(2) "Mission-essential functions" means those organizational activities that must be performed under all circumstances to achieve DoD component missions or responsibilities, as determined by the appropriate functional commander or civilian equivalent. Failure to perform or sustain these functions would significantly affect DoD's ability to provide vital services or exercise authority, direction, and control.

(b) The Government has identified all or a portion of the contractor services performed under this contract as essential contractor services in support of mission essential functions. These services are listed in attachment 1, Mission-Essential Contractor Services, dated 17 February 2026.

(d)(1) Notwithstanding any other clause of this contract, the contractor shall be responsible to perform those services identified as essential contractor services during crisis situations (as directed by the Contracting Officer), in accordance with its Mission-Essential Contractor Services Plan.

(2) In the event the Contractor anticipates not being able to perform any of the essential contractor services identified in accordance with paragraph (b) of this section during a crisis situation, the Contractor shall notify the Contracting Officer or other designated representative as expeditiously as possible and use its best efforts to cooperate with the Government in the Government's efforts to maintain the continuity of operations.

(e) The Government reserves the right in such crisis situations to use Federal employees, military personnel or contract support from other contractors, or to enter into new contracts for essential contractor services.

(f) Changes. The Contractor shall segregate and separately identify all costs incurred in continuing performance of essential services in a crisis situation. The Contractor shall notify the Contracting Officer of an increase or decrease in costs within ninety days after continued performance has been directed by the Contracting Officer, or within any additional period that the Contracting Officer approves in writing, but not later than the date of final payment under the contract. The Contractor's notice shall include the Contractor's proposal for an equitable adjustment and any data supporting the increase or decrease in the form prescribed by the Contracting Officer. The parties shall negotiate an equitable price adjustment to the contract price, delivery schedule, or both as soon as is practicable after receipt of the Contractor's proposal.

(g) The Contractor shall include the substance of this clause, including this paragraph (g), in subcontracts for the essential services.

Addendum to Evaluation - Commercial Product and Commercial Services

52.212-2 EVALUATION- COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

Tailored in accordance with FAR Overhaul (FAR-O) 12.205(a)(2)

CRITERIA FOR AWARD

The Government anticipates award of a single contract with one (1) 12-month base period of performance and four (4) 12-month option periods of performance to the responsible quoter whose quote conforming to the solicitation the Government finds of value and of greater benefit, price and other factors considered.

A comparative evaluation of quotes will be performed in accordance with FAR-O 12.203-(c)(2). A comparative evaluation entails comparing each acceptable quote to another acceptable quote to determine which quote provides the best benefit or greater value to the Government. An acceptable quote is one that at a minimum meets the solicitation requirement, or it exceeds the requirement, and demonstrates an understanding of the requirement. An unacceptable quote is one that does not meet minimal solicitation requirements, or it contains multiple perceived risks, and does not demonstrate an understanding of the requirement. The Government is not bound to make award to a quote that exceeds the requirement if it provides no benefit or value to the Government.

EVALUATION CRITERIA

Each quoter's submission will be screened by the contracting office to ensure conformity, completeness, and compliance with all the instructions at FAR-O 52.212.1 Addendum. Failure to adhere to quote format and quote content may result in the submission being determined as nonconforming and ineligible for consideration of award, the redaction of offending material, or the elimination from competition of the entire quote as non-compliant without prior notice to the quoter.

In addition to the screening, factors being evaluated are:

Factor 1: Corporate Experience

The quoter will be evaluated on its narrative effectively demonstrating its corporate experience (and their subcontractors, if applicable) as it relates to the required services in the PWS and how that experience benefits the Government.

Factor 2: Mission-Essential Contractor Services Plan

The quoter will be evaluated on its plan's compliance with DFARS 252.237-7024.

Factor 3: Past Performance

The quoter will be evaluated on how its past performance:

- Is recent in terms of the definition provided in FAR-O 52.212-1 Addendum;
- Is relevant in terms of scope, magnitude of effort, and complexities the solicitation requires.

The evaluation will also include as applicable, the submitted Past Performance Questionnaire(s) to determine how well the quoter performed.

The Government may use other information such as Contractor Performance Assessment Reporting System (CPARS) and System for Award Management (SAM.gov) to obtain past performance information. The Government reserves the right to limit or expand the number of points-of-contact it decides to contact and to contact individuals other than those provided by the quoter.

In accordance with DFARS 252.204-7024, the quoter's risk assessment in the Supplier Performance Risk System (SPRS) will be evaluated. Quoters without a risk assessment in SPRS shall not be considered favorably or unfavorably.

NOTE: In the case of a quoter without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance can be reasonably determined, the quoter may not be evaluated favorably or unfavorably on past performance. Therefore, the quoter shall be determined to have unknown (or "neutral") past performance. In the context of acceptability/unacceptability, a neutral determination shall be considered "acceptable." The quote will also be reviewed for consistency to ensure that all performance, scope, and assumptions quoted in other sections of the quote are captured in the price quote section.

Based on adherence to FAR-O 52.212-1 Addendum and Corporate Experience, Mission-Essential Contractor Services Plan, and past performance evaluations, the Government will assign the quote one of the below ratings:

Rating	Description
Acceptable	Quote, at a minimum, meets the requirements of the following: - FAR-O 52.212-1 Addendum. - effectively demonstrates its corporate experience (and their subcontractors, if applicable) as it relates to the required services in the PWS and how that experience benefits the Government. - demonstrates a compliant Mission Essential Contractor Services Plan in accordance with DFARS 252.237-7024 - demonstrates satisfactory past performance or neutral past performance.
Unacceptable	Quote, at a minimum, does <u>not</u> meet the requirements of <u>one or more of the following</u>: - FAR-O 52.212-1 Addendum. - effectively demonstrates its corporate experience (and their subcontractors, if applicable) as it relates to the required services in the PWS and how that experience benefits the Government. - demonstrates a compliant Mission Essential Contractor Services Plan in accordance with DFARS 252.237-7024 - demonstrates satisfactory past performance or neutral past performance.

Factor 4: Price

The quoter's total price (defined as the sum of the base price, all option prices, and FAR-O 52.217-8) will be evaluated by conducting a price analysis in accordance with FAR-O 15.404-1 to determine whether the quoted price is fair and reasonable. The price will be evaluated for unbalanced pricing. The price will be evaluated for consistency to ensure the information contained in other sections /volumes is reflected. In accordance with DFARS 252.204-7024, evaluation will also include the quoter's Price Risk in the SPRS. Quoters without a Price Risk assessment in SPRS shall not be considered favorably or unfavorably.

The Government will review the pricing template for completeness and accuracy.
