(d) An Offeror that relies upon the experience or past performance of a CTA member must maintain that CTA throughout contract performance. The Government must approve any changes to CTAs.

IV. CONTRACTOR RESPONSIBILITY

- (a) FAR Subpart 9.1 requires that contracts be awarded only to responsible prospective Contractors.
- (b) To be determined responsible, a prospective Contractor must meet the standards in FAR 9.104 and any other standards set forth in the solicitation.
- (c) To be determined responsible, Offerors must provide a statement regarding previous experience completing comparable work as well as information about the business organization, financial resources, and equipment to be used in performing the contract, by completion of a Pre-Award Survey (see solicitation Attachment 04).
- (d) If the Offeror does not demonstrate sufficient resources in the completed Pre-Award Survey, acceptable evidence of "ability to obtain" the required adequate resources normally consists of a commitment or explicit arrangement that will be in existence at the time of contract award to rent, purchase or otherwise acquire the needed facilities, equipment, other resources, or personnel.
