

SOURCES SOUGHT

This is a SOURCES SOUGHT NOTICE, NOT A SOLICITATION OR OFFER TO PURCHASE. The U.S. Geological Survey is conducting a MARKET SURVEY for Small Businesses set-asides to determine the interest and capability of any small business firm eligible to compete under NAICS Code 541210 with a Small Business Size Standard \$47M gross receipts, averaged over preceding 3 years. The size of a small business firm includes all parents, subsidiaries, affiliates, etc., see 13 CFR 121.103 and 13 CFR 121.108 all firms should be certified in System for Award Management (SAM) <https://www.sam.gov> for an upcoming requirement for Petrophysical Software Maintenance.

THIS IS NOT A SOLICITATION. ALL COST ASSOCIATED WITH PROVIDING INFORMATION AS REQUESTED BY THIS SOURCES SOUGHT NOTICE SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR. SUBMISSION IS VOLUNTARY.

Project Description:

The United States Geological Survey (USGS), Energy Resources Program located in Denver, Colorado has a requirement to do laboratory testing for samples as follows but not limited to:

1. The contractor shall furnish the software and other contractor support services required for the installation and support of software supplied under this contract as specified. Such software and other contractor support services shall be supplied in accordance with the terms and conditions herein and the specifications set forth below.
2. Based on specifications herein the contractor shall furnish petrophysical software for use on a 64-bit Microsoft Windows 10 workstation.
3. The contractor shall also furnish documentation for all delivered software, software support, and updates service for all delivered software and training.
4. Unless specified otherwise, all specifications, items, and deliverables mentioned in this RFQ are mandatory to the delivery of a complete system.

A statement of work will be provided with any solicitation that may be issued.

In response to this announcement, please indicate your firm's socioeconomic status (e.g. small business, service-disabled veteran-owned, women owned, HUBZone, etc.) This information will assist the Government in determining how small businesses can fit into the acquisition strategy.

Interested small business firms shall submit (1) NAME, ADDRESS, and PHONE NUMBER OF THE FIRM; (2) a CAPABILITY STATEMENT including (a) RECENT (within the last three fiscal years) RELEVANT (similar projects to this requirement) performance history (identify the name of the owner and their point(s) of contact with telephone and fax numbers, e-mail addresses; and (b) in what capacity (e.g., prime, subcontractor etc.) they performed the work; and (3) their SIZE STATUS.

Your company must have a SAM Unique Entity Identifier (UEI) number and have an active registration on SAM.gov. You will also be required to provide your small business status information via the On-line Representations and Certifications also located at the SAM.gov website before an award to your company can be made. Your on-line registration will cover any/all of your offers to the Federal Government and only needs updated annually.

All responses must be submitted NLT May 6, 2026, at Noon MST via e-mail to:
jennifer_rollin@ios.doi.gov@usgs.gov.

This is NOT a Request for Proposal (RFP) or Invitation for Bid (IFB) and does not constitute any commitment by the Government. Responses to this sources sought notice will be used by the Government to make appropriate acquisition decisions. All interested sources must respond to future solicitation announcements separately from responses to this market survey. If sufficient interest and capability is not received from firms in Small Business set aside category, any solicitation may be issued as unrestricted without further consideration. Any solicitation that may be issued will be posted on the Federal Business Opportunities website and no paper copies will be provided.
