Army Contract Writing System (ACWS) Transition Information for Offerors

a. The Army Contracting Enterprise (ACE) is in the process of deploying new solicitation and contract writing software to Army contracting offices worldwide. Known as the Army Contract Writing System (ACWS), this modern software suite will soon replace most existing Army contract writing systems, including the system used to create and release this Solicitation.

b. During this transition period, Offerors are hereby advised:

1. The Contracting Office may use any combination of contract writing systems to create and release documents related to this solicitation (e.g. solicitation amendments and awards, if any). Due to this:
 - i. This solicitation may contain different offer submission instructions than other solicitations released by the same Contracting Office (e.g. requiring offer submission via the PIEE Solicitation Module vs. e-mail). Offerors should review all offer submission instructions contained in the solicitation documents and direct any questions or concerns to the Contract Specialist or Contracting Officer.
 - ii. If the Contracting Office switches contract writing systems prior to award, documents you receive from the Contracting Officer or view on SAM.gov or other forums may appear noticeably different than the initial solicitation or previous solicitations or awards from the same Contracting Office. This is normal and expected.
 - iii. A change between contract writing systems may cause important information concerning solicitation response (amendments) or accepted terms (awards) to take on different formatting or appear in different parts of later documents issued. Offerors shall review all documents carefully to locate this important information and direct any questions or concerns to the Contract Specialist or Contracting Officer.
2. The Government does not intend to use the transition between contract writing systems to effect any changes to solicitation or award terms and conditions without accompanying document narratives explicitly stating such changes are deliberate and desired. While the Contract Specialist and Contracting Officer will take care to minimize or eliminate any inadvertent changes when adapting to the new contract writing software, you, as the Offeror, may still be the first to spot such errors. Therefore, Offerors shall:
 - i. Notify the Contracting Officer immediately if any observed changes, removals, or additions affect your award eligibility, violate or alter existing quote/proposal terms, or could affect Contract performance post-award.
 - ii. Take special care to ensure all fill-in Clauses are populated and remain populated across documents received from the Contracting Office throughout the Solicitation and Award process.

---------------------------	--	--

Name of Offeror or Contractor:

- iii. Contact the Contracting Officer listed on the first page of the solicitation or solicitation amendment for guidance if you notice or suspect any inadvertent change has occurred between document issuances.

- 3. If problems stemming from this transition affect award documents, the Contracting Officer will correct problems affecting award documents (if any) stemming from the transition, via bilateral modification, at no cost to the Contractor. Any such modification will reconcile the award with the latest version of this solicitation reflecting deliberate action by the Contracting Officer (e.g. the first issuance if no amendments, or the latest amendment with accompanying narratives), inclusive of any documented pre-award negotiations or accepted supplemental offer terms.

- 4. In the unlikely event a network disruption, contract writing system error, or financial system error threatens timely award of the requirement set forth in this solicitation, the Contracting Officer:

- i. May elect to use alternative mechanisms to obligate funds and allow work or deliveries to legally begin to the benefit of, and with legal protection for, both parties.

- ii. Will incorporate the latest version of this Solicitation into such mechanisms to serve as a framework for contract execution until any such system problems are resolved.

- iii. Will ensure any action taken does not conflict with the stated offer evaluation and award methodology of this requirement.

- iv. Will issue a complete, properly formatted award accurately reflecting this requirement and all applicable terms and conditions once systems return to normal.

*** END OF NARRATIVE A0002 ***

The Supply Chain Traceability Documentation referred to in clause CS8001 (DLA WRN) Contractor Retention of Supply Chain Traceability Documentation is required to be submitted at the time of offer submission by all offerors other than the manufacturer of the item. Failure to submit acceptable traceability will constitute an offer that does not meet the terms and conditions of the solicitation and therefore will not be eligible for award.

ALT I Evaluation Factors for First Article Test Requirement

(a) If the offeror submits a request for waiver of First Article Approval but fails to comply with the requirements of the provision entitled PROVISION FOR WAIVER, the requested waiver may not be granted. If the waiver is not granted, more favorable alternative offers of price or delivery, conditioned upon the granting of a waiver, will not be considered in the evaluation process

(b) DELIVERY:

(1) As specified in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL. In the event of a waiver, the Government will compute a delivery schedule for the first delivery order issued by excluding all lead times that would be included if first article approval were required. However, in no event shall such accelerated delivery schedule for the first delivery order be considered as an evaluation factor for award, even if such schedule would be more advantageous to the Government. (Note that delivery orders subsequent to the first order shall have delivery schedules as specified in individual orders, or as specified in Section B or F herein, regardless of whether First Article Approval applied initially. Note further that, absent a waiver, the Government expects to require First Article Approval only once during the course of this contract--in conjunction with the first delivery order to be issued hereunder. However, the Government reserves the right to require additional first article testing if the Contractor (i) changes or moves the production facility at which the contract item is manufactured, or (ii) submits a significant configuration change in the form of an Engineering Change Proposal (ECP/VECP) or a Request for Deviation or Request for Waiver (RFD/RFW), during or after performance on the first delivery order.)

(2) If an Offeror requests waiver of First Article Approval but takes exception to the resulting delivery schedule for the first delivery order as described above, the requested waiver will not be granted. In consequence, any award to that Offeror shall include all First Article Approval requirements, and the delivery schedule for the first delivery order shall include the appropriate first article lead times.

(c) PRICE EVALUATION FACTORS:

(1) As specified in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL, and subtract the price of the proposed First Article Test (at Section B, Item 0016) from the proposal of offerors who elect to seek such a waiver. In the event that the offeror requests and receives a waiver of First Article Approval requirements, the price for such testing, as identified by the Offeror in Section B, Item 0016, shall be deducted from the total price otherwise cited for the materiel herein solicited. The offer will then be evaluated for award at the resulting alternate price.

(2) If the offeror requests a waiver of First Article Approval requirements, but fails to separately identify the cost of First Article Testing in Section B, Item 0016 of this solicitation, the Government reserves the right to evaluate the offer based upon the price for all CLIN(s), including the First Article Testing (FAT) CLIN(s), and to require that offeror perform on the contract at such price whether or not the First Article requirement is waived, at no additional cost to the Government.

(3) If the offeror requests but is not granted a waiver of First Article Approval, evaluation for award will be based upon the full amount entered for all CLIN(s), including the First Article Testing (FAT) CLIN(s): the amount entered for item 0016 will not be deducted by the Government.

Contractor Responsibility and Eligibility for Award

- (a) The Government will award a contract to the offeror that:
- (1) submits the lowest evaluated offer if award is based on price only, or the offer that provides the best value to the Government if factors in addition to price are identified elsewhere in this solicitation, and
 - (2) submits a bid or proposal that meets all the material requirements of this solicitation, and
 - (3) meets all the responsibility criteria at FAR 9.104.
- (b) To make sure that the Offeror meets the responsibility criteria at FAR 9.104 we may:
- (1) arrange a visit to the Offeror's plant and perform a pre-award survey;
 - (2) ask the Offeror to provide financial, technical, production, or managerial background information.
- (c) If the Offeror does not provide the Government with the requested data within 7 days from the date of request, or if facility visit is refused, the Government may determine the Offeror non-responsible.
- (d) If the Government visits the facility, please make certain that current certified financial statements and other data relevant to the bid or proposal is available for review.

Method of Price Evaluation

- (a) The unit price for each year will be multiplied by the estimated annual requirement for the corresponding year, and the results for each year added together to produce the evaluated price for the total maximum quantity. Based on this method of evaluation, award will be made to the responsible Offeror whose offer represents the lowest evaluated price, or, if applicable, represents the best value to the Government as outlined elsewhere in this solicitation.
- (b) If this solicitation contains quantities to be shipped FOB Origin, transportation costs will be evaluated as specified elsewhere in this Section, and award will be made to the responsible Offeror whose offer represents the lowest evaluated price including transportation costs, or, if applicable, represents the best value to the Government as outlined elsewhere in this solicitation.
