Additional Information/Notes

This COMBO Solicitation is a
for a Rubb Replacement Door and Install

1. NOTICE TO ALL OFFERORS: The Government anticipates awarding a firm, fixed price contract in accordance with RFO Part 12 in response to quotes/proposals received in response to this solicitation. A firm, fixed price contract places the maximum risk and full responsibility for all costs and resulting profit or loss on the contractor, offerors are advised to consider these risks when pricing their quotes.
2. See block 8 on page 1 of the solicitation for the closing date and time.
3. The deadline for submission of questions regarding the solicitation's terms, conditions, specifications, and /or the statement of work (SOW) / performance work statement (PWS) is 3 day(s) prior to the solicitation's closing date. Submit via email, to the Contracting Official 3 days prior to solicitation closing date:

Name: Ashley Rollin

Email: Ashley.a.rollin.civ@us.navy.mil
4. In accordance with RFO 12.203, the Government will select the most advantageous offer based on the following evaluation factors: technical including *delivery date / onsite availability*, price, and past performance in no order of relative importance
5. SINGLE AWARD FOR ALL ITEMS: Due to the interrelationship of supplies and/or services to be provided hereunder, the Government reserves the right to make a single award to the quoter whose quote is considered in the best interest of the government, price and other factors considered. Therefore, quoters who quote less than the entire effort specified herein may be determined to be unacceptable.
6. "EXCEPTIONS: All quoters MUST note all exceptions from the solicitation's terms, conditions, specifications, and/or the statement of work / performance work statement, if any. It will be assumed that any quote without mention of any exceptions will take no exception from all specifications, terms and conditions, clauses, or provisions within the solicitation."
7. Submission of invoices will be via Government Commercial Purchase Card holder - POC to be provided upon award.
8. Delivery: FOB Destination - See Performance Work Statement (PWS)
9. Site Visit: An optional site visit will be held on 04/30/2026 at 1000. Parties interested in attending the site visit must email the POC listed above no later than 1000AM PST on 04/28/2026.

Continuation of Description

PERFORMANCE WORK STATEMENT (PWS)

Replacement RUBB Structure Mechanical Roll-Up Door - Building 954 Annex, Bremerton, WA 98314

1. **GENERAL.** This is a non-personal supply procurement to provide all personnel, equipment, tools, materials, supervision, transportation, safety equipment, and other items and services necessary to perform repair of Bldg. 954 Annex RUBB building Bremerton, WA 98314 as defined in this Performance Work Statement. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.1 **Description of Supply/Introduction.** This is supply requirement with incidental non-personal services. The Contractor shall provide all personnel, materials, equipment, tools, transportation, supervision, safety equipment, and any other resources necessary to replace the Bldg. 954 Annex MECHANICAL (NO POWER) RUBB roll-up door at Fleet Logistics Center Puget Sound (FLCPS), Bremerton, WA 98314, as detailed in this Performance Work Statement. The Government will not supervise or control contractor personnel. These individuals are accountable solely to the Contractor, who is responsible to the Government.

1.2 **Background.** Fleet Logistics Center Puget Sound is a U.S. Navy logistics installation located in Bremerton, WA Building 954 Annex, a tension-fabric RUBB structure, has sustained damage and requires professional replacement of the Mechanical Roll-Up Door to restore its security, integrity, and function.

1.3 **Objectives.** The contractor shall provide all labor, materials, tools, equipment, and supervision necessary to complete the replacement work specified below. All work shall be conducted during normal working hours, Monday through Friday, unless otherwise authorized by the Government Surveillance Officer.

1.4 **Scope.** This project includes the inspection, planning, and replacement of the mechanical Roll-Up Door on the RUBB structure of Building 954 Annex.

1.4.1 The Contractor shall inspect the Roll-Up Door at the RUBB building. A replacement plan must be submitted for approval prior to execution.

1.4.2 The Roll-up door shall meet the the following measurements: 149.5" W x 144" H.

1.4.3 The Roll-up door shall not be powered.

1.4.4 The Contractor shall remove and dispose of old roll-up door material and provide and install new materials to replace existing materials.

1.4.5 The Contractor shall ensure all seams, joints, and repairs are watertight, reinforced, and compliant with manufacturer and industry standards.

1.4.6 The Contractor shall safely access elevated areas using appropriate fall protection, lifts, or scaffolding.

2. CLEANING AND PROTECTION.

2.1 The contractor shall Use appropriate coverings (plastic sheeting, tarps, etc.) to shield nearby surfaces and equipment from damage.

2.2 Maintain clean and safe walkways and post signage where work is taking place.

- 2.3 The contractor shall maintain clean and safe walkways in all occupied or high-traffic areas.
- 2.4 Remove all debris, excess materials, and waste from the worksite daily. Waste shall not be stored onsite overnight.
- 2.5 Upon completion, all protective coverings shall be removed, and all work areas shall be thoroughly cleaned of dust, debris, and splatters and ensure all work areas are cleaned of smudges, debris, or adhesive residue.
- 2.6 All waste and leftover materials shall be disposed of offsite in accordance with local environmental regulations

3. CONTRACTOR FURNISHED ITEMS AND SERVICES.

- 3.1 The Contractor shall furnish all necessary materials, tools, ladders, scaffolding, fasteners, adhesives, PPE, and other items required to complete the job. The Contractor shall not rely on any Government-furnished supplies unless specified.
- 3.2 The contractor shall not rely on Government-furnished materials unless otherwise specified.

4. COMPLETION TIME.

- 4.1 The requested completion time may not exceed one (1) week from start to finish.

5. GOVERNMENT SERVICES.

- 5.1 The government will provide water and electricity, when available.

6. QUALITY CONTROL.

- 6.1 The Contractor shall implement and maintain a quality control program to ensure compliance with all contract requirements and professional standards. All workmanship shall be warranted for five (5) years from the date of final acceptance.

7. HOURS OF OPERATION.

- 7.1 The contractor shall perform the on-site services required under this contract during the following hours: 7:00 am- 3:30 pm, Monday through Friday, except on U.S. holidays specified below. No on-site work shall be scheduled or performed on holidays unless previously approved or directed by the Contracting Officer. If the contractor desires to work on non-scheduled workdays or evenings, he must submit a written request to the POC for approval.

- 7.1.1 The contractor is not required to provide service, except as noted above on the following days: New Year's Day

Martin Luther King, Jr. Birthday

President's Day

Memorial Day

Independence Day

Labor Day

Columbus Day

Veteran's Day

Thanksgiving Day

Christmas Day

8. SECURITY REQUIREMENTS.

8.1 The contractor shall make sure employees have the necessary "Enhanced Real I.D." or "Real I.D. and Proof of Citizenship" and gate passes in accordance with U.S. military installation regulations prior to the start of this contract.

8.2 The contractor shall comply with applicable government published safety requirements and regulations, which will be available upon request by the contractor.

9. CONTRACTOR PERSONNEL REQUIREMENTS.

9.1 The contractor shall provide a project manager who shall be responsible for the performance of the work. The name of this person, and an alternate(s), who shall act for the contractor when the contract manager is absent, shall be designated in writing to the Contracting Officer five (5) working days prior to start of projects.

10. CONTRACTOR FURNISHED ITEMS AND RESPONSIBILITIES.

10.1 The Contractor shall furnish all supplies, equipment, and services required to perform work under this contract that are not listed under Section 3 of this **PWS**.

10.2 The Contractor shall provide all equipment required for floor preparation, installation and cleaning the work areas.

SURVEILLANCE OF FIRM-FIXED-PRICED SERVICES

a. The official(s) designated below shall be responsible for appropriate surveillance of all services to be performed under this contract.

POC INFO TO BE PROVIDED UP ON AWARD

b. When performance is at a Government site, the Contractor's representative shall contact the Government representative named above upon arrival at and departure from the work site. If access to a security area is required, continuous escort service for contractor's representative will be provided by the designated Government representative.

c. It is emphasized that only the Contracting Officer has authority to modify the terms of this contract; therefore in no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract between the contractor and any other person be effective or binding on the Government. When or if, in the opinion of the contractor, an effort outside of the existing scope of the contract is requested, the Contractor shall promptly notify the Administrative Contracting Officer (ACO) in writing. No action shall be taken by the contractor under such direction until the Contracting Officer or ACO has issued a modification to the contract or has otherwise resolved the issue.

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the

part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

" Enterprise " means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

" Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

" Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

_____	_____
_____	_____
_____	_____
_____	_____

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version:

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

- (1) Unique item identifier.
- (2) Unique item identifier type.
- (3) Issuing agency code (if concatenated unique item identifier is used).
- (4) Enterprise identifier (if concatenated unique item identifier is used).
- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) ____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts*. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)
