PERFORMANCE WORK STATEMENT (PWS)

STALL MAINTENANCE SERVICES UNITED STATES PARK POLICE HORSE MOUNTED PATROL

PART 1 GENERAL INFORMATION

1. **GENERAL:** This is a non-personnel services contract to provide stall maintenance services for a horse stable belonging to the United States Park Police (USPP) New York Field Office (NYFO) Horse Mounted Patrol Unit (HMP) in the geographic area of the Jacob Riis Park, Queens, NY. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.1 **Description of Services/Introduction:** The contractor shall provide all personnel, equipment, supplies, transportation, tools, materials, supervision, and any other items and non-personal services necessary to perform stall maintenance services as defined in this Performance Work Statement (PWS) except for those items specified as government furnished property and services. The contractor shall perform to the standards in this contract.

1.2 **Background:** The USPP is a component of the National Park Service (NPS) which is a bureau of the US Department of the Interior (DOI). The USPP is interested in the purchase of the necessary services to perform stall maintenance and cleaning services for its HMP stable located in the New York Field Office, Jacob Riis Park, Queens, NY. The USPP is one of the oldest uniformed federal law enforcement agencies in the United States. It functions as a full-service law enforcement agency with responsibilities and jurisdiction in National Park Service areas primarily located in the Washington, D.C., San Francisco, and New York City and certain other government lands. In addition to performing the normal crime prevention, investigation, and apprehension functions of an urban police force, the USPP is also responsible for policing many of the famous monuments in the United States and shares law enforcement jurisdiction in all lands administered by the NPS with a force of National Park Rangers. The USPP HMP is one of the oldest established police equestrian units in the United States. Horse mounted patrols are assigned to Federal parks in Washington, DC, New York City, and San Francisco. These nationally acclaimed officers and mounts are highly respected for crowd management techniques. The USPP HMP also functions to maintain order during major demonstrations and special events and have been transported to other sites in the NPS system to control demonstrations.

1.3 **Objectives:** The contractor shall provide stall maintenance and cleaning services for the horse stable belonging to the USPP HMP in the New York Field Office (NYFO), Jacob Riis Park, Queens, NY.

1.4 Scope: The contractor shall provide stall maintenance and cleaning services seven days per week, including Federal holidays, at the USPP HMP stable. Stall maintenance and cleaning services includes, but are not limited to, feeding and watering horses, cleaning box stalls, aisles, the paddock area, turnout areas and the stable.

1.5 Period of Performance: The period of performance shall be for one (1) Base Year of 12 months, four (4) 12-month option years, and one (1) six-month option to extend services.

The Period of Performance reads as follows:

Base Year	01 August 2026 to 31 July 2027
Option Year I	01 August 2027 to 31 July 2028
Option Year II	01 August 2028 to 31 July 2029
Option Year III	01 August 2029 to 31 July 2030
Option Year IV	01 August 2030 to 31 July 2031
Six Month Extension	01 August 2031 to 31 January 2032

1.6 General Information

1.6.1 Quality Control: The contractor shall develop and maintain an effective quality control program to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's quality control program is the means by which they assure themselves that work complies with the requirement of the contract.

1.6.2 Quality Assurance: The government shall evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s).

1.6.3 Recognized Holidays: Service shall be provided seven (7) days a week, to include Federal holidays, except for when otherwise noted in the PWS and/or authorized by the Contracting Officer's Representative (COR).

1.6.4 Hours of Operation: The contractor is responsible for providing services at the NYFO HMP stable between the hours of 0700 to 1300. The Contractor is to start services no later than 0730. Deviation from this schedule is only permitted with prior permission from the COR. The contractor must at all times maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS. When hiring personnel, the contractor shall keep in mind that the stability and continuity of the workforce are essential.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at the USPP HMP stable located at the New York Field Office (NYFO), Jacob Riis Park, Queens, NY. The USPP NYFO has one (1) HMP stable.

Table 1

STABLE LOCATION	ADDRESS
USPP NYFO HMP Stable Jacob Riis Park, Queens	169 Beach Street Rockaway, New York 11694 (Queens County, side of the Gil Hodges Memorial Bridge)

1.6.6 Type of Contract: The government will award a Firm-Fixed Price contract.

1.6.7 Security Requirements: Contractor personnel performing work under this contract will be subject to a National Agency Check and a Local Agency Check at the start of work, and throughout the life of the contract. After award of the contract, the contractor shall provide the full name and identifying information, to include date of birth, place of birth, social security number, and residence address, of each proposed contractor personnel to the COR. The COR will coordinate with the USPP to perform the NAC and LAC at no cost to the contractor. Only personnel who are determined acceptable to the COR based on these name checks will be authorized to perform work under this PWS.

1.6.7.1 Physical Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.7.2 Key Control: The government anticipates issuing keys for facility access to the USPP Horse Stable and is permitted to be onsite without a member of the USPP present. Each contractor employee shall be responsible for safeguarding their individual key. The contractor shall be responsible for implementing a security plan to ensure accountability of all keys issued to their employees and to ensure all departing employees return their individual key to the government.

1.6.7.3 Lock Combinations: Not applicable.

1.6.8 Special Qualifications: The contractor must provide services in a variety of environmental conditions, including temperature extremes, weather conditions, insects, etc. The contractor must be able to follow oral and written directions and possess the knowledge and ability to use stall cleaning tools. The contractor's employees must be able to successfully communicate in English with USPP Staff. The contractor's employees must be legal US residents with authorization to work. The USPP will IAW 1.6.7 perform a background check on each employee working under this contract.

1.6.9 Service Contract Act: This contract is subject to the provisions of the Service Contract Act which require federal contractors and subcontractors to pay service employees fair wages and benefits that align with local prevailing rates. Non-compliance with the Service Contract Act can lead to penalties such as contract termination and back pay obligations.

1.6.10 Post Award Conference/Periodic Progress Meetings: The contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The contracting officer, COR, and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings, the contracting officer will apprise the contractor of how the government views the contractor's performance and the contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.11 Contracting Officer Representative (COR): The COR will be appointed by the Contracting Officer (CO) in a memo that outlines their authority and responsibilities. A copy of the memo will be provided to the contractor after award. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the contractor concerning technical aspects of the contract: issue written interpretations of technical requirements, including Government drawings, designs, specifications; monitor contractor's performance and notifies both the CO and contractor of any deficiencies; coordinate availability of government furnished property; and provide site entry of contractor personnel. The COR is not authorized to change any of the terms and conditions of the contract, which includes any changes in cost or price, estimates, or changes in delivery dates.

1.6.11.1 The Contracting Officer's Representative (COR), Alternate COR, and/or his/her designated USPP point of contact (POC) will regularly inspect the quality of the stall cleaning services at the HMP stable. The COR shall coordinate with the contractor's Principal Representative (PR) and/or Alternate Principal Representative (APR) to resolve any missed stall cleaning services, or any other identified deficiency. The contractor shall correct any deficiencies on the spot, when possible, and in all cases, as promptly as practicable.

1.6.12 Contractor's Key Personnel: The contractor's Principal Representative (PR) and Alternate Principal Representative (APR) are designated as key personnel and shall be designated in writing, with copies provided to the CO and COR. The PR is responsible for the performance of the work, and the APR acts for the PR if/when the PR is not available. The PR and APR must be employees of the contractor. The PR and APR shall be able to speak English and make decisions for the company with respect to the work requested. The contractor shall provide the full name and identifying information, to

include date of birth, place of birth, social security number, and residence address, along with contact information (email, phone number) of their PR and APR to the CO and COR within 5 days after award. The PR and APR shall have full authority to act for the contractor on all contract matters relating to the daily operation of this contract. No substitutions of key personnel may occur within the first 60 days after award. After that period, the contractor shall make every reasonable effort to provide advance notice to the COR of any changes to key personnel at least 30 days prior to the anticipated change. Recommended key personnel are not allowed to work on the contract unless/until the substitution is accepted by the CO.

1.6.12.1 As this contract requires stall cleaning services seven (7) days a week, to include Federal holidays, the contractor must be available seven (7) days a week. The contractor's PR or APR shall be immediately available to be telephonically contacted by the COR between 0800 to 1600 hours seven days a week in case of emergency or any issue involving the contractor's work performance.

1.6.12.2 The PR or APR do not have to be present onsite daily during stall maintenance and cleaning services. However, if the PR or APR are not going to be onsite during the stall maintenance and cleaning services, the PR or APR must designate an onsite employee who will be the lead of the contractor's stall maintenance cleaning team.

1.6.12.3 To ensure quality control and enhance effective communication, in coordination with the COR, the PR must visit the USPP NYFO HMP Stable at least one day a month to inspect their personnel and meet with the COR.

1.6.13 Identification of Contractor Employees: All contract personnel attending meetings, answering Government telephones, and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression in the minds of members of the public that they are Government officials. They must also ensure that all documents or reports produced by contractors are suitably marked as contractor products or that contractor participation is appropriately disclosed.

1.6.14 Contractor Travel: The contractor is responsible for providing transportation for its employees to and from the USPP HMP stable. The USPP HMP stable is accessible by public roadways and limited public transportation routes. Drivers must be knowledgeable of the roadways and applicable restrictions. The contractor will have to be able to access the designated stables to perform the designated services.

1.6.15 Other Direct Costs: Not applicable.

1.6.16 Data Rights: Not applicable.

1.6.17 Phase In / Phase Out Period: Not applicable. The contractor must be able to fully perform all services at the start of the performance period.

PART 2
DEFINITIONS & ACRONYMS

2. DEFINITIONS AND ACRONYMS:

2.1 DEFINITIONS:

2.1.1 CONTRACTOR. A supplier or vendor awarded a contract to provide specific supplies or service to the government. The term used in this contract refers to the prime.

2.1.2 CONTRACTING OFFICER. A person with authority to enter into, administer, and/or terminate contracts, and make related determinations and findings on behalf of the government. Note: The only individual who can legally bind the government.

2.1.3 CONTRACTING OFFICER'S REPRESENTATIVE (COR). An employee of the U.S. Government appointed by the contracting officer to administer the contract. Such appointment shall be in writing and shall state the scope of authority and limitations. This individual has authority to provide technical direction to the contractor as long as that direction is within the scope of the contract, does not constitute a change, and has no funding implications. This individual does NOT have authority to change the terms and conditions of the contract.

2.1.4 DEFECTIVE SERVICE. A service output that does not meet the standard of performance associated with the Performance Work Statement.

2.1.5 DELIVERABLE. Anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

2.1.6 KEY PERSONNEL. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.7 PRINCIPAL REPRESENTATIVE. The contractor's principal representative or alternate shall have full authority to act for the contractor on all contract matters relating to the daily operation of the contract and is responsible for the contractor's work performance.

2.1.8 PHYSICAL SECURITY. Actions that prevent the loss or damage of Government property.

2.1.9 QUALITY ASSURANCE. The government procedures to verify that services being performed by the contractor are performed according to acceptable standards.

2.1.10 QUALITY ASSURANCE SURVEILLANCE PLAN (QASP). An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

2.1.11 QUALITY CONTROL. All necessary measures taken by the contractor to assure that the quality of an end product or service shall meet contract requirements.

2.1.12 SUBCONTRACTOR. One that enters into a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

2.1.13 WORK DAY. The number of hours per day the contractor provides services in accordance with the contract.

PART 3
GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

3. GOVERNMENT FURNISHED ITEMS AND SERVICES:

3.1 Services: Not applicable.

3.2 Facilities: Not applicable.

3.3 Utilities: The Government will provide the necessary utilities, to include, but not limited to, water and electricity, for the contractor to perform its stall maintenance and cleaning services. The contractor shall instruct employees in utilities conservation practices. The contractor shall be responsible for operating under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount to accomplish cleaning equipment.

3.4 Equipment: The Government shall provide the exterior manure dumpsters that are associated with the contractor's performance in this PWS.

3.5 Materials: The Government will provide the feed, hay, alfalfa, and bedding that are associated with the contractor's performance in this PWS.

3.6 Information: This information is provided to assist with planning and the level of effort required to complete the tasks as outlined in the PWS. All information provided is an estimation and is not exact.

Stable Information (Number of Horses)

Table 2 identifies the number of horses at the HMP stable and is the approximate number at the beginning of this contract. The anticipated maximum quantity throughout the life of the contract is also just an estimate.

Table 2

Stable	Horse Estimated and Anticipated Maximum
NYFO HMP Stable, Jacob Riis Park, Queens	6 - 7

Stable Information (Number of Box Stalls in the Stable):

Table 3 identifies the total number of box stalls in the HMP stable.

Table 3

Stable	Number of Box Stalls	Special Notes
NYFO HMP Stable	7	N/A

Stable Information about Aisles

The HMP stable has open area in front of the stalls that needs to be cleaned daily.

Paddock Area:

The HMP stable has fenced-in paddocks that are large enough for the horses to move freely when not housed in their individual stalls. The approximate size of the paddocks and other pertinent information is provided in Table 4. Attachment 1 is an aerial map of the USPP NYFO HMP Stable depicting locations of the paddocks.

Table 4

Stable	Approximate Size and Other Information
NYFO Stable - Main Paddock (Large)	There is one (1) paddock west of the stable that is divided into two sections, the total size is approximately 150 feet by 80 feet in size. Both paddocks are used on a daily basis.
NYFO Stable – White Paddock (Small)	There is one (1) small paddock west of the stables that is approximately 50 feet by 75 feet. This paddock is used daily.
NYFO Stable – Large Round Pen	There is one (1) round pen west of the stables that is approximately 40 feet in diameter. This is used on a daily basis.
NYFO Stable – Small Round Pen	There is one (1) round pen directly outside the stables that is approximately 30 feet in diameter. That is used on a daily basis.

PART 4
CONTRACTOR FURNISHED ITEMS AND SERVICES

4. CONTRACTOR FURNISHED ITEMS AND RESPONSIBILITIES:

4.1 General: The contractor shall provide all personnel, equipment, supplies, transportation, tools, materials, supervision, and any other items and non-personal services necessary to perform stall maintenance services as defined in this PWS except for those items specified as government furnished property and services in Part 3 of this PWS.

4.2 Materials: The contractor shall provide the necessary cleaning detergents and disinfectants that are approved safe to clean and disinfect around horses and horse stables.

4.3 Equipment: The contractor shall provide wheelbarrows, pitch forks, brooms, shovels, powers scrubbers, or other appropriate tools, and other incidental equipment items necessary to successfully perform this PWS.

PART 5
SPECIFIC TASKS

5. STALL MAINTENANCE AND CLEANING TASKS:

5.1 The contractor shall provide stall maintenance services for the stable belonging to the USPP HMP in the geographic area of the New York Field Office, Jacob Riis Park, Queens, NY.

5.1.1 Due to the dynamic nature of law enforcement, personnel changes, fluctuation of horse donations and retirements, HMP personnel training and horse training, the quantity of horses at the stable may change during the life of this contract. The stable will not have all available stalls always utilized, i.e., there will not be a horse in all the stalls. On a daily basis, the contractor is responsible for cleaning the aisles, turnout areas, and any paddock that was used.

5.1.2 The contractor shall not clean stalls that are not occupied by a horse unless requested by the COR. The contractor shall not be compensated for empty stalls. Therefore, the contractor will not charge and will not receive payment for cleaning empty stalls.

5.1.3 The size of a USPP stable box stall is approximately 100 square feet. For each stall to be cleaned, the contractor is responsible for performing the work IAW this PWS.

5.2 TASK 1: Initial Feed, Water, and Lead Horses to Paddock Area

5.2.1 The first designated person, either USPP staff or contractor, to arrive in the morning shall:

5.2.1.1 Dispense hay or soaked alfalfa to all horses, to include in the paddock area, as designated on their stall card.

5.2.1.2 Ensure that all horses have available water, either working automatic waterer, full water bucket, or both

5.2.1.3 A USPP Officer shall feed all horses the designated amount of grain and administer designated medication and/or nutritional additives if applicable. When a USPP officer is not available, the COR or their designee may contact the contractor for assistance with feeding the horses. Stall cards on each stall, as well as the board in the feed room, provides the information required to feed the horses.

5.2.2 After the horse has consumed feed, the contractor shall safely halter and lead the horse from the stall.

5.2.3 The contractor shall check the horse for injuries and signs of illness. The contractor shall be observant of any physical symptoms of illness such as elevated respiratory rate; unusual discharge in the horse's eyes, nose, and mouth; unusual bowel

movements; dark-colored urine; abnormal colored gums; unusual sweating; odd stance; or altered gait. The contractor shall be observant for any behavioral symptoms of illness such as exhibiting dullness in response; signs of restlessness; or unusual eating patterns. Any injuries or illness shall immediately be reported to the COR or USPP staff assigned to the stable.

5.2.4 After leading the horse out of the stall, secure the horse in cross ties or release into the paddock area depending on what other stall maintenance services may be ongoing or IAW directions provided by USPP staff. The contractor shall always lead a horse with the appropriate halter and lead rope.

5.2.5 Prior to returning the horse to the stall or releasing it into the paddock, the contractor shall pick each horse's hoofs.

5.3 TASK 2: Clean Box Stalls

5.3.1 Horses shall not be in the stall while performing Task 2.

5.3.1.1 Utilizing wheelbarrows, pitch forks, brooms, shovels, or other appropriate tools provided by the contractor; the contractor shall clean each stall occupied by a horse.

5.3.1.2 Check automatic waterer and/or water bucket for cleanliness. There should be no algae, mold, or foreign debris in the automatic waterer and/or water bucket. Clean if necessary. Test waterer to ensure it is in working condition. Fill water bucket if necessary. Filling of water buckets shall be considered necessary if less than $\frac{3}{4}$ full.

5.3.1.3 Check feed bucket for cleanliness and consumption of feed. There should be no algae, mold, manure, or foreign debris other than feed in the feed bucket. Clean if necessary.

5.3.1.4 Check stall for damage and sites that pose a potential threat of injury to the horse. Report damage and potential injury sites to USPP staff prior to returning the horse to its stall.

5.3.1.5 Remove all manure, soiled and/or water saturated bedding and soiled hay from the stall. If the stall is equipped with rubber mats, the contractor shall ensure that there is no manure, bedding or other debris lodged under the mats and that the mats lay flat.

5.3.1.6 Dump soiled bedding/hay and manure in the designated manure collection area.

5.3.1.7 Replace removed soiled bedding with an equal amount of Government provided clean/dry sawdust or wood shavings. The amount of sawdust or wood shavings in the stall will be stated on the stall card or IAW directions provided by USPP staff.

5.3.1.8 Sweep sawdust away from stall entrance to prevent bedding from blocking door and spilling into the aisle.

5.3.1.9 Maintain tools in a safe manner to prevent injury to USPP staff, contractors, and horses.

5.3.1.10 Return horse to stall, remove halter and secure door.

5.4 TASK 3: Aisle, Turnout Area, Paddock Clean Up; Subsequent Feed and Water

5.4.1 Utilizing wheelbarrows, pitch forks, brooms, shovels, or other appropriate tools provided by the contractor; the contractor shall:

5.4.1.1 Sweep aisle, clean up any manure and/or bedding and dispose in the manure dumpster or other designated area.

5.4.1.2 Pick manure from turnout areas and paddocks and dispose of in designated manure dumpster. Remove any trash or hazardous debris from the paddocks and dispose of it in the appropriate trash receptacle. Report any hazards to COR or on duty USPP personnel assigned the stables.

5.4.1.3 Provide all horses with an additional hay or soaked alfalfa as designated on their stall card (as needed) after stalls are cleaned.

5.4.1.4 Check, clean, and fill outdoor waterers. There should be no algae, mold, or foreign matter in the outdoor waterer. Provide hay or soaked alfalfa as designated on their stall card to horses remaining in the paddock.

5.4.1.5 Fill feed bins with 50-pound bags of feed when feed bins are empty.

5.4.1.6 Store all tools in the designated storage area(s).

5.5 TASK 4: Remove Cobwebs and Dust Stable Area of the Barn

5.5.1 During the first week of every month, the contractor shall:

5.5.1.1 Remove cobwebs and dust the barn area, which includes the stalls, exterior walls of all stalls, aisles, all aisle walls and posts (up to 8 feet high).

5.5.1.2 Remove cobwebs and dust the tool room, feed room, tack rooms, and storage areas.

5.6 TASK 5: Clean and Disinfect Stall Area, Fittings, Tool Room, and Tools

5.6.1 Upon coordination with the COR, once every six months, the contractor shall clean and disinfect the stall area, fittings, tool room, and tools. The contractor shall:

5.6.1.1 Ensure all horses are removed from the stalls and safely released in the paddock area before the cleaning and disinfecting begins.

5.6.1.2 Remove all manure, soiled and/or water saturated bedding and soiled hay from the stall.

5.6.1.3 Dump soiled bedding/hay and manure in the designated manure collection area.

5.6.1.4 Remove all stable fittings such as feed and water buckets, hay nets, and rubber mattings.

5.6.1.5 Remove organic matter from the walls and floor. Spray the entire stall with water to remove dust, spider webs, and fine bits of hay or bedding. Spray the buckets, feeders, fittings, and all other stall equipment and tools with water to remove organic matter.

5.6.1.6 Scrub all surfaces of the stalls, walls, floor, buckets, feeders, fittings, and all other stall equipment and tools with water and detergent, and rinse thoroughly. The contractor must use a detergent approved for use with horses and follow all the manufacturer's instructions.

5.6.1.7 Open stall windows and barn doors and allow the stalls to dry completely.

5.6.1.8 Spray all surfaces of the stalls, walls, floors, buckets, feeders, fittings, and all other stall equipment and tools with an approved disinfectant. The contractor must use a disinfectant approved for use with horses and follow all the manufacturer's instructions.

5.6.1.9 Allow stalls, walls, floors, buckets, feeders, fittings, and all other stall equipment and tools to completely dry.

5.6.1.10 Replace all stable fittings such as feed and water buckets, hay nets, and rubber mattings.

5.6.1.11 Replace bedding with Government provided clean/dry sawdust or wood shavings. The amount of sawdust or wood shavings in the stall will be stated on the stall card or IAW directions provided by USPP staff.

5.6.1.12 Store all cleaned tools in the designated storage area(s).

5.6.1.13 Return horses to stall, remove halters and secure doors.

PART 6
APPLICABLE PUBLICATIONS

6. APPLICABLE PUBLICATIONS (CURRENT EDITIONS)

6.1. The Contractor may be provided copies of memoranda applicable to the USPP HMP Stables published by the USPP HMP Commander or the Commander, USPP New York Field Office.

PART 7
SPECIAL CONTRACT REQUIREMENTS

7.0 INVOICING PROCEDURES

7.1 The contractor will be paid based on the actual number of stalls cleaned, along with the cleaning of the aisles, turnout area, and paddocks. The Government will not pay for services not performed.

7.2 The contractor must invoice the Government on either a biweekly or monthly basis by submitting the invoice approved by the COR to IPP after completing all the following parts of this section.

7.3 The contractor's invoice cannot charge for a greater daily number of stall cleanings than the number of horses that were being stabled. For example, if there are 4 horses, 5 stall cleanings cannot be invoiced.

7.4 Each day that the aisle(s), indoor turnout area, and the paddock at the stable is cleaned/serviced, the invoice will annotate that work on the invoice. The cost to clean/service the aisle, indoor turnout area, and the paddock is a cumulative cost, i.e. each area is not invoiced separately.

7.5 An invoice will be prepared by the contractor and submitted to the COR electronically at a minimum on a monthly basis. At a minimum, the invoice shall include the following information:

1. Dates of service
2. Stable location serviced
3. Quantity of stalls serviced each day
4. Daily annotation of the service provided to the aisle, turn-out area and paddocks
5. Pricing as outlined in the pricing schedule at award
6. Approval / Signature Block for the COR

7.6 The COR will maintain a document that tracks the same billing information as mentioned above. By maintaining this document, the COR will confirm the work depicted on each invoice was actually completed by the contractor. If there is a discrepancy between the invoice and the COR's documentation, the discrepancy shall be resolved as soon as possible.

7.7 If the COR concurs that the contractor's invoice is accurate, the COR will acknowledge the contractor's invoice is correct by dating, printing their name, and signing the invoice.

7.8 The contractor shall only submit invoices via IPP that have been already approved by the COR. The COR will reject any invoices that have not already been approved for payment.

8.0 Performance Requirements Summary

Requirements Summary (PRS) indicates the desired outcomes, performance objectives, performance standards, and Acceptable Quality Levels (AQLs). Refer to the Performance Work Statement for the actual descriptions.

PRS #	Paragraph	Specific Task	AQL	Performance Standard	Method of Surveillance	Consequence
1	5.2.1.1	Dispense hay or soaked alfalfa to include in paddock area	100%	Hay or soaked alfalfa is dispensed as designated on horse's stall card to include in paddock area	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
2	5.2.1.2	Ensure that all horses have available water to include dispensing water in paddock area	100%	All horses have available water through automatic waterer or full water bucket to include dispensing water in paddock area	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
3	5.2.1.3	If COR or designee requests assistance, feed horses IAW stall card or feed room board	100%	If COR or designee requested assistance, horses are fed IAW stall card or feed room board	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.

4	5.2.2	After horse has consumed feed, safely halter and lead horse from the stall	100%	After the horse consumed its feed, the horse was safely haltered and led from the stall	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
5	5.2.3	Check horses for injuries and signs of illness. Any injuries or illness shall be immediately reported	100%	Horses were checked for injuries and signs of illness. Injuries and/or illnesses were immediately reported	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
6	5.2.4	Secure the horse in cross ties or release into the paddock or turnout area.	100%	Horses were secured in cross ties or released into the paddock or turnout area.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
7	5.2.5	Prior to returning the horse to the stall or releasing it into the paddock, each horse's hoofs will be picked	100%	Horse's hoofs were picked.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could

						affect future contract awards.
8	5.3.1.1	Utilizing wheelbarrows, pitch forks, brooms, shovels, or other appropriate tools, the contractor shall clean each stall occupied by a horse.	100%	Each stall occupied by a horse is cleaned.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
9	5.3.1.2	Check automatic waterer an/or water bucket for cleanliness. Clean if necessary. Test waterer to ensure it is in working condition. Fill water bucket if necessary.	100%	Automatic waterer and/or water bucket is clean from algae, mold, and foreign debris. Water bucket is at least $\frac{3}{4}$ full.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
10	5.3.1.3	Check feed bucket for cleanliness and consumption of feed. Clean if necessary. Report to USPP staff immediately if the horse has not consumed at least $\frac{3}{4}$ of its feed.	100%	Feed buckets were cleaned and free from algae, mold, or foreign debris. Contractor reported to USPP staff about any horse that had not consumed at least $\frac{3}{4}$ of its feed.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
11	5.3.1.4	Check stall for damage and sites that pose	100%	Stalls were checked for damage and	100% Surveillance	Trends of less than acceptable performance could

		a potential threat of injury to the horse. Report damage and potential injury sites to USPP staff prior to returning the horse to its stall.		there are no sites that pose a potential threat of injury to the horse. Any damage or potential injury sites were reported to USPP staff prior to returning the horse to its stall.		result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
12	5.3.1.5	Remove all manure, soiled and/or water saturated bedding and soiled hay from the stall. If the stall is equipped with rubber mats, the contractor shall ensure that there is no manure, bedding or other debris lodged under the mats and that the mats lay flat.	100%	All manure, soiled and/or water saturated bedding and soiled hay was removed from the stall. If the stall was equipped with rubber mats, the contractor removed all manure, bedding, and other debris from under the mat, and the mat lays flat.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
13	5.3.1.6	Dump soiled bedding/hay and manure in the designated manure collection area.	100%	Soiled bedding/hay and manure were dumped into the designated manure collection area.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could

						affect future contract awards.
14	5.3.1.7	Replace removed soiled bedding with an equal amount of Government provided clean/dry sawdust or wood shavings. The amount of sawdust or wood shavings bedding in the stall will be listed on the stall card or IAW directions provided by USPP staff.	100%	Soiled bedding is replaced with an equal amount of Government provided clean/dry sawdust or wood shavings. The amount of sawdust or wood shavings in the stall are IAW the stall card or from directions provided by USPP staff.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
15	5.3.1.8	Sweep sawdust away from stall entrance to prevent bedding from blocking door and spilling into the aisle.	100%	Sawdust is swept away from stall entrance and the bedding does not block the door or spills into the aisle.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
16	5.3.1.9	Maintain tools in a safe manner to prevent injury to USPP staff, contractors, and horses.	100%	Tools are maintained in a safe manner preventing injury to USPP staff, contractors, and horses.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of

						the Contractor could affect future contract awards.
17	5.3.1.10	Return horse to stall, remove halter and secure door.	100%	Horse is returned to its stall, halter is removed, and the door secured.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
18	5.4.1.1	Sweep aisle, clean up any manure and/or bedding and dispose in the manure dumpster or other designated area.	100%	Aisle is swept and cleaned up of any manure and/or bedding and debris was disposed in the manure dumpster or other designated area.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
19	5.4.1.2	Pick manure from paddock areas and dispose of in designated manure dumpster. Remove any trash and report any hazards.	100%	Manure was picked from paddock areas and disposed of in manure dumpster. Trash was removed and any hazards were reported.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
20	5.4.1.3	Provide all horses with additional hay or soaked	100%	All horses were provided with additional hay or soaked	100% Surveillance	Trends of less than acceptable performance could result in reductions

		alfalfa as designated on their stall card (as needed) after stalls are cleaned.		alfalfa as designated on their stall cards after the stalls were cleaned.		in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
21	5.4.1.4	Check, clean, and fill outdoor waterers. There should be no algae, mold, or foreign matter in the outdoor waterer. Provide hay or soaked alfalfa as designated on their stall card to horses remaining in turnout.	100%	All outdoor waterers were checked, cleaned, and filled. There is no algae, mold, or foreign matter in the outdoor waterer. Hay or soaked alfalfa as designated on their stall card was provided to horses remaining in turnout.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
22	5.4.1.5	Fill feed bins with 50-pound bags of feed when feed bins are empty.	100%	When feed bins were empty, the contractor filled the bins with 50-pound bags of feed.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
23	5.4.1.6	Store all tools in the designated storage area(s).	100%	All tools are stored in the designated storage area(s).	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the

						Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
24	5.5.1.1	During the first week of every month, the contractor shall remove cobwebs and dust the barn area, which includes the stalls, exterior walls of all stalls, aisles, all aisle walls, and posts (up to 8 feet high).	100%	All cobwebs are removed and the barn area is dusted, which included the stalls, exterior walls of all stalls, aisles, all aisle walls, and posts (up to 8 feet high).	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
25	5.5.1.2	During the first week of every month, the contractor shall remove cobwebs and dust the tool room, feed room, tack rooms, and storage areas.	100%	All cobwebs are removed and the tool room, feed room, tack rooms, and storage areas are dusted.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
26	5.6.1.1	Ensure all horses are removed from the stalls and safely released in the paddock area before the cleaning and disinfecting begins.	100%	Ensured all horses were removed from the stalls and safely released in the paddock area before the cleaning and	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could

				disinfecting began.		affect future contract awards.
27	5.6.1.2	Remove all manure, soiled and/or water saturated bedding and soiled hay from the stall.	100%	Removed all manure, soiled and/or water saturated bedding and soiled hay from the stall.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
28	5.6.1.3	Dump soiled bedding/hay and manure in the designated manure collection area.	100%	Dumped soiled bedding/hay and manure in the designated manure collection area.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
29	5.6.1.4	Remove all stable fittings such as feed and water buckets, hay nets, and rubber mattings.	100%	Removed all stable fittings such as feed and water buckets, hay nets, and rubber mattings.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
30	5.6.1.5	Remove organic matter from the walls and floor.	100%	Removed organic matter from the walls and floor.	100% Surveillance	Trends of less than acceptable performance could result in reductions

		Spray the entire stall with water to remove dust, spider webs, and fine bits of hay or bedding. Spray the buckets, feeders, fittings, and all other stall equipment and tools with water to remove organic matter.		Sprayed the entire stall with water to remove dust, spider webs, and fine bits of hay or bedding. Sprayed the buckets, feeders, fittings, and all other stall equipment and tools with water to remove organic matter.		in payments at the discretion of the Contracting Officer. Additionally, a negative review of the Contractor could affect future contract awards.
31	5.6.1.6	Scrub all surfaces of the stalls, walls, floor, buckets, feeders, fittings, and all other stall equipment and tools with water and detergent, and rinse thoroughly. The contractor must use a detergent approved for use with horses and follow all the manufacturer's instructions.	100%	Scrubbed all surfaces of the stalls, walls, floor, buckets, feeders, fittings, and all other stall equipment and tools with water and detergent, and rinses thoroughly. The contractor used a detergent approved for use with horses and followed all the manufacturer's instructions.	100% Surveillance	Trends of less than acceptable performance could result in reductions in payments at the discretion of the Contracting Officer. Option to Extend Services	1 August 2031 - 31 January 2032

G - Contract Administration Data

DOI ELECTRONIC INVOICING Electronic Invoicing and Payment Requirements - Invoice Processing Platform (IPP) (February 2021)

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Invoice Processing Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions - Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

Under this contract, the following documents are required to be submitted as an attachment to the IPP invoice:

Invoice to be on company letterhead with stated contract number.

The Contractor must use the IPP website to register access and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in SAM) will receive enrollment instructions via email from the Federal Reserve Bank of St. Louis (FRBSTL) within 3 - 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email IPPCustomerSupport@fiscal.treasury.gov or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the Contracting Officer with its proposal or quotation.

99841 - Vending Machine Repairer	34.29
99842 - Vending Machine Repairer Helper	28.92

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order 13658 generally applies to contracts subject to the Service Contract Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least \$13.30 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2025. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$5.55 per hour, up to 40 hours per week, or \$222.00 per week or \$962.00 per month

HEALTH & WELFARE EO 13706: \$5.09 per hour, up to 40 hours per week, or \$203.60 per week, or \$882.27 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, 4 weeks after 10 years, and 5 weeks after 20 years.

Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of twelve paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage

determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employee (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of ""wash and wear"" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees

performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

"

I - Contract Clauses

PROVISIONS

52.203-11	Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions	SEP 2024
52.203-12	Limitation on Payments to Influence Certain Federal Transactions	JUN 2020
52.203-18	Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements—Representation	JAN 2017
52.204-7	System for Award Management—Registration	Deviation March 2026
52.209-2	Prohibition on Contracting with Inverted Domestic Corporations—Representation	NOV 2015
52.209-5	Certification Regarding Responsibility Matters	AUG 2020
52.209-11	Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law	FEB 2016
52.212-1	Instructions to Offerors—Commercial Products and Commercial Services	Deviation March 2026
(a)	Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include— (1) The solicitation number; (2) The name, address, telephone number of the Offeror; (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator; (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation; (5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and (6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments. (7) Pricing is to be provided on Exhibit A - Pricing as provided with the solicitation. This document fulfills the requirements of items (a)(1) - (4) with the exception of any technical evaluation factors. Offers which do not include a completed Exhibit A - Pricing shall not be considered for award. (8) IAW CAAC Letter 2025-02, Supplement 1 deviation for the Department of the Interior to implement Executive Orders 14148 and 14208 and DOI-AAAP-0210, note: "System updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in agency solicitations, including 52.223-22, Public Disclosure of Greenhouse Gas Emissions and Reduction Goals—Representation, and paragraph (t) of 52.212-3, Offeror Representations and Certifications—Commercial Products and Commercial Services. Agencies will not consider or use these representations. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM." (9) Quotes shall be returned electronically to michelle_shoshone@ios.doi.gov. No other format will be accepted and mailed offers will be returned to sender.	
(b)	Period of acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.	
(c)	Late submissions, modifications, revisions, and withdrawals of offers. (1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation. (2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted. (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume. (4) Offerors may withdraw their offers by written notice to the Government received at any time before award.	
(d)	Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.	
(e)	Debriefings. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable: (1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer. (2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror. (3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection. (4) A summary of the rationale for award. (5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror. (6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities. (End of provision)	
52.212-2	Evaluation—Commercial Products and Commercial Services	Deviation March 2026
(a)	Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers: Basis for Award begins on next page.	

OFFER SUBMISSION REQUIREMENTS AND BASIS OF AWARD

1.0 OVERVIEW

1.1. Interested firms or joint venture entities (here after referred to as Offerors) must submit quotes demonstrating their capability to successfully execute the work as outlined in the PWS in accordance with the criteria described herein.

1.2. The anticipated award is a Firm Fixed Price contract for stall maintenance services. The Government will evaluate offers in accordance with the criteria described herein, and award a firm fixed price contract to the responsible offeror whose offer is determined by the source selection authority to conform to the solicitation and is fair and reasonable.

2.0 BASIS FOR AWARD

2.1 The Contracting Officer intends to award a Firm Fixed Price Purchase Order to the responsible Offeror whose quote is determined by the source selection authority to conform to the solicitation, is fair and reasonable, and offers the best overall value to the Government. IAW RFO FAR 12.203 evaluation factors need not be more detailed than technical (capability of the products or services offered to meet the agency's needs), price, and past performance.

3.0 GENERAL INSTRUCTIONS

3.1 The Government intends to award without interchanges, however contracting officers are not required to have evaluation plans, score quotations, or establish a competitive range before communicating with quoters or soliciting revised quotations. Offerors are cautioned to put forth their best efforts, and to furnish all information clearly to allow the Government to evaluate offers. Offerors should not assume that they will have an opportunity to clarify or correct anything in their offer after submitting it.

3.2. The Government will not make assumptions concerning intent, capabilities, or experience. Clear identification of offer details shall be the sole responsibility of the offeror. The Government may reject incomplete offers immediately upon receipt without further evaluation. To be considered for award, offers must meet the requirements identified in the solicitation.

4.0 EVALUATION FACTORS

Factor 1: Experience recognizing signs of illness in a stall environment

Factor 2: Contract management experience

Factor 3: Past Performance

Factor 4: Price

5.0 SUBMISSION REQUIREMENTS

5.1 Factor 1: Experience recognizing signs of illness in a stall environment

5.1.1 The offeror shall submit a narrative which describes how stall maintenance will be performed in support of the work required for this contract. The narrative shall be no longer than one page in length.

5.1.2 If an offeror submits a narrative which is longer than one page, only the first page of the narrative will be reviewed and evaluated.

5.1.3 Offerors who submit narrative information of a parent, sister, or other affiliated company must describe what involvement such company will have on the acquisition. The offeror shall provide no longer than a one-page narrative that clearly and specifically indicates what resources of the parent, sister or other affiliated company – its workforce, management facilities, or other resources – will be provided or relied upon for contract performance. The Government may discount the experience of a parent, sister or affiliated company unless the Mentor clearly provides evidence of a binding teaming agreement or other contractual agreement which creates legal responsibility on the part of the parent, sister or other affiliated company including the following:

- (a) A statement of commitment as to the performance and utilization of the identified entity's resources on the project.
- (b) Signatures of both the Offeror and the Affiliated Company.

5.2 Factor 2: Contract management experience

5.2.1 The offeror shall submit a information that best demonstrates the offerors experience with contract management. The description of contract management experience shall be no longer than two (2) pages in length, with offerors specifically addressing the following:

- (a) Invoice procedures
- (b) Experience applying Federal Wage Determinations
- (c) Work log tracking procedures

5.2.2 Offerors who submit narrative information of a parent, sister, or other affiliated company must describe what involvement such company will have on the acquisition. The offeror shall provide no longer than a one-page narrative that clearly and specifically indicates what resources of the parent, sister or other affiliated company – its workforce, management facilities, or other resources – will be provided or relied upon for contract performance. The Government may discount the experience of a parent, sister or affiliated company unless the Mentor clearly provides evidence of a binding teaming agreement or other contractual agreement which creates legal responsibility on the part of the parent, sister or other affiliated company including the following:

- (a) A statement of commitment as to the performance and utilization of the identified entity's resources on the project.
- (b) Signatures of both the Offeror and the Affiliated Company.

5.3 Factor 3: Past Performance

5.3.1 Past performance submission is not required.

5.4 Factor 4: Price

5.4.1 The offeror shall submit a properly completed pricing schedule on the attached Exhibit A – Pricing. For unit price items, ensure the number of units multiplied by the unit price equals the extended price exactly. The offeror's price shall contain all costs to complete the work to include profit, all overhead, labor burden, insurance, adjustments to listed prices, general and administrative expenses, Sub-Contractor mark-up, and all other costs such as shipping if not explicitly separated.

5.4.2 Supplemental Price Breakdown. *If deemed necessary* to evaluate the price schedule, the Government will request a price breakdown of the Contract Line items in Excel format. The Government will provide details on where and how to send the breakdown. This information will not be needed sooner than three (3) working days after the offer submission due date. This information may be required for the initial offer and, if requested, for any revised offers. This information is not an opportunity for an offeror to revise its non-price or price offer.

5.4.3 Price will be determined by the total evaluated price presented in the Price Schedule, will not be rated or scored, but will be evaluated for fairness and reasonableness using a price analysis. The price evaluators will also check for appearance of unbalanced line item prices. Offerors are cautioned to distribute direct costs, such as material, labor, equipment, subcontracts, etc. and to evenly distribute indirect costs, such as job overhead, home office overhead, etc., to the appropriate contract line items. If deemed necessary, the supplemental price breakdown information will be requested and used to assist the Government in performing the price evaluations described above.

6.0 EVALUATION CRITERIA

6.1 Factor 1: Experience recognizing signs of illness in a stall environment

6.1.1 The Government will evaluate the offeror's narrative which describes how stall maintenance will be performed in support of the work required for this contract. The Government may place greater importance on projects performed as a prime contractor than as a subcontractor, depending upon overall role and relevancy considerations. Federal Government project experience will not be evaluated inherently more important than non-Federal Government project experience.

6.1.2 The offeror must submit the requested narrative which describes how stall maintenance will be performed in support of the work required for this contract. The narratives should describe the process that will be used when performing the tasks of this contract. Narratives which simply copy the tasks contained within the PWS will not be accepted. Joint Venture partners, if applicable, shall each demonstrate experience commensurate with their role on this project.

6.1.3 Offerors who submit narrative information of a parent, sister, or other affiliated company must describe what involvement such company will have on the acquisition. The offeror shall provide no longer than a one-page narrative that clearly and specifically indicates what resources of the parent, sister or other affiliated company – its workforce, management facilities, or other resources – will be provided or relied upon for contract performance. The Government may discount the experience of a parent, sister or affiliated company unless the Mentor clearly provides evidence of a binding teaming agreement or other contractual agreement which creates legal responsibility on the part of the parent, sister or other affiliated company including the following:

- (a) A statement of commitment as to the performance and utilization of the identified entity's resources on the project.
- (b) Signatures of both the Offeror and the Affiliated Company.

6.2 Factor 2: Contract management experience

6.2.1 The Government will evaluate the offeror's experience with contract management. The Government may place greater importance on projects performed as a prime contractor than as a subcontractor, depending upon overall role and relevancy considerations. Federal Government project experience will not be evaluated inherently more important than non-Federal Government project experience.

6.2.2 The Offeror must submit the requested information to demonstrate experience with contract management. Experience includes demonstrating specific examples of how invoicing procedures will be established and followed, demonstrated experience of the proper application of Federal Wage Determinations and demonstrated experience of how work logs will be developed and the associated work tracked. Joint Venture partners, if applicable, shall each demonstrate experience to commensurate with their role on this project.

6.2.3 Offerors who submit experience information of a parent, sister, or other affiliated company must describe what involvement such company will have on the acquisition. The offeror shall provide no longer than a three-page narrative that clearly and specifically indicates what resources of the parent, sister or other affiliated company – its workforce, management, facilities, or other resources – will be provided or relied upon for contract performance. The Government may discount the experience of a parent, sister or other affiliated company unless the Mentor clearly provides evidence of a binding teaming agreement or other contractual agreement which creates legal responsibility on the part of the parent, sister or other affiliated company including the following:

- (a) A statement of commitment as to the performance and utilization of the identified entity's resources on the project.
- (b) Signatures of both the Offeror and the Affiliated Company.

6.3 Factor 3: Past Performance

6.3.1 The Government will evaluate past performance by considering past performance information from a wide variety of sources both inside and outside the Government. This may include reviewing performance information reported to the Contractor Performance Assessment Reporting System, as well as other sources of information. This may include commercial market experience and experience as a subcontractor.

6.3.2 Price will not be rated or scored, but will be evaluated for fairness and reasonableness through the use of price analysis and comparison to the prices of other offerors and the independent Government estimate. The price evaluators will also check for appearance of unbalanced line item prices. Offerors are cautioned to distribute direct costs, such as material, labor, equipment, subcontracts, etc, and to evenly distribute indirect costs, such as overhead, etc. to the appropriate contract line items.

6.3.3 If deemed necessary, the supplemental price breakdown information will be used to assist the Government in performing the price evaluations described above.

6.3.4 Quantities in the price schedule are estimates for evaluation purposes only and do not create additional obligations. The rates will be binding for all orders.

7.0 EVALUATION PROCEDURES

7.1 Quotations and offers will be evaluated in an efficient and minimally burdensome fashion.

7.2 Quotations and offers will be evaluated by determining how well the offered product and upfitting meets the agency's requirements as outlined in the SOW/Salient Characteristics and pricing fairness and reasonableness.

7.3 The Government intends to award without interchanges, however contracting officers are not required to have evaluation plans, score quotations, or establish a competitive range before communicating with quoters or soliciting revised quotations. Offerors are cautioned to put forth their best efforts, and to furnish all information clearly to allow the Government to evaluate offers. Offerors should not assume that they will have an opportunity to clarify or correct anything in their offer after submitting it.

8.0 DEFINITIONS

Acceptable: An offer that meets all terms, conditions, and specifications of the solicitation.

Deficiency / Non-Conformance: A material failure of an offer to meet a Government requirement (including terms, conditions, and specifications). A deficiency makes the offer unawardable.

Deviation: Offer implies or specifically proposes a change to the solicitation terms that reduces the offeror's obligation or the Government's rights. A deviation is considered a deficiency. The offer must conform to the solicitation requirements for award.

9.0 EVALUATION RATING SYSTEM

9.1 The Government will evaluate quotes and offers by determining the quality of offers and rate each evaluation factor against the specified evaluation criteria in the solicitation requirements. After all offers are rated, the Government will compare the ratings and relative advantages and disadvantages of offers in order to determine which offeror provides the best value to the Government.

9.2 Review Write-up: The Government will support each rating with a narrative, separately listing all strengths or advantages, weaknesses or disadvantages, deficiencies, and required clarifications.

9.3 Rating System: After listing offer strengths, weaknesses and deficiencies, the Government will assign an adjective rating of “Outstanding,” “Good,” “Acceptable,” “Marginal,” or “Unacceptable” to each factor (except the Past Performance Factor), which reflect the Government's confidence in each offeror's ability, as demonstrated in its offer, to perform the requirements stated in the solicitation. The adjectival ratings shall be assigned using the following criteria, which incorporate an offer risk assessment:

Adjectival Rating	Description
Outstanding	Proposal meets requirements and indicates an exceptional approach and understanding of the requirements. Strengths far outweigh any weaknesses. Risk of unsuccessful performance is very low.
Good	Proposal meets requirements and indicates a thorough approach and understanding of the requirements. Proposal contains strengths which outweigh any weaknesses. Risk of unsuccessful performance is low.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements. Strengths and weaknesses are offsetting or will have little or no impact on contract performance. Risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal does not clearly meet requirements and has not demonstrated an adequate approach and understanding of the requirements. The proposal has one or more weaknesses which are not offset by strengths. Risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements and contains one or more deficiencies. Proposal is unawardable.

(b)	The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).	
(c)	<i>Notice of award.</i> A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.	
52.216-1	Type of Contract	APR 1984
The Government contemplates award of a Firm Fixed Price contract resulting from this solicitation. (End of provision)		
52.217-5	Evaluation of Options	JUL 1990
Except when it is determined in accordance with FAR 17.202(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s). (End of provision)

52.217-8	Option to Extend Services	NOV 1999
The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 1 Day. (End of Clause)		
52.217-9	Option to Extend the Term of the Contract	MAR 2000
(a) The Government may extend the term of this contract by written notice to the Contractor within 1 day; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension. (b) If the Government exercises this option, the extended contract shall be considered to include this option clause. (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years. (End of Clause)

52.222-55	Minimum Wages for Contractor Workers Under Executive Order 14026	Deviation October 2023				
(a)	Definitions. As used in this clause- United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, et seq.). Worker- Means any person engaged in performing work on, or in connection with, a (1)(i) contract covered by Executive Order 14026, and- Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the Service Contract Labor Standards statute (41 U.S.C. chapter 67), (A) or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV); Other than individuals employed in a bona fide executive, administrative, or (B) professional capacity, as those terms are defined in 29 CFR part 541; and Regardless of the contractual relationship alleged to exist between the (C) individual and the employer. Includes workers performing on, or in connection with, the contract whose wages (1)(ii) are calculated pursuant to special certificates issued under 29 U.S.C. 214(c). Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or (1)(iii) with a State Apprenticeship Agency recognized by the Office of Apprenticeship. A worker performs on a contract if the worker directly performs the specific (2)(i) services called for by the contract; and A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the (2)(ii) contract.					
(b)	Executive Order Minimum wage rate. The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of \$15.00 per (1) hour beginning January 30, 2022. (2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on https://www.sam.gov (or any successor website), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.					

- (3)(i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs {including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.
- (3)(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment.
- (3)(iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3){i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.
- (4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.
- (5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.
- (6) The Contractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.
- (7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.
- (8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.
- (9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.
- (10) The Contractor shall follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

(c)

This clause applies to workers as defined in paragraph (a). As provided in that

- (1) definition-
Workers are covered regardless of the contractual relationship alleged to exist
- (1)(i) between the contractor or subcontractor and the worker;
Workers with disabilities whose wages are calculated pursuant to special
- (1)(ii) certificates issued under 29 U.S.C. 214(c) are covered; and
Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of
- (1)(iii) Apprenticeship, are covered.
- (2) This clause does not apply to-
- (2)(i) Contracts or subcontracts to which the States of Texas, Louisiana, or Mississippi, including their agencies, are a party;
- (2)(ii) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;
- (2)(iii) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts; Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to-
Learners, apprentices, or messengers whose wages are calculated pursuant
- (A) to special certificates issued under 29 U.S.C. 214(a);
Students whose wages are calculated pursuant to special certificates issued
- (B) under 29 U.S.C. 214(b); and
Those employed in a bona fide executive, administrative, or professional
- (C) capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

- (d) Notice. The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.
- (e) Payroll Records.
- (1) The Contractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker:
 - (1)(i) Name, address, and social security number;
 - (1)(ii) The worker's occupation(s) or classification(s);
 - (1)(iii) The rate or rates of wages paid;
 - (1)(iv) The number of daily and weekly hours worked by each worker;
 - (1)(v) Any deductions made; and
 - (1)(vi) Total wages paid.

The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The
 - (2) Contractor shall also make such records available upon request of the Contracting Officer. The Contractor shall make a copy of the contract available, as applicable,
 - (3) for inspection or transcription by authorized representatives of the Administrator. Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action,
 - (4) payment shall be withheld until such time as the noncompliance is corrected. Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other
 - (5) applicable law.
- (f) Access. The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.
- (g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.
- (h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 23. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.
- (i) Antiretaliation. The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.
- (j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.
- (k) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

Contractor Performance Assessment Reporting System (December 2015)

- 1) [FAR 42.1502](#) directs all Federal agencies to collect past performance information on contracts. The Department of the Interior (DOI) has implemented the Contractor Performance Assessment Reporting System (CPARS) to comply with this regulation. One or more past performance evaluations will be conducted in order to record your contract performance as required by [FAR 42.15](#).
- 2) The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report. Once the report is processed, it is available in CPARS for Government use in evaluating past performance as part of a source selection action.
- 3) We request that you furnish the Contracting Officer (CO) with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than **30 days after award**. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether or not the Contractor agrees with the evaluation, before returning the report to the Assessing Official (AO). Information in the report must be protected as source selection sensitive information not releasable to the public.
- 4) When your Contractor Representative(s) are registered in CPARS, they will receive an automatically generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at <https://www.cpars.gov/>.
- 5) Within 60 days after the end of a performance period, the AO will complete an interim or final past performance evaluation, and the report will be accessible at <https://www.cpars.gov/>.
 - a) Contractor Representatives may then provide comments in response to the evaluation, or return the evaluation without comment.
 - b) Your comments should focus on objective facts in the AO's narrative and should provide your views on the causes and ramifications of the assessed performance.
 - c) All information provided should be reviewed for accuracy prior to submission.
 - d) If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in the space provided, and then selecting "Accept the Ratings and Close the Evaluation".
 - e) Your response is due within 60 calendar days after receipt of the CPAR. On day 15, the evaluation will become available in CPARS marked as "Pending" with or without comments and whether or not it has been closed.
 - f) If you do not sign and submit the CPAR within 60 days, it will automatically be returned to the Government and will be annotated: "The report was delivered/received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment."
- 6) The following guidelines apply concerning your use of the past performance evaluation:
 - a) Protect the evaluation as source selection information. After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and/or submit the form through CPARS, contact the CO for instructions.
 - b) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

c) Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

7) If you wish to discuss a past performance evaluation, you should request a meeting in writing to the CO no later than seven days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 60-day review period.

8) A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.
