilities to accomplish the work by providing specific narrative details and/or description of actual methods, processes and procedures for providing the services described in "Attachment 1 - Statement of Work (SOW)". General statements that the Offeror understands the requirement and shall comply with the requirements of the RFP will be considered inadequate. Offerors are cautioned not to rephrase or restate the Government's requirements in the proposal but furnish convincing narratives describing "how" they intend to meet these requirements. The Offeror shall limit the Technical Volume to 10 pages.

Subfactor I: Resumes and Qualifications

Offerors shall provide resumes for all proposed personnel. Mandatory Requirement: Each resume must be accompanied by a Cross-Reference Matrix. This matrix shall explicitly map each minimum qualification and skill requirement outlined in SOW Section 5.0 (e.g., years of experience, specific operational backgrounds, required systems familiarity) to the exact location (page number and paragraph) within the resume where that qualification is demonstrated.

Subfactor II: Staffing Approach

Offerors shall provide a detailed Staffing Approach describing processes to recruit, hire, on-board, and retain highly qualified personnel required by the SOW. Offerors are highly encouraged to substantiate their approach with concrete evidence of recruitment capabilities. This evidence may include, but is not limited to:

- Signed Letters of Intent (LOIs) from fully qualified personnel (including incumbent capture efforts).
- Documented evidence of an active, vetted candidate pipeline that meets the niche skill sets required in the SOW.
- Historical retention metrics from recent contracts of similar scope and complexity.

Subfactor III: Transition Approach

Offerors shall submit a detailed Incumbent Capture and Knowledge Transfer Plan to ensure full operational capability on day one. Recognizing that direct "left seat/right seat" or "side-by-side" work with incumbents is strictly prohibited, this plan must outline:

- The offeror's strategy and timeline for recruiting incumbent personnel prior to contract award.
- Structured methods for knowledge transfer and continuity of operations that comply with the "no side-by-side" restriction (e.g., development of continuity books/Standard Operating Procedures, post-award Q&A sessions, and systematic review of historical deliverables and government-provided documentation).

Factor II - Past Performance (Volume III):

The Past Performance volume shall not exceed five (5) pages.

Offerors shall submit at least three (3), but no more than [Insert Max Number, e.g., five (5)], recent and relevant contracts or agreements.

Recent is defined as efforts performed (either completed or ongoing) within the past five (5) years from the date of solicitation issuance.

Relevant is defined as efforts similar in size, scope, and magnitude to the requirements identified in the Statement of Work (SOW).

For each submitted contract/agreement, provide the following:

- Contract/Agreement Number
- Period of Performance
- Total Contract/Task Order Dollar Value (to demonstrate magnitude)
- Reference Name, Telephone Number, and Email Address
- A brief narrative explicitly describing how the prior work is relevant to the specific tasks and scope of this SOW.

The Government will accept past performance from prime contracts, subcontracts, teaming agreements, and joint ventures. NOTE: If submitting past performance as a subcontractor, the Government may have difficulty obtaining qualitative information due to a lack of privity. To mitigate this, offerors are highly encouraged to provide accurate contact information for both the Prime Contractor and the ultimate Government customer/Point of Contact.

Factor III - Price (Volume IV):

- The Offeror must fill in the attached Pricing Template per the instructions provided on the template. The Offeror shall provide price volume narrative that explains how rates were calculated, which includes the submission of a price list that delineates hourly costs per laborer. Additionally, vendor shall include documentation that supports the proposed pricing that may include but is not limited to a published pricing list, etc. The Price (Volume IV) narrative is limited to 10 pages.

- SOFARS 5652.215-9010. Cost and Pricing Data Not Required (1998) Section L. It is anticipated that adequate price competition will be available to determine price reasonableness. In the event that the price reasonableness cannot be determined based on adequate competition, the Contracting Officer may require the submittal of other than cost or pricing data in accordance with FAR 15.403-3.

(Dec 2022)

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements.* After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable ____ [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts.* Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

Evaluation Factors for Award

ADDENDUM TO FAR 52.212-2 EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers: Qualifying Criteria, Technical, Past Performance, and Price. Qualifying Criteria will be evaluated first on a Pass/Fail basis. If the proposal does not pass, no further evaluation will be conducted, and the proposal will not be considered for award. Factor 1 - Technical will be evaluated next. If the proposal is rated Unacceptable/Red, Past Performance and Price will not be evaluated, and the proposal will not be considered for award.

(b) The Government intends to award a single, Firm Fixed Price type contract to the responsible vendor whose overall proposal represents the **Best Value** after evaluation in accordance with (IAW) the factors in the solicitation. To arrive at a selection decision, the Contracting Officer will perform an integrated assessment using the evaluation factors described in this solicitation. This may result in awards being made to the higher rated, potentially higher priced proposal(s) where the decision is consistent with the evaluation factors. This is a competitive, best value trade-off selection that will be conducted IAW with FAR parts 15 and 12, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS) and Special Operations Federal Acquisition Regulation Supplement (SOFARS). The following factors will be used to evaluate proposals and are in descending order of importance; Technical, Past Performance and Price. **The order of importance for the evaluation factors is 1) Technical, 2) Past Performance, and 3) Price. When combined, Technical and Past Performance are more important than price.**

(c) The Government intends to award without discussions if the evaluation shows that it is in the Government's best interest. However, if deemed necessary, the Government may (but is not obligated to) make a competitive range determination to hold discussions with the offerors IAW FAR 15.306. If made, the determination will be based on an initial evaluation of the Factors listed below. The competitive range will include only those proposals most highly rated after initial evaluation.

(d) Evaluation Criteria:

Factor I - Technical Acceptability: The offeror's approach to performing contract requirements and its capability to successfully perform the contract in accordance with the Statement of Work (SOW). Evaluation of this factor will focus on the significant strengths, strengths, weaknesses, significant weaknesses, and deficiencies of the proposal.

Subfactor I: Resumes and Qualifications

The Government will evaluate the offeror's proposed resumes against the mandatory skills and qualifications listed in SOW Section 5.0. The Government will utilize the offeror-provided Cross-Reference Matrix to verify compliance. The burden of proof rests with the offeror; failure to clearly and explicitly demonstrate that a proposed candidate meets all minimum SOW qualifications will result in a deficiency and may render the proposal unawardable.

Subfactor II: Staffing Approach

The Government will evaluate the realism and effectiveness of the offeror's methodology to recruit, hire, and retain the highly specialized personnel required for this effort. The Government will favorably evaluate (e.g., assess as a Strength or Significant Strength) proposals that reduce performance risk by providing concrete, verifiable evidence of recruitment readiness. Such evidence includes signed Letters of Intent (LOIs) from qualified candidates, demonstrated access to active/vetted niche talent pipelines, and proven high retention rates on comparable contracts.

Subfactor III: Transition Approach

The Government will evaluate the realism, comprehensiveness, and compliance of the offeror's Incumbent Capture and Knowledge Transfer Plan. The evaluation will assess how effectively the offeror mitigates transition risk and ensures uninterrupted mission support on day one. Proposals that present realistic, well-defined strategies for incumbent capture and structured knowledge management--while strictly adhering to the prohibition on "side-by-side" transition activities--will be evaluated favorably and associated with a lower risk of unsuccessful performance.

Technical Ratings - The following ratings will be applied to Factor 1 during evaluations. These ratings will also be assigned as an overall evaluated rating of the proposal.

Combined Color / Risk Ratings

Blue (Outstanding) - Proposal demonstrates an exceptional approach and understanding of the requirements, contains multiple strengths and / or at least one significant strength, and risk of unsuccessful performance is low.

Purple (Good) - Proposal demonstrates a thorough approach and understanding of the requirements and contains at least one strength or significant strength, and risk of unsuccessful performance is low to moderate.

Green (Acceptable) - Proposal demonstrates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.

Yellow (Marginal) - Proposal has not demonstrated an adequate approach and understanding of the requirements, and / or risk of unsuccessful performance is high.

Red (Unacceptable) - Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies and is un-awardable, and / or risk of performance is unacceptably high.

When conducting evaluations of Factor 1, the definitions below will be utilized:

Significant Strength - An aspect of an Offeror's proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.

Strength - An aspect of an offeror's proposal with merit or will exceed specified performance or capability requirements to the advantage of the Government during contract performance.

Weakness - A flaw in the proposal that increases the risk of unsuccessful contract performance.

Significant Weakness - A flaw that appreciably increases the risk of unsuccessful contract performance.

Deficiency - A material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

Risk, as it pertains to source selection, is the potential for unsuccessful contract performance. The consideration of risk assesses the degree to which an offeror's proposed approach to achieving the technical factor or subfactor may involve risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful contract performance. (For Firm-Fixed-Price contracts, the reference to increased cost may be removed from the risk definition.)

Factor 2 - Past Performance:

The Government will evaluate the offeror's past performance based on the references provided to determine recency, relevance, and the quality of performance. This evaluation assesses the offeror's probability of successfully completing the requirements of this acquisition.

In addition to the provided references, the Government reserves the right to obtain and evaluate past performance information from other sources, including, but not limited to, the Contractor Performance Assessment Reporting System (CPARS) and the System for Award Management (SAM.gov / FAPIIS).

When making relevancy determinations, the definitions below will be utilized:

Very Relevant - Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.

Relevant - Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.

Somewhat Relevant - Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.

Not Relevant - Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

To be considered Recent, past performance must have been performed whole or in part during the past five (5) years of the closing date of this RFP with at least 6 months of performance. Only those that meet the recency criteria will be assessed for relevancy. For those efforts determined Somewhat Relevant or higher, a performance evaluation will be conducted based on the data gathered by interviews with those references provided in the Offeror's PPI sheets, Offeror's PPQ, or as available through the Contract Performance Assessment Rating System (CPARS) or similar systems of other Government departments and agencies, questionnaires tailored to the circumstances of this acquisition, Defense Contract Management Agency (DCMA) channels, interviews with Program Managers and Contracting Officers, or other sources known to the Government, including commercial sources. Offerors should note that, in conducting this assessment, the Government reserves the right to use both data provided by the Offeror and data obtained from other sources; however, the Government is not limited to these resources. A performance rating will be established for each effort for which a performance evaluation is conducted utilizing the same performance rating definitions contained within the CPARS.

Past Performance Ratings - The following ratings will be applied to Factor 2 during evaluations.

Substantial Confidence - Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.

Satisfactory Confidence - Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.

Neutral Confidence - No recent/relevant performance record is available, or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.

Limited Confidence - Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.

No Confidence - Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

Factor 3 - Price: The evaluated price will be determined using the total price for base and all option years including the 6-month extension. The offeror's proposed price will be evaluated per FAR Part 15. Offerors responding to this solicitation are advised that, prior to award, the Government may request offerors to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted proposal.

Included in the solicitation and resulting contract is FAR Clause 52.217-8, the price of exercising this clause will be evaluated using the prices of CLINs 5001-5008 submitted in the vendor's proposal.

Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

The Government intends to award solely on the information contained in the proposal and intends to award without discussions. The Government reserves the right to conduct discussions if deemed necessary.

Although price is not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based. The importance of price will also increase when a vendor's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the offer. If, at any stage of the evaluation, all vendors are determined to have submitted equal, or virtually equal, proposals, price could become the factor in determining which vendors shall receive the award.

A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party.
