5. Defense Biometric Identification System (DBIDS):

Effective 14 August 2017, NCACS credentials will no longer be accepted for base access. Any new contractor, vendor or supplier requesting base access will be required to obtain a Defense Biometric Identification System (DBIDS) credential. NCACS credentials will no longer be issued. Only DBIDS credentials will be issued to ALL contractors, vendors and suppliers seeking base access AFTER 30 June 2017. Defense Biometric Identification System (DBIDS) increases installation security and communications by receiving frequent database updates on changes to personnel /credential status, law enforcement warrants, lost/stolen cards, and force protection conditions. The system provides continuous vetting anytime the DBIDS card is scanned at an installation entry point.

If you currently have a Navy Commercial Access Control System (NCACS) card, the following is required to get a DBIDS credential:

Present your NCACS Card and a completed copy of the SECNAV FORM 5512/1 to the base Visitor Control Center (VCC) representative.

The VCC will pull up your information in the computer, ensuring all information is current and correct.

Once your information is validated, a temporary DBIDS credential is provided.

Your temporary credential will have an expiration date, prior to which you will need to obtain your permanent DBIDS credential (~ 180 days).

For each additional U.S. Navy installation to which you need access, the first time you visit you only need to bring your DBIDS credential and statement of purpose for base access when arriving at the Visitor Control Center.

The representative will enter base access authorization and then you may proceed to work.

If you do NOT have an NCACS Card, the following is required to obtain a DBIDS credential:

Present a letter or official document from any government sponsoring organization that provides the purpose for your access.

Present valid identification, such as a passport or Real ID Act-compliant state driver's license.

Present a completed copy of the SECNAV 5512/1 form to obtain your background check.

Upon completion of the background check, the Visitor Control Center representative will complete the DBIDS enrollment process, which includes your photo, finger prints, base restrictions, and several other assessments; after all this is done, you will be provided with your new DBIDS credential.

All deliveries must pass through the base Truck Inspection Station. All delivery vehicles are subject to inspection. Drivers should expect delays due to heightened security.

For access to the main, perimeter gates at any Navy Base Kitsap installation, contractors are required to be a US Citizen and have either:

- (a) DBIDS badge or
- (b) Request a One-day Visitor badge at Pass & ID. Be prepared to present:
 - Photo ID
 - Original proof of citizenship (any one of the following is acceptable):
 - State Certified Birth Certificate (must have the raised seal)
 - Unexpired U.S. passport/Passport Card
 - Alien Registration Card
 - State Issued ENHANCED Drivers License
 - Naturalization papers
 - Certificate/Statement of Birth Born Abroad)
 - Current vehicle registration and insurance
 - Bill of lading that has the delivery address on it

Please note: The DBIDS badge does not give access through the second, Operational Area (OA) gate to lower base Bangor or to the Controlled Industrial Area (CIA) at Puget Sound Naval Shipyard (PSNS). To gain access to either the OA Gate or CIA area, a Navy Region Bangor or NAVSEA Badge is required.

To request a NAVY REGION NW badge, <https://www.bavr.cnmc.navy.mil/>. Sponsor email is trina.williamson@navy.mil

To request a NAVSEA badge, call PSNS Pass & ID 360-476-4882.

DLAD Proc Note H05 **L&M Addendum to DLAD Proc Note H05 Bilateral Simplified Indefinite-Delivery Contract (SIDC) Below the Simplified Acquisition Threshold (SAT)** **(Sep 2025)**
(SEP 2021)

(1) Price evaluation will be based on the price quoted for the estimated annual demand in the schedule. The Contracting Officer may determine that the government will receive optimal pricing by evaluating the estimated annual demand as a factor in variable pricing options based upon conditions such as quantity ranges, transportation zones, and/or option years. In such cases, quotes will be evaluated by establishing (check one box):

a simple average unit price

a total weighted average price for the contract as described in paragraph (2) and, if applicable, paragraph (3) of this addendum.

(2) A weighted factor will be used for each price break range (including zones, if applicable) to calculate the weighted average unit price. Unless otherwise indicated in paragraph (3), the weights are as follows: 5% to the first ordering range, 65% to the second ordering range, 25% to the third ordering range, and 5% to the fourth ordering range. The weighted average unit price is multiplied by the estimated annual demand to arrive at the total weighted average price per year. If the solicitation provides for separately priced out years, average weighted prices will be calculated as described above for each out year and then added to the initial year total to determine the total estimated price for the evaluation. All calculations are rounded to the nearest cent.

(3) Other Weights _____

NOTE FOR BUYERS: Weights in paragraph (2) may be tailored in paragraph (3).

Section I - Contract Clauses

MINIMUM AND MAXIMUM QUANTITIES

As referred to in paragraph (b) of the "Indefinite Quantity" clause of this contract, the contract minimum quantity is a total of \$2000.00 worth of orders at the contract unit price(s). The recording of the obligation of funds associated with the guaranteed minimum amount under the basic contract will be issued under task order(s)/delivery order(s) immediately upon award of this contract. The maximum quantity is the total "not to exceed" quantity for each item as set forth in the schedule. The maximum quantity is not to be exceeded without prior approval of the Administrative Contracting Officer.

(b) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post acceptance rights-

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a termination for cause.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on-

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures for interest credits prescribed in FAR part 32 in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon-

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the

percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered under this contract are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

- (3) Other contract clauses incorporated in the solicitation or contract;

(s) *Unauthorized obligations.*

(1) Except as stated in paragraph (s)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government-authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (s)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(t) *Comptroller General examination of record.* This paragraph applies if this contract was awarded using other than sealed bid procedures and is in excess of the simplified acquisition threshold on the date of award of this contract.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices, at all reasonable times, the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR part 4, longer period required by statute, or periods specified in other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated

shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This clause does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(u) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

- (1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. (B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

DLAD Proc Note L26 Evaluation of Quantity Sensitive and Indefinite Delivery Contracts (AUG 2017) (Sep 2025)

(a) Offers will be evaluated on the basis of the estimated annual quantity. Unless (b) is checked below, if quantity increments are offered with various prices, the highest price offered will be used for evaluation. If line items for both DLA direct and customer direct are included in the schedule, offers will be evaluated based on the total extended price for the DLA direct and customer direct line items.

(b) ☐ If checked, and subject to the terms and conditions of the solicitation relating to the evaluation of offers, the following procedures will be followed:

(1) When offers are requested on a quantity increment basis, each contract line-item (CLIN) will be evaluated for price by:

☐ applying a weighted factor of 18% to the first quantity increment, 36% to the second increment, and 46% to the third increment to arrive at an average weighted unit price.

☐ applying a weighted factor of 5% to the first quantity increment, 65% to the second increment, 25% to the third increment, and 5% to the fourth increment to arrive at an average weighted unit price.

This average weighted unit price will be multiplied by the estimated annual quantity that may be procured during the contract period to arrive at a total annual evaluated price for each CLIN. If the solicitation provides for separately priced option periods, average weighted prices will be calculated as described above in (1) for each option period and then added to the base contract period total to determine the total estimated price of that line item for the evaluation.

(2) When quantity increment prices are not requested, offers for each CLIN will be evaluated by multiplying the unit price by the estimated quantity that may be procured during the contract period to arrive at total price for each CLIN.

(3) Prices offered must be unit prices only which are clearly stated and which require no further interpretation by the Government to determine the actual offered price. Prices must not be stated as part of a pricing formula or as charges per lot. Unit prices offered must include costs of compliance with all solicitation requirements, with the exception of additive CLINs. For each item of supply for which a price is offered, prices must be offered for each quantity increment and year. Failure to submit proposed prices in accordance with these instructions may result in rejection of the offer.

(4) In the event first article testing and/or technical data are required for any or all of the CLINs, the cost of such testing and data will be added to the appropriate CLIN or prorated based on the ratio of the estimated quantity for each CLIN to the total estimated quantity of the various CLINs covering the same item or national stock number (NSN). In the event an offeror is low only on one CLIN (where there are several CLINs for the same item) (NSN), the cost of testing and data pertaining to that CLIN will be added for evaluation purposes.

(5) ☐ If checked, when free on board (f.o.b.) origin offers are authorized, transportation costs will be considered in evaluation and will be based on the best estimated quantity of each CLIN as specified elsewhere in this solicitation. Carload or truckload rates will be used to evaluate the cost of transportation for each CLIN unless the best estimated quantity would not constitute a carload or truckload. In such case, less than carload (LCL) or less than truckload (LTL) rates will be used for evaluation purposes.

DLAD Proc Note L06 Agency Protests (DEC 2016)

Absent a clear indication of the intent to file an agency level protest with the CCO for independent review, protests will be presumed to be protests to the contracting officer
